LeBas Given Life In Stomping Death Of Gun Collector

Attorney For Alleged Crime Partner Gives Bizarre Report

Claude (Frenchy) LeBas, who kicked and beat an elderly San Rafael man to death, saved his own life yesterday, despite a bizarre last minute contention by his alleged crime partner that he is insane.

Marin Superior Court Judge Harold J. Haley accepted the 21-year-old Marine's conditional plea of guilty to the Dec. 6 fatal stomping and beating of gun collector Wesley L. Marshall.

He sentenced him to prison for life, with a possibility of parole after seven years. LeBas received a concurrent sentence for the Dec. 11 armed robbery of Perry's Delicatessen in San Rafael. He pleaded guilty to that offense Monday.

The sentencing came over the objection of William B. Wolfson, attorney for Dennis Charles Novotny, 22, of San Rafael, one of two other men charged with murdering the 68-year-old man.

Wolfson asked Judge Haley to suspend the criminal proceedings against LeBas and determine if he is sane.

Wolfson said his belief that the young murderer is insane is based on claims by LeBas that he has committed three murders in his life and earned $275,000 through one of the killings.

Dist. Atty. Bruce B. Bales termed Wolfson's claims "without merit" and said they were made "for sham or purposes of publicity."

Wolfson said that, after killing Marshall, LeBas went to the Fairfax apartment of John Arceo, also charged with the murder.

BRAGGING REPORT

There, "he laughed and bragged about how he couldn't stop hitting the old man," the attorney said.

Police reports in Bales' possession confirm that LeBas has bragged of killing three people in his 21 years, Wolfson said.

"LeBas contends he has murdered one John Doe and, as a result of said murder, obtained $275,000, which he has hidden under the residence of one Pinky Davis, somewhere in Southern California," Wolfson said.

The attorney alleged that LeBas once gave a loaded .22-caliber revolver to a 3-year-old boy as a play toy.

LeBas once tried to kill a mail truck driver by firing a pistol at him, Wolfson claimed.

For his own sake, LeBas should be examined by psychiatrists, he said.

He also asked the examination for Novotny's sake, pointing out that LeBas is expected to return to Marin Superior Court as a prosecution witness in the murder trial of Novotny and Arceo.

SANITY QUESTION

Psychiatrists should "determine if the testimony of LeBas is credible or is a product of a diseased and disoriented mind," Wolfson said.

Bales said Wolfson's declaration was "replete with hearsay" and Judge Haley said he has "no doubt as to the present sanity of Mr. LeBas. This court has no cause to doubt it."

The court can decide later

LBJ Declares War On Users, Pushers Of LSD

WASHINGTON (UPI)— President Johnson today declared war on the pushers of drugs and the peddlers of LSD. He asked Congress to approve hiring more than 200 new federal narcotics agents.

The President, in a special anticrime message to Congress, unveiled plans to combine the Bureau of Narcotics and the Bureau of Drug Abuse Control into "a new and powerful Bureau of Narcotics and Dangerous Drugs."

He also called for an increase of more than 30 per cent in the number of federal narcotics agents. There are now about 650 agents in the two bureaus. Johnson warned "the pusher and the peddler that their criminal acts must stop."

As his message went to Congress, Johnson signed an executive order which he said would designate Atty. Gen. Ramsey Clark as "Mr. Big" of a coordinated federal campaign against crime.

The order, signed at a White House ceremony, gave Clark

Dead Pueblo Crewman Is Identified

COMBINED AP & UPI

WASHINGTON — The Defense Department disclosed today that one crewman of the Pueblo was killed and three wounded, one seriously, as students protested in Korea over Panmunjom talks to free the hijacked ship.

The Pentagon identified the dead crewman as Fireman Duane D. Hodges of Creswell, Ore.

It also said Fireman Apprentice Steven E. Woelk was "seriously injured" and Radioman 3.C. Charles H. Crandell and Marine Sgt. Robert J. Chicca were "slightly injured."

The Defense Department declined to disclose the home towns of the three injured men.

Previous Pentagon statements did not indicate whether the men hurt in the seizure were wounded or injured some other

U.S. SETBACK—Billy Kidd, America's hope for winning its first men's Alpine ski medal in Olympic history, crashed during a downhill practice today and sprained an ankle It is not known if he will be able to take part in tomorrow's downhill race at Grenoble, France. See sports.
(UPI Telephoto)

OLYMPIC ACTION

U.S. Hockey Team Is Setback Again

GRENOBLE, France (AP) — A swift-skating Swedish hockey team handed the United States its second loss in as many Olympic starts today, posting a 4-3 decision in a game that saw American Craig Falkman dislocate his right ankle.

The outcome provided a strong indication that the U.S. team would not do much, if any better than in the 1964 Winter Games when the Americans finished third behind Russia, Sweden, Czechoslovakia and Canada.

The U.S., which won the gold medal in 1960, lost to the Czechs 5-1 yesterday and must face the powerful Russians Friday after a day's rest. The team then gets another day off before taking on Canada Sunday. (Earlier story in sports section.)

Falkman hurt his ankle just five minutes after he sparked the Americans into a 2-1 lead. He tied the game with a goal at 3:14 of the second period and 14 seconds later got an assist on a goal by Len Lilyholm, an architect from St. Paul, Minn.

A veteran of the U.S. national team, Falkman was chasing an iced puck into the Swedish end of the rink when he slipped and crashed against the boards.

The 24-year-old salesman from Golden Valley, Minn., was carried off the ice on a stretcher and taken to La Tronche Hospital where X rays disclosed the injury.

Hit-Run Accident Uncorks A Flood On Bolinas Mesa

Homes were without water and 90,000 gallons of water were lost Monday when a hit-run driver knocked over a fire hydrant on the Bolinas Mesa, Marin Sheriff's deputies reported today.

The driver, whom sheriff's officers identified as Walter Scott Newhall, 25, of Wharf Road, Bolinas, was cited for killing a deer at night.

Deputies said they found Newhall's abandoned truck, spattered with blood, down the road from the hydrant. He admitted shooting a deer and leaving its carcass somewhere on the Mesa, they said.

Newhall also conceded that he knocked over the fire hydrant and left it gushing, but promised to make full restitution, officers said.

Deputies said the hdyrant spurted water unchecked until 7:30 Monday morning, almost completely draining the tanks. Several homes were without water, according to the Bolinas Community Public Utilities District.

The 90,000-gallon water loss would be the equivalent of about three days normal water use in the area, according to figures from the district.

Warning Issued On Radioactive Stolen Pellets

SAN FRANCISCO (UPI)—The search for a missing shipment of radioactive material stretched from California to Wisconsin today and physicians were told to be on the alert for patients with unusual skin burns.

The material, presumed stolen from a lead-lined cardboard container while being shipped by air from San Ramon (Contra Costa County) to Milwaukee, is potent enough to inflict unprotected persons with radium contamination.

The Public Health Service in Washington said the radium-beryllium was contained in eight stainless steel cylinders about one half inch in diameter and three-eighths of an inch high, flat at each end.

The shipment was transported on a truck and helicopter from San Ramon to San Francisco International Airport, then was flown to Milwaukee via Chicago on a United Airlines flight.

Jetliner Crash Kills 1, Hurts 8

VANCOUVER, B.C. (UPI)—A Boeing 707 jetliner leased to Canadian Pacific Airlines crashed into a small building at the edge of the runway at Vancouver Airport today and at least one person was killed and eight others injured.

There were 52 passengers and nine crewmembers aboard the craft.

The plane was coming in on instruments in heavy fog after a flight from Honolulu when it veered off the runway and crashed into the building.

Tanks, Flames Drive Berets Underground

SAIGON (UPI) — The first Communist tank attack of the war today overran a U.S. Army Special Forces camp near the North Vietnam border but pilots said the Green Berets were fighting on for survival in underground bunkers.

U.S. spokesmen said at least nine Soviet-built T34 tanks rumbled in from nearby Laos under cover of darkness and crashed through the Lang Vei camp's barbed wire defenses, with 800 North Vietnamese running alongside shooting flamethrowers.

TANK ATOP POST

The handful of Berets, their 300 to 400 mountain tribesmen "strikers" and 2,700 Laotian refugees—including 2,100 women and children—were hit by mortar and artillery. U.S. spokesmen said the Berets knocked out at least five of the 30-ton T34s and one of the burned out vehicles came to rest atop the camp's underground command post.

Seventeen hours after the tank invasion, Allied officials declared the camp overrun. But at Da Nang, UPI Correspondent Robert Kaylor said U.S. aerial observers reported Americans still inside the flattened camp and still fighting.

NEAR U.S. FORT

Lang Vei is almost six miles southwest of Khe Sanh, the U.S. Marine border fortress surrounded by up to 20,000 North Vietnamese poised to launch what American intelligence predicts will be the largest Communist offensive of the war.

U.S. planes and artillery tried to help the Berets. They dropped bombs and flaming napalm on the attackers and pounded them from artillery sites already busy holding back the Reds from the door of Khe Sanh. At the ringed Marine fort, commanders reported taking a heavy Communist bombardment during the day.

RADAR OUT

The Communist shells silenced for a time the Khe Sanh radar and its airstrip, both vital in protecting the areas. Lang Vei had been lost before.

In the cities of South Vietnam, Allied forces reported more success in cleaning up the 10-day-old Viet Cong invasion. U.S. spokesmen reported 900 guerrillas busy in Saigon, firing from nests in flaming Chinatown, operating quickie kangaroo courts to kill pro-government citizens and fleeing from

Joblessness At 15-Year Low

WASHINGTON (AP) — The nation's unemployment rate dropped to 3.5 per cent last month, the lowest level in almost 15 years, the Labor Department reported today.

Total employment at 73.3 million was at an all-time high for January and up 1.1 million from a year earlier, the Bureau of Labor Statistics said.

The drop in the jobless rate from 3.7 per cent of the civilian labor force in December was due largely to a greater than usual decline in the number of women seeking works, Commissioner Arthur M. Ross reported.

State Efficiency Panel Asks Cuts Of $685 Million

SACRAMENTO (AP) — Gov. Ronald Reagan's businessman task force proposed $685 million in economies for state, local and federal governments today—including a freeze on construction of new state colleges.

Plans to build colleges in Kern, San Mateo, Contra Costa and Ventura counties, along with expanding the new Dominguez Hills campus in Los Angeles, would be postponed for at least eight years under the recommendation.

The 250 men from private enterprise on the governor's Survey on Efficiency and Cost Control emerged from 10 months of work and gave Reagan a 145-page report of plans to cut down the size of government.

The recommendations would save: $233 million in long-range state operating expenses plus a $22 million one-time savings; $153 million by reducing or abandoning construction plans; $118 million by delaying new construction; $67 million for county and other local government and $92 million in federal funds.

The largest single savings — $100 million — would result from deferring the college construction until at least 1975.

COLLEGE BUILDINGS

"The state should stop building state colleges until present campuses cannot be expanded to accommodate projected enrollment," the report said.

One of the new colleges, Dominguez Hills, already is operating in temporary quarters with an enrollment of 490. The Kern County campus near Bakersfield is scheduled to open in 1969.

The task force also called for a slowdown in University of California construction. New university campuses have been proposed for the northern San Francisco Bay Area, the San Joaquin Valley and the Ventura County area. But unlike the contemplated state college campuses, the university campuses have not been authorized by the Legislature.

NATURAL LIMIT

The university, the survey team concluded, should "permit campuses to grow to their natural limit and concentrate on expanding rather than starting new campuses."

The task force also recommended that the governor has a Secretary of Education to participate in his cabinet and act as liaison between the state's educational boards.

It also recommended reducing the independence of the U.C. regents, the state college trustees and the superintendent of public instruction, who is currently Max Rafferty.

Every department of state government is singled out in the report one of the most detailed outside studies of California state government in history.

SMALL ONES

Some of the proposals are small ones. Coffee breaks, the task force said, are occupying too much of the state workers' time and "vending machines or coffee carts should be made available in the work areas."

Others are major — $20.1 million from the Employment Department, and an $89.3 million savings in medical aid to the poor. An $80 million cutback was proposed for the Department of Water Resources.

Members of the survey teams were donated by private busines-

MARK PHILIP DAVID
Resigns Novato post

Novato's Planner Relieved Of Duty

Novato's new planning director, Mark Philip David, was relieved of his duties, effective immediately, today by City Mgr. Julien Baget.

Baget's termination of David's services followed a one-hour closed session of the city council last night.

Mayor J. Wayne Womack called for the closed session toward the end of an adjourned meeting of the council, and refused to make a precise statement of the meeting's purpose beforehand or to state the board's action when it emerged from behind closed doors.

Today, Womack told the Independent-Journal that Baget had received the 42-year-old planner's resignation at 4 p.m. yesterday, to be effective March 31.

Womack said, "His resignation was for seven weeks away and that was too long to consider keeping him after his short period with the city."

David, who came to the Novato post from La Mesa three months ago, declined comment beyond the terms of his letter of resignation, in which he said:

"This action fills me with sadness, as I feel that . . . I have learned to know a great many helpful and friendly people, including the city council, planning commission, fellow city hall employees, developers and citizens. Under different circumstances, I know that my small professional contribution to the future of Novato could have grown with the city."

David did not define those "different circumstances," and Womack said only, "It is unfortunate that the city was not able to continue working with David and he with the city."

In a short note terminating David's work, Baget said that this action would be subject to council ratification.

Womack made it clear today that the council at is closed session had given Baget the authority and that ratification would be forthcoming.

There was no explanation to-

Diplomacy Drags Down U.S. Flag After Marine Victory

HUE, Vietnam (UPI)—They took the U. S. flag down from over Hue today.

The Marines who raised the Stars and Stripes over Thua Thien Province headquarters yesterday had to lower the flag and tuck it away and they are not very happy about it.

It seems that raising the U. S. flag over a South Vietnamese city is not a diplomatic thing to do. Capt. Ron Christmas' H Company felt it earned a special right, fighting down the street, through the building and yanking down the North Vietnam flag that flew from the pole.

Anyway, the U. S. flag came down. The Marines did not put up a flag in Old Glory's place.

"If we can't fly the American flag, we aren't putting anyone's flag on that pole," said a Marine officer. His face was dirty and he was weary. This was Day 10.

A week and three days ago Communist troops seized this naked old imperial capital and the Marines and South Vietnamese troops came to throw them out.

Lt. Col. Ernie Cheatham of Garden Grove, Calif., the local Marine commander, believes the worst is over. "When we took that province headquarters, we broke their back. That was the tough one."

After dawn, Cheatham's men captured a schoolhouse that once upon a time was attended by Ho Chi Minh, North Vietnam's president. Properly, the schoolhouse is pink.

PRIMARY CAMPAIGNS

Reagan Risk Eyed By Nixon, Romney

COMBINED AP & UPI

Strategists for Republican presidential aspirants George Romney and Richard Nixon were assessing the implications today of a new element in the Wisconsin primary picture—California Gov. Ronald Reagan.

Though Reagan remains a "noncandidate" for the White House, Wisconsin officials added his name to the ballot yesterday and Reagan said his intention to be California's favorite son candidate ruled out an attempt to have it removed, although he won't campaign.

ALL RAP JOHNSON

Romney, Nixon and Sen. Eugene McCarthy, Minnesota peace candidate for the Democratic presidential nomination, pushed ahead today in their campaigns after a day of belaboring President Johnson's foreign policy.

Romney predicted in Laconia, N.H., that the Vietnam War would break down U.S.-Soviet relations to the point of another confrontation.

McCarthy, campaigning at Concord, N.H., charged there was evidence Johnson's "recent callup of reserves was for Vietnam and not the Pueblo incident."

In Appleton, Wis., Nixon told voters the Johnson administration was failing to show leadership in dealing with global problems.

'NEW LEADERSHIP'

"Never before in history has this country been in more trouble in more places than it is now," he said. "When a fourth rate country can hijack an American vessel, then it's time for new leadership."

While the decision of Wisconsin officials to include Reagan on the ballot added new competition to the Republican primary race there, the elections panel by a 5-4 party-line vote, left off New York Sen. Robert F. Kennedy, an avowed noncandidate.

CITES THE WORD

Credibility was a major Romney theme as the Michigan governor rolled through New Hampshire yesterday.

"It's time the government of the United States told the truth," he said in Laconia.

Then he reminded the local Lions Club of the word he doesn't utter:

"Everybody's using every word they can think of to indicate we're not being told the truth, except the word I finally used."

Romney said he used the term (brainwashing) after trying every other description available. "Nobody paid any attention," he said, "So I used one that went around the world. And I'm glad I used it."

Romney said, "I think events have proven me so right that it's about time for some other people to stand up and tell the truth about what's going on in Vietnam."

TAKES TO ICE

At Concord, N.H., Minnesotan McCarthy borrowed an ice hockey uniform and got into a game, after his dinner speech in which he criticized the New Hampshire regular Democratic organization's tactics in sponsoring a Johnson write-in campaign against McCarthy — the only Democratic nomination-seeker on the primary ballot. He also charged the Pueblo incident was used as an excuse for further buildups in Vietnam.

Nixon heads westward today after ending his first campaign swing through Wisconsin where he consistently drew overflow crowds and enthusiastic reaction to his arguments, all of which led him to say, grinning, "we're doing very well here."

He said he is campaigning against President Johnson, not Romney. "I've never campaigned against another Republican and I'm not going to start now."

Last night in Appleton, he criticized the administration's policies on several counts, particularly the war in Vietnam.

Misuse Of Drug Told Probers

WASHINGTON (UPI)—A medical expert reports that the antibiotic chloramphenicol is being prescribed for common colds, despite warnings that it could cause a fatal blood disease.

Dr. William R. Best of Hines, Ill., who helped make a five-year study of the drug for the American Medical Association, told the Senate small business subcommittee yesterday that 30 per cent of the cases in which chloramphenicol was prescribed were "relatively trivial" illnesses.

The drug's manufacturer, Parke, Davis Co., has warned in U. S. advertisements that chloramphenicol should be used only for "serious infections" since fatal blood diseases such as aplastic anemia can result in race cases.

The moon appears cold and lifeless, but evidence collected in 1967 by the Surveyor V spacecraft indicates that the earth's satellite was warm in the past.

WIRE NEWS BRIEFS From Everywhere

Royal Event

MADRID (UPI) — Queen Mother Victoria Eugenia, 81, today headed the royal family members coming to Spain for tomorrow's baptism of Prince Felipe de Borbon, son of Prince Juan Carlos and Princess Sofia of Greece. Victoria Eugenia, mother of a pretender to the throne, has not set foot in Spain for 36 years.

No Worry

CAPE TOWN, South Africa (UPI)—Philip Blaiberg, the world's only remaining heart transplant patient, is in "completely satisfactory" condition and is causing his doctors no worry, a Groote Schuur Hospital report said today.

Women Lead

LONDON (UPI)—In this leap year of 1968, women are outbuying men 7 to 3 in the Valentine card department, the Greeting Card and Calendar Association said today.

Closes School

ALGIERS (UPI) — The government today closed the University of Algiers because of student demonstrations that erupted into a rock-throwing fight with police. The students have been protesting all week government efforts to enroll them in a state-run student union and more than 200 students were arrested today.

Peace Signs

JERUSALEM (UPI)—Israeli Defense Minister Moshe Dayan said last night there would be no Arab-Israeli war in 1968 because the Arabs are too weak. He said the key to further belligerency was the Soviet Union and its support of the Arabs but the key to a negotiated settlement was the United States.

In loss of life, the Jan. 24, 1556 earthquake in Shensi, China, is considered the worst in the world. An estimated 850,000 persons were killed.

Soviets Subs Held Taking On Warheads

WASHINGTON (AP) — The Soviets are reportedly refitting some of their submarines with nuclear missiles capable of achieving twice the range of present weapons from submerged firing positions.

The program to permit the Soviet G Class subs to fire their missiles from below the ocean's surface indicates the USSR has mastered technology pioneered with U.S. Polaris missile-firing submarines, Pentagon sources said.

These sources said the new missiles will have a range of about 800 miles.

U.S. intelligence closely watches Soviet gains in the nuclear weapons field, but sources would not say how this country learned of the G Class refit.

The Soviet navy has some 30 subs in this diesel-powered class. The G Class subs make up most of Soviet submarines capable of launching ballistic missiles. It is not known how many of the G Class boats are getting the new weapons, but presumably all eventually will.

The other Soviet ballistic missile firing submarines are nuclear-propelled, in what is called the H Class.

Over-all, the Soviet Union has some 350 submarines, largest sub force in the world.

Dixie Senators Lose On Rights Bill Substitute; May Filibuster

WASHINGTON (AP) — A filibuster against the administration's civil rights bill is taking shape following defeat of a substitute measure backed by Deep South senators and introduction of an open housing proposal.

After three weeks of desultory debate, there were these rapid-fire developments yesterday to the bill aimed at protecting Negroes and civil rights workers against racial violence:

The Senate voted 54 to 29 to table and thus kill a substitute offered by Sen. Sam J. Ervin, D-N.C. California's two senators did not vote.

Senate Democratic Leader Mike Mansfield and Senate Republican Leader Everett M. Dirksen, who had been seeking to work out a compromise, said the vote all but ended hopes for achieving such an agreement.

Sens. Walter F. Mondale, D-Minn., and Edward W. Brooke, R-Mass., offered an amendment that would ban discrimination in the sale or rental of all housing except owner-occupied dwellings containing up to four units.

The two actions generated talk of a filibuster.

Sen. Strom Thurmond, R-S.C., said he favors "extending debate on the civil rights bill as long as is necessary to defeat it."

Mansfield said his intention is "to allow the debate to go on for a reasonable time and then to file a cloture petition and see what results."

Mansfield had said earlier that if cloture could not be obtained the administration bill would have to be shunted aside.

"I am not going to spend the whole session debating this legislation," he said.

The administration bill would make it a federal crime to interfere by force or threats with the exercise of specifically enumerated rights because of a person's race, color, religion or national origin.

Ervin's substitute would have provided like protection for all citizens, not just members of minority groups. It also would not have included state activities among protected rights.

The open housing amendment offered by Mondale and Brooke adheres to one by President Johnson except for the exemption of owner-occupied dwellings with up to four units. Otherwise, over a three-year period, the ban on discrimination would apply to all housing.

To Hawk Book

PARIS (UPI)—Marshal Vasikly D. Sokolovsky's new book went on sale today in France and the former Soviet chief of general staff was coming to spend a week. Sokolovsky was coeditor of the mammouth volume that describes the Soviet Union's role in World War II—"History of the Great Patriotic War of the Soviet Union, 1941-45."

Reagan Panel Asks Giant Spending Cuts

Continued from page 1

ses throughout the state — as was the money that supported the work. They made some 2,000 separate recommendations.

O. Kenneth Pryor, survey team chairman, said the task force program can only be put into effect "over a period of years." And in some areas — such as plans to replace old fashioned methods with space age computer techonology — it will require additional money before long-range savings can be realized.

Although cutbacks in state employees are recommended in the report, Pryor said "no wholesale 'meat ax' elimination of state employees would result from the implementation of the survey recommendations."

Some state facilities would be abandoned if the governor accepts the recommendations.

The survey team called for the closing down of Modesto State Hospital for the mentally ill. Legislative Analyst A. Alan Post has long suggested the phasing out of this institution, built as a service hospital during World War II.

It also proposed deferment of an addition to Atascadero State Hospital, which cares for sex offenders, and closing of the Fricot Ranch School for Boys, a California Youth Authority Correctional Institution near San Andreas.

Like the governor, the task force said the state's Medi-Cal program of medical aid to the needy is "experiencing serious financial and operating difficulties." It said both physicians and patients should be subject to new controls.

Other highlights of the report:

RESOURCES — An $80 million savings in the Department of Water Resources. The survey team predicted that with work on the water project moving toward completion by the early 1970s, "it is not unreasonable to expect that a well executed plan of force reduction will result in an average 10 per cent lower work force than presently projected over the next five years."

VETERANS — Abolition of the State Veterans Board is proposed.

EMPLOYMENT — A $20 million cut is proposed. The task force complained that while the Employment Department found 43 per cent fewer jobs for Californians between 1963 and 1965, its staff increased 38 per cent.

HIGHWAYS — A $26.1 million cutback — some of which has already been put into effect.

The survey team backed State Controller Houston I. Flournoy in his proposal to eliminate the system of politically appointed state inheritance tax appraisers and supported Reagan's plan to continue with the consolidation of state departments under "superagencies."

CRIME

Continued from page 1

the authority to coordinate criminal law enforcement activities of all federal departments and agencies and to establish a special office within the Justice Department to which state and local enforcement agencies can turn for advice.

The President said his proposals are aimed at making "conditions of life for most law-abiding citizens safer, and thus freer and happier."

He said, however, that his program —largely a call for passage of recommendations made last year —was no substitute for local law enforcement which he said remains the basic responsibility of towns and cities.

He asked that illegal sale of LSD, now a misdemeanor, be made a felony and illegal possession of this and other drugs in the dangerous class be made a misdemeanor.

This was an effort to make laws applying to LSD consistant with current laws covering marijuana.

Possession of marijuana now carries a stiffer penalty than possession of LSD —two to 10 years imprisonment for a first offense and a five year minimum for illegal sale of marijuana. There is now no penalty for personal possession of LSD.

WAR

Continued from page 1

Allied artillery and rocket squads.

From Hue, 400 miles northeast of Saigon, UPI correspondent Alvin B. Webb Jr. reported U. S. Marines swept Communist invaders from the southern bank of the Perfume River and then launched a house-to-house drive on the remaining "New Town" guerrilla stronghold, the Lei Ly military barracks.

Across the river, in the ancient Citadel where Vietnamese kings once reigned, outnumbered South Vietnamese Marines and cornered North Vietnamese troops battled on inside the high brick walls.

Webb reported Communist resistance waning, with the guerrillas for the first time fleeing and leaving behind arms, bullets and food.

The Communists, using frogmen or sampan demolition boats, blew up two key Perfume River bridges, worsening the famine threat to thousands of Hue refugees.

GETTING UP NIGHTS MAKES MANY FEEL OLD

Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent, burning or itching urination night and day. Secondarily, you may lose sleep and have Headache, Backache and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing irritating germs in acid urine and quickly easing pain. Get CYSTEX at druggists.

Marin Blasts Greyhound On Commute Hike

I-J Special Report

SAN FRANCISCO — A 15-day hearing on Greyhound Bus Lines' application to raise commute fares for most of its local operations in California opened today before the state Public Utilities Commission.

Greyhound seeks to eliminate commute discounts and to increase one-way fares, resulting in a 50-per-cent fare hike to riders in Marin and throughout the state.

Marin County Counsel Douglas J. Maloney, in an opening statement, likened Greyhound's assumption of Marin commute service in the 1940's to "a booming romance." Greyhound "came courting, but over the years it has become sadly disillusioned with Marin and its commuters — and now wants a divorce," he said.

The proposed rate hike "is a guise to eliminate service to Marin," Maloney charged.

Marin Transit District's rebuttal to the application will be presented by Maloney Mar. 7 and 8. The district has hired R. L. Banks and Co. of Washington, D.C., transportation consultants, to prepare the district's case at a maximum cost of $15,000.

Greyhound claims it is losing $2.4 million a year on commuter operations, and says it still will lose $1.2 million even if the PUC approves its request.

The PUC staff, however, has proposed cuts in present one-way fares and only small increases in commute fares. For San Rafael to San Francisco riders, for example, Greyhound proposed one-way fare increases from 85 cents to 90 cents, but the PUC staff said the fare should be cut to 75 cents.

For San Rafael commuters, Greyhound wants to increase fares from the present $10.70 to $16.20 for 20 rides. The PUC staff recommended a $12 fare for the commute ticket book.

LeBAS

Continued from page 1

whether to order an psychiatric examination to determine the credibility of any testimony from LeBas, Judge Haley said.

At Bales' request, the judge dismissed charges that LeBas participated in the Nov. 27 armed robbery of Julian's Shell Service Station in Strawberry and the Nov. 30 armed robbery of Don's Market in Fairfax.

BALES STATEMENT

Bales said he recommended this because LeBas will be in prison long enough for the murder and one armed robbery.

The market and service station robbery charges are still pending against Arceo. His wife, Mary Louise Arceo, 21, still faces a charge of robbing the delicatessen.

LeBas told the grand jury that he and Novotny went to Marshall's apartment to steal money and guns. He shoved and kicked Marshall into unconsciousness and Novotny kicked him in the head later, when he started to revive, LeBas said.

They tied Marshall up before leaving him, LeBas said. A neighbor found Marshall Dec. 9 and he was taken to Marin General Hospital, where he died Jan. 6.

Smoke Blowing Jail Sentence

Peter Lee Arbuthnot, who registered his protest against marijuana laws by blowing a puff of pot into a police officer's face, must pay for his protest with 10 days in jail, Marin Superior Court Judge Harold J. Haley ruled yesterday.

The judge sentenced Arbuthnot to jail and placed him on probation for a year for possessing marijuana.

Arbuthnot, 29, of 247 Corte Madera Avenue, Mill Valley, pleaded guilty to possessing marijuana when he walked into Mill Valley police headquarters Oct. 7 and blew smoke at officer Robert J. Dyche.

The county probation office and Dist. Atty. Bruce B. Bales recommended that Arbuthnot be sentenced to 30 days in jail.

Judge Haley, who said he disagreed with Arbuthnot's means of protest, chose the lesser sentence and added a recommendation that Arbuthnot not be deported for the offense. He is in the country on a visa.

Wilson To Tell LBJ Kremlin's Viet Stand

LONDON (UPI) — Prime Minister Harold Wilson left today for Washington where authoritative sources said he will tell President Johnson the Kremlin will not help bring Hanoi to the peace table.

He was taking with him demands from nearly a fourth of his parliamentary party that Britain withdraw its support of U. S. policy in Vietnam.

day as to why the mayor declined last night, when asked by an Independent-Journal reporter, to give a precise reason for the closed session.

At that time the Mayor said the council intendend to "discuss personnel matters," though the Ralph M. Brown Act limits closed meetings by local governments to hearing charges against, or firing, hiring or appointment of employees or officials.

Drake's Beach Parking Scarce

If you plan on driving to Point Reyes National Seashore, don't park at Drake's Beach.

Work began Monday on paving the parking lot at the beach and will continue for about four months, Park Supt. Edward J. Kurtz reported.

W. K. McLellan Co. of San Anselmo is contractor for the job, to cost $96,984. Kurtz urged visitors to go to the north or south Point Reyes Beach, McClure's Beach or beaches at Tomales Bay State Park until work is completed.

KOREA

Continued from page 1

way.

It was speculated at the time that the might have been injured while destroying secret electronics gear aboard the U.S. intelligence ship when it was boarded in the Sea of Japan on Jan. 23. The Pueblo carried a crew of 83.

Meanwhile in Seoul today, U.S. Army troops clashed with about 400 demonstrating South Korean college students. At least 24 students were injured by bullets or rifle butts, the South Korean national police reported.

The GIs from the 2nd U.S. Infantry fired an estimated 20 rounds of warning shots during the two-hour melee on the Freedom Bridge a mile below the demilitarized zone, the police said.

Nine students were reported in serious condition. None of the soldiers was reported hurt. The injured included several girls, the police said.

The students were demonstrating against U.S.-North Korean talks for the release of the USS Pueblo and her crew. Police said the demonstrators were trying to march over the bridge across the Imvin river to the conference site at Panmunjom, where U.S. and North Korean officials met today at an open meeting of the Military Armistice Commission. But the Pueblo was not mentioned at the meeting.

Anti-American demonstrations broke out in Seoul this week for the first time in five years after South Korean officials accused the United States of slighting South Korea's cause in the secret talks American officials have been holding at Panmunjom with the North Koreans since last Friday.

Korean officials did an about-face today and withdrew much of their criticism. But the clash between the students and American soldiers was certain to inflame public opinion.

The armistice commission meeting today, the first non-secret one, touched briefly on the Communist commando raid on Seoul Jan. 21, which the lone Communist raider captured said was aimed at killing President Chung Hee Park.

Before the battle at the Freedom Bridge, a highly placed South Korean official had said today there was little dispute between the U.S. and Korean governments on the handling of the current crisis with North Korea.

The New York Times reported from Washington that the nuclear-powered aircraft carrier Enterprise had been ordered to withdraw from a position off the North Korean coast in an apparent gesture of conciliation to encourage North Korea to free the Pueblo and her crew.

Injured Worker Seeks $300,000

A $300,000 personal injury suit was filed in Marin Superior Court yesterday by a man who claims his hand and arm were crushed while working on a machine in the Kurtz Kraft Corp. of 97 Louise Street, San Rafael.

Richard E. Gylock named the Van Dorn Iron Works Co. of Ohio and Vickers Inc. of Delaware as defendants in his action.

Those firms did not equip their injection molding machine with enough safety devices, he said.

He also asked for reimbursement for medical expenses and loss of earnings as a result of the accident.

OBITUARIES

Ex-Marinite R. J. Mayne Dies At 55

Robert J. Mayne, 55, a former Marin resident, general purchasing manager of Owens-Illinois Inc., died Monday of a heart attack at Mercy Hospital in Toldeo, Ohio.

Mayne, a nationally known figure in the purchasing field, joined the firm in San Francisco in 1936, and served 14 years as purchasing and traffic manager for the company's glass container plant at Oakland.

He was placed in charge of purchases of the Pacific Coast Division in 1955, and was named manager of purchasing and traffic for the division in 1956.

He was transferred to Toledo in 1958 as purchasing agent for the glass container division and was promoted to general purchasing manager in 1959.

A native of Vancouver, B.C., Mayne attended Tamalpais High School and Marin Junior College before studying business administration at the Univeristy of California at Berkeley.

A former resident of Alameda, he was a member of the Elks Lodge in San Francisco, the Athens Athletic Club, Oakland, and the Castlewood Country Club, Concord.

Surviving are his wife, the former Marguerite A. Bouche of San Rafael; a son, Robert J. Mayne of Toledo; a daughter, Mrs. Barbara Mendonca, Wahiawa, Hawaii, and two grandchildren.

Funeral will be held at 1 p.m. Friday at the Smiley and Gallagher Funeral Home, Alameda. Burial will be at Mount Tamalpais Cemetery, San Rafael.

Supergovernment Idea Endorsed By Marin Cities

Six city councils in Marin County favor a Bay Area super government as long as it does not usurp local authority.

Alfred C. Kaeppel, city administrator of San Anselmo, made this report last night to a committee of the Marin Council of Mayors and Councilmen at San Rafael City Hall. The seven-man committee was named to prepare the council's stand on regional rule.

Kaeppel said the Belvedere, Novato, San Anselmo, Fairfax and San Rafael councils voted approval of a committee statement endorsing regional government provided it does not interfere with local rule. Corte Madera also indicated support, but took no vote on the statement, Kaeppel said.

The Tiburon, Sausalito, Mill Valley and Larkspur councils did not act on the committee stand, Kaeppel reported. He said he was unable to contact Ross representatives on their stand.

The statement will be presented to the mayors and councilmen Feb. 14 and at a hearing of the Joint Legislative Committee on Bay Area Regional Organization at the Marin Civic Center Feb. 16.

Five Admit To Paint Spraying At Tam School

Five Tamalpais Valley boys, aged 11 and 12, have admitted breaking into Tamalpais Valley School Saturday, paint-spraying the word love on classroom walls and eating ice cream and hot dogs from the school refrigerator, sheriff's deputies said today.

The boys told deputies they got in through a roof window of the school. One of them stole about $2 in change from a teacher's desk, officers said.

School officials have not assessed damage. The boys have not been cited to the juvenile probation office, deputies said.

Officers also reported today that someone broke into a boat at Lowrie's Yacht Harbor near San Rafael Monday night and stole clothing, liquor and trading stamps.

Gerhardt van Herick, owner of the boat, told deputies the thieves stole 10 bottles of liquor, 40 books of trading stamps, a radio worth $140, women's clothing worth $205, and a $100 watch.

EDWIN R. BUCHMAN

ALTADENA (AP)—Edwin R. Buchman, who synthesized vitamin B1, has died at 63.

Buchman, a member of the California Institute of Technology faculty for 31 years, died at his home yesterday.

He came to Caltech from Johns Hopkins niversity. He had worked at Columbia University before that.

He donated a chemistry laboratory to Caltech, where he was a research associate in inorganic chemistry.

Survivors include his widow Barbara and two children.

ALICE COONEY

Requiem Mass for Alice D. Cooney of Mill Valley will be offered at 9 a.m. tomorrow at Our Lady of Mr. Carmel Catholic Church, Mill Valley. Burial will be at Holy Cross Cemetery, Colma.

Mrs. Cooney, 73, died yesterday at a local hospital after a short illness. A native of San Francisco, she had lived in Marin for 48 years, her last address at 235 Elm Street, Mill Valley. She was the widow of John A. Cooney, a floor layer.

She is survived by three sons, William F. Cooney of San Rafael, Stanley V. Cooney of San Jose and John V. Cooney of El Granada, San Mateo County; a sister, Mrs. Irene Young of Mill Valley; nine grandchildren and a great-granddaughter.

The Rosary will be recited at 8 p.m. today at Russell and Gooch Funeral Chapel, Mill Valley.

JOSEPH KAELIN

Requiem Mass for Joseph A. Kaelin, 79, who formerly worked at the Edward Clementino Ranch in the Black Point area, will be at 9:30 a.m. tomorrow in St. Vincent's Church in Petaluma.

Kaelin died Sunday in a Novato convalescent hospital, where he had been a patient two months.

He was born in Switzerland.

Surviving is a step-daughter, Mrs. Eleanor Begay of Petaluma.

The Parent Funeral Chapel in Petaluma is handling arrangements.

DAVID D. LLOYD

Funeral for David D. Lloyd, a former resident of San Rafael, will be tomorrow at 2 p.m. at the Chapel of the Hills, San Anselmo. Burial will be in Mount Tamalpais Ceetery, San Rafael.

Lloyd, a native of Gainsville, Tex., died Sunday in a Chico hospital after a short illness. He was 54.

A resident of California nearly all his life, he lived in San Rafael from 1941 to 1962 and was a truck driver with Camgros Gravel and Fuel Co. in San Rafael. His wife, Queen E. Lloyd died about 10 years ago.

Lloyd was an Army veteran of World War II.

He is survived by his mother, Mrs. Bessie Lloyd of Modesto; five sisters, Lorne Bagley of Yountville, Olitta Vickery and Bernice Mylor, both of Modesto, Barbara Fernandez of Merced and Joy Mercer of Alabama; and four brothers, John of Yountville, Paul of Watsonville, and Richard and Ray Lloyd, both of Oakland.

THOMAS P. WHITE

LOS ANGELES (AP) — Former Associate Justice Thomas P. White of the California Supreme Court, once one of the nation's youngest judges, died today of a heart attack.

The 79-year-old jurist was admitted to Queen of Angels Hospital last night. The hospital said he suffered a massive coronary.

Born in Los Angeles, White became a police court judge in 1913 at the age of 25, making him one of the youngest, if not the youngest, judge in the country.

He left that court in 1919 to practice law but in 1931 was appointed to the Superior Court in Los Angeles and in 1937 became an associate justice of the Court of Appeal. He was presiding justice in that court from 1947 until former Gov. Edmund G. Brown appointed him to the Supreme Court in 1959. Justice White retired in 1966.

HENRY TERWILLIGER

Funeral for Henry Burnie Terwilliger, 58, of Mill Valley will be at 3 p.m. tomorrow at Daphne's in San Francisco. Burial will be in Golden Gate National Cemetery, San Bruno.

Terwilliger, of 176 Morningsun Avenue, died Sunday at a San Francisco hospital, where he had been a patient alomost a year.

He operated Burnies Barber Shop at 14 El Paseo, Mill Valley, earlier working in San Francisco hotels.

A Marin resident 12 years, Terwilliger was born in Stockton, Kan., and came to California in 1936. He belonged to the Mill Valley post of the American Legion, Mill Valley Chamber of Commerce and the East San Diego Lodge of Masons.

Survivors are his wife, Helen E.; a daughter, Mrs. Mary Ann Smith of Lemoore, Kings County; and adopted son, Joseph of San Deigo, and a brother, Neville of Corte Madera.

BIRTHS

GLINES — A son to the wife (Willene Gilbert) fo Le Roy Glines of Novato, Feb. 6 at Novato General Hospital.

GILL — A daughter to the wife (Lindy Palmer) or William J. Gill of San Rafael, Jan. 28 at Marin General Hospital.

COGGINS — A son to the wife (Virginia A. Martin) of Mavro C. Coggins of Forest Knolls, Jan. 16 at Marin General Hospital.

ARMY CHALLENGERS — Soldiers John Campbell, 20, of Tacoma, Wash., (left) and Stephen Mason, 19, of San Francisco, meet newsmen in the office of attorney Terence Hallinan (right). The GIs, battling orders to go to Vietnam, surrendered to a U.S. Marshal later yesterday in San Francisco. (UPI Telephoto)

Trustees Set $510,000 Bond Issue

The San Anselmo School District board last night authorized the holding ot a $510,000 bond issue in the June 4 primary election.

A $950,000 bond issue failed at the Oct. 10 polls, and Superintendent Stephen L. Parodi said today the new issue will be only for the most vitally needed projects.

These, he said, would include building of a new unit of six classrooms at Red Hill School, a multi-purpose structure to house teaching stations for music training and for physical education facilities at Hidden Valley School and to correct a drainage at Sleepy Hollow School.

Parodi said the reduced amount is because the board recognized the trend of taxpayers to reject large bond issues.

The board also discussed a proposed certified teachers' salary schedule for next year which would increase starting salaries from $5,748 to $5,800, and permit a maximum of $12,352 with a master's degree. Present maximum is $11,805, Parodi said.

Mrs. Lois Lobanov, representing substitute teachers, asked the board to chage its policy of paying substitute teachers $23 a day to a policy of paying the substitute the equivilent of the regular teacher's salary.

Craig Dunn, field representative of the California School Employees Association, spoke on behalf of an adjusted salary schedule for classified personnel. The board took salary matters under study for possible action at 7:30 p.m. March 19 at Red Hill School.

A proposal by residents in the Hidden Valley School area to install lights at the school tennis courts was taken under consideration.

Fairfax Trustees See No Tax Hike

A proposal for an estimated $840,000 budget for the coming fiscal year with no rise in the tax rate was presented to trustees of the Fairfax School District last night.

The budget compares to a $714,511 figure for the present fiscal year — but actual expenditures are expected to be $728,467 with additional state funds gained during the year for special programs, said Supt. H. Reginald Hammond today.

Hammond said he foresees only a slight rise in assessed valuation yet expects the present $3.035 tax rate to ramain the same. The additional budget funds will come from state funds for a new remedial reading program, additional kindergarten staff and a rise in state funds for the educationally handicapped program in the district, he said.

Still to come, he noted, are salary negotiations with the district staff. Trustees last night heard a request from substitute teachers that their $25-a-day pay rate be tied to the minimum rate on the district salary schedule, to bring it to about $33 a day, Hammond said.

Trustees heard a request from Fairfax artist Harry G. Dines that a mural be painted on an interior wall near the entrance of the new seventh-eighth grade White Hill School that will be opened Feb. 13. Trustees agreed to consider the idea but set no specific date for further discussion.

Trustees accepted the resignation in June of Mrs. Cornelia Wyatt, kindergarten teacher at Manor School. She has taught in the district for 24 years. Mrs. Barbara Krone Lemley, remedial subject teacher at Manor School, also resigned. Trustees hired Mrs. Norma Jean Lewis to teach kindergarten at Manor School at a salary of $6,000.

Juveniles Suspected In House Burglary

Burglars believed by San Anselmo police to be juveniles yesterday entered the home of Charles Hunter, 12 Oak Knoll Avenue, and stole a piggy bank containing $6 in change, a mandolin, and about 50 business cards.

Mrs. Hunter told officers the intruders ransacked several drawers, then ate a sandwich from the kitchen table. Entry was through an open window.

Guardian Reports Youth Is Missing

An all points bulletin was issued yesterday for Claudio Fumagalli, 19, reported missing from the home of his guardian, Ruth Rockson at 275 Knight Drive, Glenwood. He was still missing today, San Rafael police said.

Police were told Fumagalli took all his belongings and indicated he might return to Europe.

Gaw To Head Reed School Plans Unit

Reed School District trustees last night appointed Robert B. Gaw director of new school planning, starting July 1, with no change in his present salary of $16,800, according to Supt. H. Joe Edgington.

He will coordinate planning for the new Reedland Woods School.

NAMED PRINCIPAL

The board also appointed Gaw principal of the new middle school, starting July 1, 1969, at a yet undetermined salary. He will continue as principal of Del Mar School until July.

Del Mar School typing and mathematics teacher Leland G. Spencer was appointed summer school principal, at a salary of $1,100 for the four-week session.

The summer teaching session was approved with a curriculum similar to last year's, with the addition of several in-service pilot courses for teachers.

The board approved a joint summer recreation program with a total cost of $3,000, to be under the supervision of the district. The cities of Belvedere and Tiburon are expected to contribute $375 each to the program, which will cost the district $2,250.

EXPERIMENT CITED

In a briefing session, trustees heard from the staff of Granada School and Mrs. Donna Hart, parent-teacher club president that an experimental group of 52 students from ages of between six and 12 years is working out successfully in two portable classrooms.

A school calendar starting Sept. 3, 1968 and ending June 13, 1969 was adopted. It includes 180 teaching days, one more than this yeor's calendar.

Scientists in Communist China have reported finding parts of a fossilized skull belonging to Sinanthropus pekinensis, or Peking Man. The bones were unearthed at Choukoutien, site of the original discovery of Peking Man near Peking.

Sausalito War Critic Draft Orders Delayed

I-J Special Report

SAN FRANCISCO — The American Civil Liberties Union yesterday won a temporary halt of the induction of a 20-year-old Sausalitan who protested the Vietnam war.

John S. Steinert, who lives aboard a houseboat, was due to report today for induction into the Army but U.S. Dist. Judge Stanley A. Weigel issued a restraining order.

The ACLU also won halts of the induction of three other young men. All were notified of induction or reclassified after mailing their draft cards to their local draft boards in protest against the war.

Judge Weigel set arguments for Feb. 16. He then will decide whether to grant a preliminary injunction against induction and reclassification, as sought by the ACLU. The hearing will be at 10 a.m. in the Federal Building, 450 Golden Gate Avenue, San Francisco.

An attorney for the ACLU, Marshall Krause, asked for the appointment of a three-judge panel to decide whether the use of the draft law as punishment violates the constitutional right of due process.

The suit names as defendants U.S. Atty. Gen. Ramsey Clark, Selective Service Director Lewis B. Hershey and the local draft boards involved.

The four men for whom Krause filed the suit are Steinert; David W. Port, 21, of Davis; Joel Kugelmass, 20, of San Jose, and David R. Alkire, 22, of North Hollywood.

Earlier yesterday in a separate case Judge Weigel ordered the Army to hold up shipment overseas of a soldier whose attorney asserted his client was both a conscientious objector and mentally unstable.

Judge Weigel ordered the commanding officer at the Presidio to show cause why Pvt. Stephen Mason should not be diacharged from the Army and set a hearing for Friday.

Attorney Terrence Hallinan's petition said Mason, the son of a San Francisco school teacher, had filled out conscientious objector forms but that the Army would not let him file them. It said further that Mason has attempted suicide six times and is a threat to his own safety.

Undeveloped Land Session Is Held

The Marinwood Association's directors discussed the future of undeveloped areas in Marinwood with Werner Von Gundell of the Marin County planning staff last night at the community center.

The discussion was informal and no decisions were made because of a lack of quorum, George D. Gazulis, president reported.

At next month's meeting of the association, Gazulis said that a new director may be appointed to replace Donald S. Abinante, who is moving to Sacramento.

Romney Party Tab Paid By Michigan?

LANSING, Mich. (UPI)—The Michigan Senate mistakenly paid a $1,047 bill for a cocktail party thrown in San Francisco late last year to boost the presidential aspirations of Gov. George Romney.

Senate Majority Leader Emil Lockwood, R-St. Louis, disclosed the boner yesterday and now Republican lawmakers plan to switch the bill to Romney's presidential campaign headquarters for that amount to even things out.

Auto Stolen

Dr. Bernard M. Stone of 619 Goodhill Road, Kent Woodlands, complained to sheriff's deputies Monday that someone stole his 1967 Ford station wagon from the carport early that morning.

U.S. Destroyer Shipwrecked Outside Rhodes

RHODES, Greece (AP) — The U.S. destroyer Bache stuck fast on the rocks off Rhodes today, and the U.S. Navy said she was badly holed and apparently "split from stem to stern."

The 2,500-ton 6th Fleet warship dragged anchor and went aground yesterday driven by hurricane force winds and high seas. The weather subsided today, and a flotilla assembled to help the Bache.

Harbor officials said 204 members of the crew were brought ashore during the night in rubber dinghies. There were no reports of any injuries. The ship's captain, Cmdr. Edward A. Broadwell of Birmingham, Mich., and 28 other men were still on board.

The Bache anchored outside Rhodes harbor where it arrived Monday on a goodwill visit.

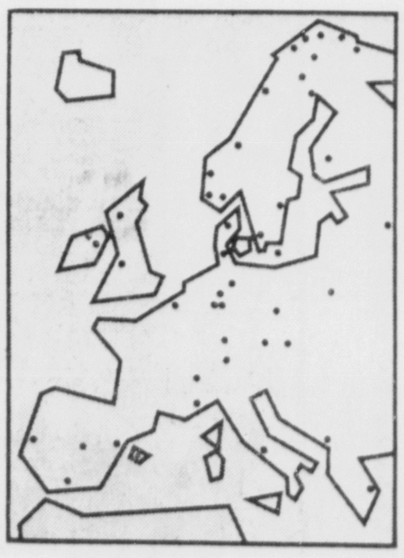
Going to Scandinavia? Take the direct approach.

For the rest of Europe? Take the Scandinavian approach.

SAS has more direct routes to more places in Scandinavia on more days of the week than anyone.

Also, SAS serves more cities within Europe than any other transpolar or transatlantic airline. Through SAS's network of routes, we can get you just about anywhere in Europe quickly and easily from Copenhagen, Bergen, Oslo or Stockholm.



Now, the best thing to do is add Scandinavia to your trip and get the best of everything. Shouldn't this year be the year to visit Denmark, Norway and Sweden?

Maybe this year should be the year for a new slant on traveling.

This year—maybe what you need is a change of people.

For complete information about the great reasons for seeing Scandinavia and about getting there (or anywhere in Europe), call your travel agent or SAS.*

Take the direct approach.

RACCOON'S SWEET RACKET

Little Brother, a panhandling wild raccoon, uses the cat door at the Joe R. Wilson home in Mill Valley, to come in for his daily handouts of sugar cubes. He spies his goodie (left), scoops it up (center) and slowly backs out the door (right) only after deciding he can mooch no more treats. The Wilsons, of 740 Summit Avenue, say Little Brother gets along with everyone—even the family cat. (UPI Telephotos)

Special Sausalito Vote Set On $75,000 Water Fund

Sausalito residents will vote April 9 on a proposal to permit the city to borrow $75,000 as its share of a proposed $200,000 program for water system improvements.

If approved, the city's $75,000 together with an estimated $25,000 from Marin Municipal Water District would be put up for a matching $100,000 grant from the Department of Housing and Urban Development.

City councilmen last night called for a special election on the water proposal to be consolidated with the city municipal election.

Mayor Mel Wax explained that the city had been budgeting $15,000 a year for water line improvements and this process would be a means of obtaining matching federal funds., and speeding up the work.

Since the city cannot raise the $75,000 in one year through its tax levy, it would, with voter approval, borrow the funds and repay the debt over a five-year period.

Fire Chief Charles E. Masten, acting as city manager in the absence of vacationing City Mgr. George M. Patterson, said the water situation in the upper Glen Drive area was critical.

Wax contended that over a five-year period, the proposal wouldn't increase city expenditures.

The proposal calls for improvements, designed to increase fire fighting capacity, including replacement and enlargement of water mains and installation of new fire hydrants and other needed structures.

The Sausalito City Council also:

TREASURER'S SALARY— Referred to City Mgr. George M. Patterson a letter from City Treasurer Edwin S. Long requesting a pay raise from $60 to $150 a month and noting that the $60 salary hasn't changed for more than 25 years.

TRAFFIC SIGNALS — Received four bids for installation of traffic signals at Princess Street and Bridgeway, ranging from a $5,927 low bid by Stein and Mitchel of San Francisco to $7,227, all above estimates, and postponed awarding a contract until further study.

TOPOGRAPHIC SURVEY— Authorized Public Works Director Norman Wohlschaeger to contract with Towill Co. of San Francisco for an aerial photo topographical survey of the city, at a cost of $9,000 Some of the costs can be recovered by the sale of photo map sheets to interested persons, Wohlschlaeger noted.

TENNIS COURT — Approved plans to extend the redwood fencing at the Richardson Bay Tennis Courts along Sacramento Avenue and construct a practice board at the north end of the courts at a cost of $1,213.

PLANNING AGREEMENT — Approved a revised agreement on formation of a city-county planning council, which sets the majority of the membership as a quorum, and requires a favorable majority vote of the membership for action.

SIGN GRANTED — Granted N. L. Tatantino and Cass Gidley of 1702 Bridgeway a variance for a sign identifying their businesses, which would be six feet in depth on a 12-foot high standard. The planning commission recommended denial of an 18-foot high standard.

ENCROACHMENT — Denied an application by Dick York for an encroachment into city street right-of-way for a stairway and deck at a house to be constructed between Woodward Avenue and Marie Street. The planning commission recommended approval.

BUILDING CODE — Adopted the 1967 uniform building code, to bring the city code up to date.

NURSERY EDUCATION — Proclai mdethe week of March 3-9 as Nursery Education Week in Sausalito.

RAILROAD SIGNS — Authorized Acting City Manager Charles E. Masten to request Northwestern Pacific Railroad Co. to remove its signals and crossing sign near its former freight station where rails have been removed.

INJURY CLAIM —Denied a claim by Carl H. Ellertson Jr. of Palo Alto for $25,000 for injuries suffered when he reportedly fell between the Spinnaker Restaurant and Sausalito Yacht Sales and Chandlery Oct. 27, 1967. Ellertson claimed he fell into an open, unmarked ditch, which was "negligently maintained" by the city.

PARCEL OWNERSHIP — Heard a report from Wohlschlaeger that a parcel near 4 and 8 Marin Avenue, which the county intended to sell at public auction this spring, is still owned by the city, and could be used for park area. Wohlschlaeger said the parcel was taken off the auction list.

Councilman Eleanor O'Hara Chapin was absent, and Mayor Mel Wax arrived at 9:40 p.m.

Sausalito Hunting Bridgeway Grants

Sausalito City Council agreed last night to touch all bases in an effort to secure federal or state grants for the entire Bridgeway widening project, including Tiffany Beach.

Mayor Mel Wax said the city should pursue all possible grants as quickly as it can.

'BARE BONES JOB'

With the initial phase, seawall construction, about $40,000 above estimates, the city "is going to run out of funds and have to do a bare bones job," he said.

"We set out to do a first class job, and we'd be making a terrible mistake not to explore every possibility of carrying out our plan," Wax contended.

City Planning Director Charles W. Whitehead reported that:

Federal matching funds be available during the 1969-70 fiscal year for the proposed expanded Tiffany Beach, 12,790 square feet as compared to the former 5,700 square feet.

BEAUTIFICATION CASH

Urban beautification funds might be available for various improvements including landscaping of Tiffany Beach, the proposed boardwalk and median strip along Bridgeway and other improvements, either individually or in combination.

The entire project might qualify as a demonstration project under the Urban Beautification Program, which would provide grants up to 90 per cent of the costs.

MEDIAN SPEEDUP

Whitehead also reported that architect Lawrence Halprin recommended that the median strip, to be used for police and fire emergency trips, be constructed during the second phase work, 1968-69, instead of later as originally planned.

A concrete cobble effect or patterned concrete in the strip would provide more of a deterrent to private motorists than if asphalt paving were used, Whitehead reported.

From a standpoint of aesthetics, the patterned concrete treatment would be superior visually, and would cost $32,670.

An elevated asphalt strip with concrete curbs would cost about $10,000, and an asphalt strip without curbs or berms would be about $4,000.

Phase 1 work cost about $186,000 as compared to an estimate of $146,275, he reported. Phase II, which will consist of street widening, paving, curbs, gutters and sidewalks is expected to cost about $100,000, about $10,000 less than estimated.

The fishing pier is estimated to cost $20,125; the boardwalk from Purity Store to Ondine Restaurant, $51,485, Whitehead reported.

Response In People-To People Plea

Sausalito's People-to-People program, seeking widespread community support, apparently has found some takers.

Councilman Jan Paul Dyk reported to the city council last night that several clubs and churches and individuals have expressed an interest in participating in the program.

"We have commitments of 14 people to participate," he said, and suggested the council set a meeting to discuss the program, which includes the Sister City program with Vina del Mar, Chile.

The council set Feb. 19 at 8 p.m. at City Hall for a session on the People-to-People program.

Purse Snatched In Kentfield

A thief, concealed by darkness, grabbed and ran with the purse of a Kentfield woman early Monday, as she walked home along Francis Avenue in Kentfield, sheriff's deputies reported yesterday.

Denna C. Jenkinson of 124 Hillcrest Avenue, Kentfield, said she had just stepped off the bus at about 1 a.m. and was walking home when she heard footsteps behind her.

A man suddenly ran past her, grabbed her purse and continued running, she said. The purse reportedly contained no money.

Tad Lincoln once persuaded his father to attend a popular extravaganza featuring a soldiers' chorus. While President Lincoln watched, his son left the presidential box, changed into uniform and marched on stage with the chorus. His father laughed.

Hippie Billing Sausalito On Street Arrest

One of nine hippies arrested by Sausalito police last October on a charge of blocking Excelsior Lane, a public stairway, has filed a $7,520 claim against the city.

City councilmen last night denied the claim filed by Attorney Roger M. Hughes of San Francisco in behalf of Samuel K. Anderson, P. O. Box 894, Sausalito.

Anderson is seeking $5,000 for asserted physical and mental suffering, $2,500 for punitive damages, and $20 for loss of income because af arrest and subsequent court appearance.

Hughes said the claim was made on the basis "that there is no probable cause" for the arrest and incarceration and no warrant had been issued. Anderson was placed in jail pending the posting of bail, he noted.

Anderson was arrested on Oct. 15, and released under bail. On Oct. 17, City Atty. Leland H. Jordan announced that no complaint would be filed against the nine persons arrested for blocking the stairway.

Jordon said the arrest and brief incarceration in county jail had "been equal to any penalty" the city wanted for violation of its ordinance against blocking such avenues.

No Complaint Filed In Marijuana Arrest

No complaint has been filed against Richard A. Sparrow, 30, pending further investigation, Deputy Dist. Atty. Michael Anthony said in Marin Municipal Court Monday.

Sparrow, of 4 Main Street, San Quentin Village, was arrested Friday after marijuana allegedly was found in his car by San Rafael police. He is free without bond.

Federal Aid Agency Payoff Probe Leads To Resignations

WASHINGTON (AP) — Several officials of the Agency for International Development, the nation's foreign aid agency, reportedly have resigned during a probe of alleged acceptance of entertainment from a U.S. contractor doing work for AID in Europe.

Sources said the contractor charged the government excessive fees and that claims are being filed on the excess amount.

Authorities declined comment on the case on the ground it has been referred to the Justice Department for prosecution.

Herbert J. Waters, a one-time top aide to Vice President Hubert H. Humphrey, said he helped instigate the probe and wholeheartedly supports it.

Waters, whose resignation is effective Feb. 15, is head of the war on hunger program. It was understood that earlier he had a job that involved some administrative responsibility for the program now being investigated. The White House announced his resignation last month.

Waters, an assistant to Humphrey when the vice president was a senator, said he decided last fall to return to private enterprise.

AID sources said the probe involves allegations that some of the agency's administrative personnel improperly accepted entertainment from a contractor who was refurbishing U.S. military surplus goods for use in foreign aid programs. The operation was centered in Antwerp, Belgium.

An AID spokesman declined to name those who resigned or the contractor.

Marin Federal Rent Subsidy Grant Asked

The Marin County Housing Authority last night agreed to seek a $211,135 federal grant to back a program of leasing private housing throughout Marin for senior citizens and low-income families.

The money would subsidize leasing 200 apartments and a contract for another 100 apartments will be available after July 1.

The federal money will pay overhead costs and the difference between what the landlord gets and the tenants pays, expected to average $60 a month.

The authority authorized hiring a manager for the program at a salary range of $717 to $870 a month.

Marin County Housing Authority Also:

HILARITA — Named Commissioner George C. Goheen and Executive Director Donald O. Stutsman to negotiate with Reed Union School District for sale of four acres in Hilarita housing project to the district.

TURNKEY — Authorized applying for a $598,633 federal loan fo finance building 40 apartments for senior citizens in the Northgate "turnkey" project.

RESIGNATION — Was told of the resignation this week of housing manager Jack D. Holsclaw, who has taken a job with the Richamond Housing Authority.

PAYING — Authorized spengspending up to $3,000 to resurfact a parking lot serving the commercial area in Marin City at Cole Drive and Drake Avenue.

COUNTY SUPPORT — Approved a supplement to a 1957 atreement with Marin County, bringing to $125,000 the county's commitment to back the authority's financial support of Marin City redevelopment.

KOBBERY — Was told Stutsman is considering moving the Hilarita housing office into Tiburon's business district because of this week's robbery of Mrs. Evelyn Hughes in the office. The present office is somewhat hazardous because it is isolated, Stutsman said.

HOSPITAL — Told Stutsman to prepare an option agreement to sell two and one half acres in Marin City for a proposed convalescent hopsital. The option is to provide for maximum employment of Marin City residents in construction of the hospital.

SITE PLAN — Learned that the Marin County planning department and architect Faradg Gilan-Farr have agreed on site plans for the Northgate project.

EASEMENT — Approved an easement to the Marin Municipal Water District to serve the Santa Venetia senior citizens project.

Touring Clausen Visits Vietnam

BANGKOK (UPI) — Rep. Don H. Clausen, R-First District, said yesterday an American helicopter pilot in Vietnam complained to him that the Army is unable to equip its helicopter gunships with certain spare parts for their miniguns.

Clausen visited Saigon for three hours yesterday with three other congressmen and made a brief helicopter trip over the city.

Clausen said the pilot told him the Army has often to borrow used bolts from the Air Force, which also uses the miniguns, in order to operate its weapons. He said the pilot also told him he felt proper support was not being given to the troops in the field.

Bowling Alley Janitor Hit By Bandits

Two young bandits clubbed a janitor on the head and stole $15 and some liquor from the Nave Lanes bowling alley, restaurant and bar in Ignacio early today, sheriff's deputies said.

The janitor, Rollin E. Gage of 652 Rose Street, Novato, was treated at Hamilton Air Force Base Hospital for a severe cut on the back of his head.

He told sheriff's deputies he was buffing the bowling lanes at about 3 a.m. when two young men walked up and asked him if the restaurant was open. They then clubbed him and rifled a cash register.

He described the assailants as about 21 years old and wearing short, black raincoats and tight black pants.

Gallinas Village Tree Report Due

A report on the purchase of trees for Gallinas Village will be made tomorrow at a meeting of the Gallinas Village Community Services District directors.

The meeting is set for 7:30 p.m. at MacPhail School.

Last week, the directors authorized Walter Rudolph and landscaper William Toba to purchase trees for planting around the Adrian-Rosal playing field, the median strip along La Pasada Way, and in Pueblo Park.

Marguerite F. Clark, district secretary, said the summer recreation program is also on the agenda.

Alioto Recruiting Summer Youth Jobs

SAN FRANCISCO (AP) — Decrying "crisis in the cities," San Francisco Mayor Joseph Alioto has announced that business leaders will be asked at a civic luncheon to pledge summer jobs for young people.

The mayor told 150 delegates to a Model Cities Training Conference yesterday that he will initiate the pledges by creating three jobs in his law firm.

STANLEY W. LITTLE
Announces candidacy

WILLIAM C. FLECKLES
Fourth candidate

S. W. Little Seeks Fairfax Council Job

Stanley W. Little, 36, a member and twice chairman, of the Fairfax Parks and Recreation Commission, announced today that he will be a candidate for the Fairafx City Council in the April 9 elections.

Little, a utility rate engineer who lives at 34 Olema Drive, was defeated by one vote in a bid for a council seat in 1966.

Little is the first announced candidate for two council seats. The terms of Mayor George A. Pagni and Councilman Peter F. Arrigoni are expiring.

He is a graduate of the College of Marin and San Francisco State College. He has a wife, Mary, and six children, Linde, 11; Molly, 8; Andy, 7; Fred, 5; Jon, 5; and Jane, 2.

"Fairfax has an obligation to provide essential services as demanded by its people, and in the next few years, more than ever before, the level of service and utilization of the people's money will require s e v e r e scrutiny," said Little.

"The high level of citizen participation in the general plan hopefully will continue as the community confronts specific problems, s u c h as implementation of the p l a n, revitalization of the commercial area, a fire house which is inadequate and in bad shape, traffic, especially in coordination with San Anselmo, and the inability of property taxes to pay for necessary services."

Design Upholds Subway Bidding

SAN FRANCISCO (AP)—The engineering board of the Bay Area Rapid Transit District decided yesterday to recommend to the full district board that opening of bids for two Berkeley subway contracts be postponed indefinitely.

The board also plans to recommend to the full board that advertising of bids on two other east bay contracts be postponed indefinitely.

Wallace Kaapcke, general counsel for the engineering board, recommended the delay pending a taxpayer suit brought against the design of the Ashby station.

W. G. Fleckles Enters Larkspur Council Race

William G. Fleckles, a 37-year-old attorney who has been active in land use and planning activities, today became the fourth announced candidate for one of the three Larkspur City Council seats which will be up in the April 9 election.

Fleckles, of 331 Bretano Way, has been a member of the Larkspur Planning Commission since 1964 and was its chairman in 1965. He is a past president of the Greenbrae Property Owners Association.

He is a graduate of the University of San Francisco and practices law in San Francisco. He has a wife, Jacqueline, and three children, Claire, 10, Jenny, 4, Michael, 3.

He ran third in a field of six candidates in an unsuccessful 1966 bid for the Larkspur council.

In announcing his candidacy, Fleckles said he is interested in "land use and planning, and in preserving Larkspur as a rural suburban community."

He pointed out that he was active in preparation of a zoning change governing slope lot development and on behalf of the city's general plan. He said he is interested in a comprehensive sign ordinance that will soon be considered by the city council.

The other announced council candidates in Larkspur are incumbents Henry Brocco and Mayor Earl John O'Grady, and Robert Dexter Dolman, a real estate man.

Sonoma County Park Purchased By State

SACRAMENTO (UPI) — The $2.2 million purchase of Slat Point Ranch on the Sonoma County coast for use as an "educational park" was announced yesterday by the Parks and Recreation Department.

Director William Penn Mott Jr. said the 3,100-acre site would be kept undeveloped for limited use of students studying the area's varied ecology.

The state used 1964 parks and recreation bond funds to buy the ranch from Hugh C. Walker of Hayward.

SERGE TRUBACH
Enters council race

The armistice which ended the fighting in Korea was signed July 27, 1953.

Artist Serge Trubach Again Seeks Election

A veteran campaign hat was thrown in the ring as Sausalito artist Serge Trubach today announced his candidacy for the April 9 Sausalito City Council election.

Trubach, of 631 Bridgeway, ran unsuccessfully for the council in 1962, 1964 and 1966. A 16-year resident of S a u s a l i t o, Trubach has been active in the Sausalito Art Festival and has served on the art jury for the state fair.

A native of the Ukraine in Russia, Trubach came to New York at five years of age. He studied art in Europe as a young man. His paintings have been exhibited in most major U.S. museums and have won more than 100 prizes throughout the nation, Trubach said. He has taught in San Francisco arts schools and at the New England School of Art in Boston.

Trubach is divorced and has a married daughter.

Trubach suggested Sausalito develop a youth center and proposed a 24-hour parking complex near downtown to solve the city's parking problem. The city's library situation is "pretty dreadful," he said.

Trubach is the fifth entrant in the campaign for three council seats. Other candidates are incumbent Alexander R. Imlay, who has now returned his completed nomination papers; Mrs. Robin Sweeny, active last year in the campaign to reject a proposed waterfront library; Planning Commissioner George C. Hoffman; and Robert C. Martin Sr., owner of P a t t y ' s Restaurant.

Mayor Mel Wax and Councilman Eleanor O'Hara Chapin have not said whether they will seek re-election.

Hub City Clerk To Seek Job Again

Anita Gannon, San Anselmo city clerk since 1952, today filed for re-election April 9.

She was appointed as clerk in July 1952 to replace Erma Anderson, who moved from San Anselmo. In 1956 Mrs. Gannon was elected clerk.

She resides at 46 Magnolia Avenue and has three children.

Cross Guards Are Ruled Out

The school crossing on Olive Avenue and Olive School is not dangerous enough to warrant school crossing guards.

That was the c o n c l u s i o n reached after a d i s c u s s i o n between Lawrence A. Coleman, Novato Public Works director and the Gnoss Estates Association at a meeting Monday night at Olive School, said John Schoonover, association president.

Coleman said that the city had painted a crosswalk and posted signs along the street warning of a school crossing. He said studies showed that the children still do not use the crosswalk, according to Schoonover.

Protocol In Health Center Bid Is Hit

Marin Hospital [illegible] board last night awarded a contract for interior design of the Community Mental Health Center to Lorette Larson Interiors Inc., despite protest from the board president that the low bid had been "morally dishonest."

Marion C. Ibach, board president, said that the Mill Valley interior decorating firm had known of the other two bids before submitting its low offer when the bidding was re-opened by the county board of supervisors.

He also claimed that the firm had not used proper protocol by approaching persons associated with the new center other than Administrator Ray K. Bollinger.

The total amount budgeted for furnishing the hospital is $90,000, and Miss Larson's bid for the interior design portion was 2.5 per cent of that, about $2,250.

She told the directors that if Aloe Medical Division, with which she is associated, eventually gets, for example, 50 per cent of the total furnishing job, she will reduce her own fee by 50 per cent.

Marin Hospital District Board also:

GIFT — Accepted donation of $9,300 worth of surgical, obstetrical and psychiatric equipment from the hospital's volunteer council. Received $315 from Jack and Jill Branch for refurbishing parents' waiting room in pediatrics.

SLOPE — Learned from Attorney Harold Riede that Niels Schultz Jr., Greenbrae developer, has retained legal council in the matter of the dispute over fill he has placed east of the Community Health Center and that Riede will meet with him.

FUTURE BUILDING — Discussed ways to finance future additions to the hospital and heard Jules Becker, district public relations consultant, suggest contacting possible private donors before trying a bond issue.

ACCOUNTING — Heard a presentation by Thomas Sinna, hospital controller, explaining accounting practices.

Missile Sinks A Rescue Boat

POINT MAGU (UPI) — The Navy has appointed a board of officers to find out why one of its own ships was sunk by a Bullpup missile fired from a naval air craft.

The missile was unleashed from a Navy A4 skyhawk jet yesterday morning during firing exercises two miles offshore from the naval air station here.

The missile, which was under radio control from the plane, was supposed to hit a target barge, but instead it slammed into an 85-foot Navy rescue boat laden with fuel.

The six crewmen aboard were blown into the water by the explosion but managed to swim out of range of the burning vessel.

Corte Maderan's Condition Is Fair

William S. Mix, 63, of 100 Palm Avenue, Corte Madera, was reported in fair condition today at Marin General Hospital after his car struck a divider island Monday on East Blithedale Avenue in Mill Valley and flew 24 feet through the air before landing in the island.

Mix had a concussion, broken ribs and multiple scrapes. Police reported his car hit the island opposite 815 East Blithedale, causing minor damage to a light pole in the island.

School Looted Of Film Machine

Someone stole a movie projector and a television set from a hallway of Strawberry Point School Sunday, sheriff's deputies reported yesterday.

A teacher returned to the school Sunday night and found the doors unlocked. A projector worth $325 and a television set worth $150 were missing from the hall.

Other burglaries reported by the sheriff's office yesterday were:

Kenneth E. Vreeland of 475 Corte Norte, Loma Verde, reported the theft of items worth $350 from his home sometime last week. Missing were power tools and a golfing set.

Frank William Anker of 10 La Brea Way, Santa Venetia, complained that someone stole $105 from his bedroom sometime between Friday and Sunday.

Corte Madera Clerk Files For Re-Election

Betty S. Behel, Corte Madera town clerk, today filed for re-election in the April 9 election.

Mrs. Behel, of 74 Corte Madera Avenue, Corte Madera, was appointed to the post in 1964 to fill a vacancy created by the resignation of Nell Rugg. She was elected to the post in April of that year.

Planner Awarded A Special Raise

Albert I. Solnit, chief of advance planning in the county planning department, received a special salary raise from $1,166 to $1,225 per month beginning this month.

The raise was part of routine personnel transactions approved by the Marin County Board of Supervisors yesterday.

County Personnel Director Robert D. Elliott recommended the increase "on the basis that Mr. Solnit has brought an extreme level of professional confidence and imagination to the planning department and has been most notable in seeking outside funding and studies to forward the cause of county planning."

Among other personnel actions taken yesterday were the hiring of Neil M. Matzger as administrative analyst in the planning department at $790 per month, and hiring of psychiatrist David P. Black for Community Mental Health Services at $700 per month for half time work.

Marin County Board Of Supervisors Also:

BATS — Reappointed Supervisor Peter H. Behr to the Bay Area Transportation Study Commission.

SERVICE AREA — Appointed Richard McDonald and John Van Horne of Santa Venetia to the County Service Area No. 6 (Santa Venetia) Advisory Board. Vernon Rasmussen and Sanford Weiss resigned from the board.

TIBURON BONDS — Authorized the county treasurer-tax collector to service Tiburon's special assessment district bonds for $20 per bond, with the understanding that the fee can be adjusted if cost of servicing increases.

SESQUI-CENTENNIAL — Commended the San Rafael Sesqui-Centennial Committee for returning $875.65 of the original county contribution of $4,555 for the Mission celebration.

SURPLUS — Declared a damaged patrol car as surplus to be sold as junk. The vehicle, a 1966 Dodge four-door sedan with 115,000 miles, would require more than $500 to repair, County Buyer Douglas Edelen reported.

WELFARE — Set Feb. 20 as the time of hearing to determine whether a father is liable for $1,518 in general relief given to his adult son over a two-year period. The father, whose name is not disclosed, denies legal responsibility.

BEL MARIN KEYS — Approved the consolidation of Bel Marin Keys Community Services District election with the June 4 primary election.

ARCHITECT FEES — Paid $34,993 to Taliesin Associated Architects of the Frank Lloyd Wright Foundation for designing the Veterans Memorial Auditorium. This, together with $166,088 previously paid, brings the total fee for the auditorium to $201,081.

SOILS INSPECTION — Contracted with Lee and Praszker of San Francisco, consulting engineers, for supervision and inspection of pile driving operations for the Memorial Auditorium at a cost not to exceed $6,000.

REZONING — Approved a planned residential zoning (one unit per 6,000 square feet; for Joseph W. Morrison on his 73,550-square-foot lot at 203 and 205 Morning Sun Avenue, Almonte. It is now zoned one-family residential.

UNDERGROUNDING — Suggested that a five-man committee be formed to draw up priorities for undergrounding of utility lines in the unincorporated areas. Committee members will be the chairman of the county planning commission, county planning director, county director of public works, and representatives from the Pacific Gas and Electric Co. and Pacific Telephone and Telegraph Co.

STREET NAME — Changed the name of Mount Konocti Court in Lucas Valley to Mount Tioga Court, as requested by residents of the area.

FLOOD ZONE — Authorized an application for federal funds to help the Santa Venetia Flood Control Zone (No. 7) finance a drainage project along Meadow Way.

APPOINTMENT — Named Mayor Edward W. Colthurst of Corte Madera to the Flood Control Zone 9 Advisory Board.

ZONING CODE — Approved an amendment to the county Zoning Code, revising regulations on planned residential districts. The changes remove master plans and development plans from the supervisors' authority, and impose density requirements in multi-family planned residential districts.

GAS STATION — Continued to Feb. 13 an appeal by Marin County Planning Director Paul C. Zucker of a county planning decision to grant a variance to Tom E. Nowell for a service station at Bolinas and Parepa streets just north of the heliport near Richardson Bay Bridge.

GRAND JURY—Formally accepted the report of the 1967 Marin County Grand Jury with foreman Clifford S. Lund with praise for the jury's "public spirited energy" and instructions to department heads to reply within 60 days to jury comments on their departments.

JAIL LABOR — Took under consideration a suggestion by Pierre W. Joske, county director of recreation and parks, that juveniles or adult inmates of the county jail be used for maintenance and cleanup of county parks and trails.

Sentence Date Set In Murder-Robbery

OAKLAND (AP)—Otis Ronald Coleman, for whom a jury decreed the death penalty, will be sentenced in three weeks for the murder-robbery of a Newark tavern owner.

Coleman was convicted last Thursday of fatally shooting Vincent Sulezich in the driveway of his Oakland home in November 1966.

A MEMORIAL FOR CAROLINE LIVERMORE

Some major monument in Marin County should be named in honor of Mrs. Caroline S. Livermore, the county's outstanding conservationist, the Marin County Board of Supervisors decided yesterday.

On a motion by Supervisor Thomas T. Storer, the supervisors asked the Marin County Parks and Recreation Commission to recommend some outstanding monument which could be named after Mrs. Livermore.

She died last Friday at the age of 84.

The supervisors adjourned yesterday's meeting in her honor and decided that an appropriate resolution should be drawn up in her memory.

Famed Trial Figure Gets Convicted

CHICAGO (UPI)—The law has finally nailed Danny Escobedo.

The skinny 29 year old gained notoriety in 1964 when the U.S. Supreme Court, in a landmark decision, overturned his murder conviction in the slaying of his brother-in-law, Manual Valtierra.

Since then, Escobedo has been arrested numerous times on a variety of charges—mostly dealing with drugs—but has always managed to get out of serving his full jail terms.

Those days appear to be over.

A jury of six men and six women, deliberating for two and one-half hours, yesterday found Escobedo guilty of selling narcotics to federal agents.

Escobedo, who could be fined as much as $160,000, was found guilty on four counts of peddling heroin. His partner, Daniel Aguirre, 34, was found guilty on three counts.

In the decision in which Escobedo made criminal history, the nation's high court ruled that he had not been informed of his right to counsel before answering questions that led to his alleged murder confession.

GARB HURTS HIRING?

Kettenhofen Critical Of Hippies On Relief

Hippies in bizarre attire have the right to dress in that manner but should not "take themselves out of the labor market and then ask for county relief," declared Supervisor Chairman Ernest N. Kettenhofen yesterday at the Civic Center.

His comment followed a quick investigation which he ordered just before noon yesterday when he spotted several men in long hair and beards applying for general relief at the Department of Public Social Services in the Civic Center.

Last June, Kettenhofen asked Betty Presley, director of the department, to notify the supervisors of those in bizarre dress who apply for county general relief.

"I feel that the Board of Supervisors should be notified in the briefing of each general relief case on whether an applicant falls in the category of intentionally maintaining a bizarre effect in dress or appearance," said Kettenhofen. "If such is the case, it is possible that the applicant is actually voluntarily taking himself out of the employment market and, therefore, on this basis, probably consideration should be made as to whether the taxpayers of Marin should support the applicant's whim."

Yesterday's investigation prompted by Kettenhofen, showed that three, ranging in age from 22 to 29, applied for general relief.

Two were high school graduates, and one had a year of college. One wanted two days of general relief until he starts work tomorrow, but the other two had no immediate prospects for jobs.

One of the three "admits he still used marijuana but no longer heroin," the supervisor said.

"Last year I asked for reports on hippies who seek general relief," said Kettenhofen. "Apparently we aren't being notified. I'm going to ask Miss Presley for an explanation."

Saturn 6 On Pad, Faces Test Series

CAPE KENNEDY (UPI)—The nation's second Saturn 5 moonship launcher began a six-week series of tests on its launch pad today for what may be its final unmanned test flight next month.

The 363-foot rocket was placed on its oceanside firing site last night after a 6½ hour trip from its towering assembly building 3 1-2 miles away.

San Pedro's Power Lines Streamlined

The new stretch of widened South San Pedro Road in East San Rafael will have "streamlined" utility lines, not undergrounding, the Marin County oard of Supervisors decided yesterday.

"Streamlining" means steel power poles with lines running from pole to pole, but not to the side to service homes and businesses. The lines to the side would be undergrounded, as was done in front of the Montecito Shopping Center in San Rafael.

In moving for "streamlining" instead of undergrounding, Supervisor John F. McInnis said the City of San Rafael is solidly against undergrounding because of the $173,000 cost. City officials would go for the $61,000 cost of streamlining.

McInnis also recommended that utility lines be placed away from the bay side of the road and against the hills wherever possible so that the poles will not "stick out like a sore thumb."

Supervisor Thomas T. Storer said he prefers undergrounding, "but it's too much for the county to carry alone."

The South San Pedro Road widening project involves a 1.1 mile strip passing over both San Rafael and county areas from Margarita Drive to Lochinvar Road.

The vote for "streamlining" of utility lines was 3-0. Supervisor Peter H. Behr is on vacation, and Supervisor William A. Gnoss took yesterday afternoon off because of illness.

Forum Tonight In Marin City

The Marin City Community Forum, organized last month, will meet at 8 p.m. today at St. Andrew United Presbyterian Church in Marin City.

Joseph B. Knighten is temporary chairman, with a working committee composed of Perison R. Knighten, Robert Council, Mrs. Eloise Brown, and Perry Howell.

Among topics to be discussed are relations between adults and youth, community pride and identity, and unemployment.

If you cannot find "Sing," the canned milk free of butterfat, at your grocer's write:

Supervisors To Finish Park Site Title Probe

The Marin County Board of Supervisors voted yesterday to finish its investigation into the ownership of the Brazil-Souza property on the Marin coast.

Title to the property, contemplated as an addition to Mount Tamalpais State Park, rests principally with the First Christian Church of America. The supervisors originally directed an inquiry into the tangled financial picture on the land's ownership, then told the county counsel's office not to devote any more time to it after it appeared that the state and church had completed a purchase agreement.

The 3-1 vote to go ahead and wind up the investigation was over the objections of Supervisor Thomas T. Storer, who warned that the investigation could now add nothing to acquisition of the property by the state and might trespass in the area of "slander" against the property's owners.

Storer told the supervisors they could "rock the boat" on acquisition of the property for the park and he said the money set aside by the state for Marin parks "might well go south."

Supervisor John F. McInnis retorted that the county's investigation is not a criminal one and added, "when you drop something like this, a lot of people wonder if you are covering up something."

The county counsel's office has spent $300 on researching the title picture and now needs to spend about 50 hours more compiling the information.

Supervisor Ernest N. Kettenhofen initiated the move to complete the investigation and make its results public.

Supervisor Peter H. Behr was absent.

Marin Health Aides List 27 Strep Cases

There were 26 cases of streptococcus infections reported last week to the Marin County Public Health Department.

Eleven cases of mumps, two of infectious hepatitis, one each of measles and tuberculosis were found in the county.

Sounding Board Topic: Synanon's Expansion Plans

Synanon's plans for expansion in Marin County will be discussed on the KTIM "Sounding Board" program at 9 a.m. Thursday.

Synanon wants to purchase the Upland Apartments in Corte Madera to use as a treatment center for former drug addicts.

The panelists on the program, moderated by Kitty Oppenheimer, will be Dan L. Garrett, director of the San Francisco division of Synanon; William Quinn, manager of Synanon at Marshall, and two residents of Corte Madera, Mrs. Erwin Farkas and Mrs. Donald Maas.

Marinite Will Host A Salute To Italy

A program featuring Italian music will be broadcast weekdays from 9 to 10 p.m. on radio station KTIM beginning Monday.

Aldo Pasquinelli of Corte Madera will be host and direct the Italian language program to be called "Italian Festival of Marin."

Create Fanciful Gelatin Salad For Special Valentine's Meal

EVEN IF YOU can't give your Valentine such opulent gifts as islands complete with castles—such as Heart Island, one of the East's famous 1000 Islands—you can serve this delightful gelatine salad, molded in an easy-to-make, heart-shaped foil pan. The salad, seasoned with bottled Thousand Island dressing for sprightly flavor, has two delicious layers filled with chicken and ham, and varied vegetables. A thousand compliments will be yours!

For Valentine's Day, would you like to receive an entire island, shaped like a heart, complete with a castle? Back in the 1900's, George Boldt, then owner of the famous Waldorf Astoria Hotel, gave his wife this magnificent gift. Heart Island, one of the charming 1000 Islands which lie clustered in the St. Lawrence River between the U.S. and Canada, was built as a monument to their love.

HE RECUT the island to resemble a heart and modeled the palatial structure after castles on the Rhine. Today, Heart Island is open to visitors, and each summer, thousands of vacationers meander through the huge rooms, recalling the splendor of bygone days. It's a treat to visit and to see!

But, aside from being a mecca for romantics and a modern family resort, the 1000 Islands are famous for yet another treat. Thousand Island dressing, of course! It was in this scenic area that America's favorite salad dressing was first served — hence, the name. You'll find the piquant dressing especially delicious in this fanciful gelatin salad created for a special Valentine's Day meal.

IF YOU DON'T have a heart-shaped pan, you can easily make one yourself from a cutout cardboard and heavy duty super strength aluminum foil. The gelatin salad itself is made in simple steps: one layer, chock full of chicken and ham, is seasoned with the peppy Thousand Island dressing for the most perfect flavor you could wish for! The second layer is loaded with varied vegetables and when the entire mold has completely set, snip down the side of the foil pan — garnish with clipped parsley, if you wish — and serve the prettiest valentine ever. Your gift may not be an island-with-castle, but it'll earn you a thousand compliments anyway!

A THOUSAND ISLAND VALENTINE MOLD

½ cup cold water
2 envelopes unflavored gelatin
2¼ cups boiling water
2 tablespoons vinegar
¾ cup Thousand Island Dressing
2 cups chopped cooked chicken
1 cup finely diced cooked ham
1 cup finely diced peeled cucumber
⅔ cup chopped celery
½ cup shredded carrot
½ cup thinly sliced radishes
½ cup diced green pepper
1 teaspoon prepared horseradish

In each of two bowls containing ¼ cup cold water, soften one envelope gelatin. To one bowl add ¾ cup boiling water, 1 tablespoon vinegar and Thousand Island dressing. Blend in chicken, ham, cucumber. Pour into prepared foil mold or 6-cup mold. Chill until set but not firm.

To the other bowl of gelatin add 1½ cups boiling water and the remaining vinegar. Chill until syrupy. Add celery, carrot, radishes, green pepper and horseradish. Pour over set layer in pan. Chill until firm (about 6 hours).

Loosen edge of mold with knife. Cut 6 evenly spaced slits down side of foil mold; roll back foil. Garnish with parsley, if desired. Makes about 6 servings.

To prepare mold: Cut a 9-inch cardboard heart and place between two sheets of heavy duty super strength aluminum foil, 4 inches larger than heart on all sides. Bend up edges of foil around heart to form mold 3 inches high.

Franks In Cabbage

At cocktail time, insert small frankfurters in a head of cabbage and serve the franks with a tangy sauce. To prepare the cabbage, choose a dark green head, rinse thoroughly and dry. Trim base so head will stand steady. Curl loose outer leaves down and away from the head.

Salad Puerto Vallarte Is Eye Pleasing Entree

"Salad Puerto Vallarte" is a colorful mixture of small, browned beef cubes, fresh tomato and avocado slices. The base for each serving of this eye-pleasing, aromatic concoction is a "raft" (crosswise slice) of western iceberg lettuce.

Serve this unusual entree salad with a fresh citrus fruit cup and, for dessert, an easy-to-make yellow cake topped with a sour cream chocolate frosting and sliced almonds.

SALAD PUERTO VALLARTE

1 head western iceberg lettuce
1 lb. ground chuck
¼ cup corn oil
2 tablespoons flour
¼ cup vinegar
2 tablespoons Worcestershire
¼ teaspoon bottled brown gravy coloring
2 teaspoons onion powder
1 teaspoon salt
¼ teaspoon savory, crumbled
⅛ teaspoon thyme, crumbled
⅛ teaspoon pepper
¼ lb. fresh mushrooms, sliced
1 cup hot water
Tomato slices
Avocado slices

Core, rinse and drain lettuce; store in refrigerator in plastic crisper or disposable plastic bag. Cut head crosswise into four 1-inch think slices; place on cooky sheet (save end pieces for tossed salads).

Brown chuck in oil in skillet; sprinkle with flour and mix to coat. Mix in vinegar, Worcestershire, gravy coloring and seasonings. Add mushrooms and hot water and cook, stirring until thickened.

Run lettuce slices into moderate oven a few minutes just to take the chill off. Place on luncheon plates. Spoon meat mixture over lettuce; top with colorful tomato and avocado.

Makes 4 servings.

It's Different

Here's a different idea, and one the youngsters will enjoy. Mix instant chocolate-flavored mix (the kind used for milk drinks) with sugar and cinnamon and sprinkle over hot buttered toast.

Valentine Popcorn Hearts— Easy For Kiddies To Make

Hearts and flowers and happy parties spell Valentine's Day. Here is a new idea for party food for the younger set . . . Valentine Popcorn Hearts.

The cake is really a molded Bavarian Cream frosted with whipped cream. The hearts are so easy to prepare the children can have the fun of helping to make them. Just pop the corn in its own foil fry pan. Then mix the syrup and the popped corn and shape the mixture into hearts. For easy shaping, outline heart patterns on aluminum foil. Press popcorn mixture into outline to shape hearts or press mixture into individual heart molds to shape.

Press some of the popcorn hearts on sides of molded dessert for decoration and serve the remaining hearts as extra cookies with the punch.

POPCORN HEART COOKIES

1 (5 oz.) package popcorn
¾ cup sugar
¾ cup light corn syrup
1 teaspoon red food coloring
dash peppermint flavoring extract

Outline heart shapes on aluminum foil. Pop corn according to package directions. Mix sugar and corn syrup together. Place over medium heat and cook, stirring constantly, until sugar has dissolved, about 5 minutes. Remove from heat. Stir in vanilla, food coloring and peppermint extract. Pour syrup over popped corn. Mix well. Place over medium heat and cook, stirring until popcorn begins to stick together. Remove from heat. With very well greased hands, shape mixture into hearts using outline forms on foil. If mixture begins to harden, place over low heat to keep mixture workable. Makes about 12, 3" hearts.

BAVARIAN CREAM

2 envelopes unflavored gelatin
1 cup sugar
¼ teaspoon salt
4 eggs, separated
2 teaspoons vanilla
2 cups heavy cream

Mix together gelatin, ½ cup sugar and salt in saucepan. Beat together egg yolks and milk and add to gelatin mixture. Place pan over boiling water and heat, stirring constantly, until gelatin is dissolved. Remove from heat and add vanilla. Chill mixture until the consistency of fresh unbeaten egg whites. Beat egg whites until stiff and moist. Slowly beat in remaining ½ cup sugar until stiff. Whip cream until stiff. Gently stir gelatin mixture into beaten egg whites. Stir in whipped cream. Spoon into 2 quart mold and chill until firm. Unmold. Frost with whipped cream and garnish with popped corn cookies.

VALENTINE Popcorn Hearts are sure to delight the younger set for the party at your house. The cake is a molded Bavarian Cream frosted with whipped cream. The popcorn hearts are easy for the youngsters to prepare.

Robert Murray Ranch

Traveling never improved any milk, or made it any fresher. In Clover Country you can buy milk produced at a neighbor's ranch, just by going to your neighborhood food store that carries Clover Brand. And what a satisfaction it is to know that when you buy Clover Brand Milk and other dairy foods, you're not only getting the best there is—you're helping promote Clover Country's growth and prosperity. Look for Clover Brand dairy foods next time you shop. Clover's not hard to find—when you're in Clover Country.

SCHOOL BOOKS AND CLOVER

Kids in Sonoma County have for years been protecting their schoolbooks with covers donated by Clover.

Nearly half a million schoolbook covers are distributed by Clover every year at no cost to the taxpayer.

Your purchases of Clover Brand Dairy Products make it possible for Clover to continue this and many other community services.

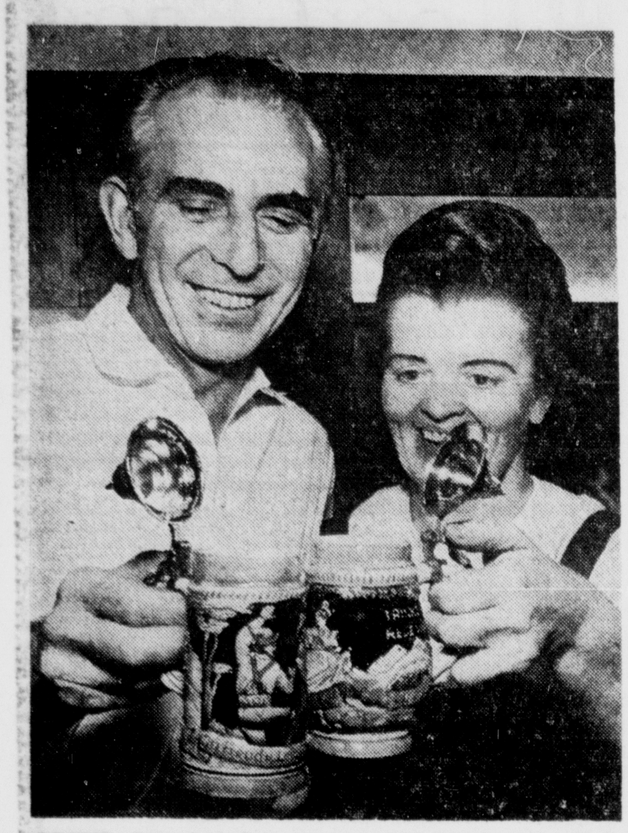
Restaurant Owners Newest U.S. Citizens



PROSIT—Two of Marin's newest United States citizens, Bob and Meta Kringe drink a toast to the future at the Black Forest Inn in San Rafael, the Fourth Street restaurant they have operated since 1964. Both German born, they have been in California since 1957. (Independent-Journal photo)

A German husband and wife, who arrived in this country 11 years ago with nothing and are now popular restaurateurs in San Rafael, are two of Marin's latest United States citizens.

Meta and Bob Kringe, owners and operators of the Black Forest Inn on Fourth Street, took the naturalization oath together at ceremonies in San Francisco last month.

Meta Kringe admitted that her lack of the English language at first held things up a little when she began studying for citizenship.

"My husband was ready to become a citizen a long time ago but he was determined to wait for me," she said. "We were so busy at the beginning, we couldn't find time to study but we were finally able to fit it in at nights and on weekends."

Kringe, born in Cologne, and his wife, a native of Wertheim, near Frankfurt, were married in England 18 years ago after his release from a prisoner of war camp.

Kringe, who has had 30 years experience as a chef, came to the United States first "to see what it was like" and his wife followed five months later.

He worked for a time as chef at The Dock in Tiburon before the couple opened their restaurant in San Rafael in 1964 after an initial venture with a coffee shop at a medical building at 711 D Street.

"There is no place anywhere like Marin County," said Mrs. Kringe. "Please say how much we are grateful to our many American friends for their kindness and help during these years."

Other new citizens in Marin during January were:

SAN RAFAEL — D. Cunninghame-Blank, 39 Estates Court; Mary C. Egan, 116 Hawthorn Way; Klaus D. Martin, 1452-A Lincoln Avenue; Eleonore C. M. Schmiedling, 111 Marina Boulevard; Alfred and Agnelina Silveira, 7 La Loma Court, and Shamiran Tumazi, 626 Gallerita Way.

FAIRFAX — Roland G. Beander, 19 Crescent Circle; Marie E. Goeree, 33 Merwin Avenue Apt. 9, and Eugenie S. Peters, 155 Lansdale Avenue.

MILL VALLEY — Margaret P. Crichton, 11 Ryan Avenue; Andre M. Jouanjus, 24 Lomita Drive; Henricus G. Van de Ven, 220 Sunnycrest, and Henry and Frances Young, 523 Pineo Avenue.

SAN ANSELMO — Olof and Ulla Malmlof, 464 Laurel Avenue, and Bjorn J. Werring, 274 Butterfield Road.

NOVATO — Rosa A. Medeiros, 1955 Novato Boulevard; and Roberto J. Lechuga, Hamilton Air Force Base.

WOODACRE — Cornelis P. and Elisabeth Goeree, 21 Madrone Avenue.

SAUSALITO —Mike Micone, 114 Filbert Street.

Doctor's Attorneys Ask Charge Killed

Attorneys for Dr. Donald Churchill of Sausalito, charged wil illegally prescribing narcotics prescriptions and falsifying medical records, asked suppression of the charges in a court hearing today.

The hearing in Department 22 of San Francisco Superior Court in the Hall of Justice was continued to Feb. 16. Churchill, 49, of 106 West Street, was arrested at his San Francisco office Jan. 16.

Convention Center Finally Off Ground

LOS ANGELES (AP) — The city's long-awaited $38.5 million convention center was off the ground today with the sale of $18 million in revenue bonds to a group of brokerage houses headed by Merrill Lynch, Pierce, Fenner & Smith.

The money will buy property in a 32-acre site at Pico Boulevard and Figueroa Street, and pay for razing buildings, clearing the land and designing the center.

40,000 Tons Of Garbage Litter New York Streets

NEW YORK (AP) — The leader of a five-day strike by sanitation men begins a 15-day jail term today for defying a court's back-to-work order as 40,000 tons of garbage—enough to fill 666 railroad coal cars—lie moldering in the streets.

John J. DeLury, president of the striking Uniformed Sanitationmens' Association, was sentenced yesterday and fined $250 for criminal contempt under the state's Taylor law which forbids strikes by public employes.

State Supreme Court Justice Saul S. Streit continued to today a hearing on contempt charges against the union itself. Under the Taylor law the union could be fined up to $10,000 a day or $1 a day for each of its 10,000 members.

Meanwhile the garbage piles grew apace with no progress reported in negotiations aimed at ending the walkout. The 40,000 tons already on the streets is enough to fill a freight train nearly nine miles long.

In one concession, DeLury said the union would resume garbage pickups at hospitals, schools and other places which the city will designate for emergency collection. He said the men would work without pay.

Residents of a five-block area on the lower East Side took their own action by dumping trash and garbage in the streets. One block on 10th Street was closed until 2 a.m. and several fires broke out.

In other developments Mayor John V. Lindsay announced that 200,000 plastic bags for garbage would be distributed free to residents today and also designated sites where the public can burn trash under fire department supervision.

Gov. Nelson A. Rockefeller ordered the state Civil Defense Commission to work with city's Emergency Control Board on plans to deal with the garbage accumulation and the possibility of snow.

An imaginary line connecting Bermuda, Florida and Puerto Rico encompasses about 440,000 square miles of open sea called the Bermuda Triangle. Though many ships and planes travel the triangle each day without mishap, an unusual number have vanished there without a trace.

Paper Strike Talks Again On Friday

SAN FRANCISCO (AP) — Both sides in the 33-day-old newspaper strike planned to meet Friday afternoon to discuss proposals made in a five-hour session.

Yesterday's negotiations were the first since Jan. 24. The independent morning Chronicle, and Hearst's afternoon Examiner have not published since since Jan. 5, when the Mailers-ers union struck the San Francisco Newspaper Printing Co., which puts out both papers.

Representing the company in the talks is the San Francisco Newspaper Publishers Association, which also represents the Oakland Tribune and the San Jose Mercury and News.

Mailers Union contracts have expired at all four papers, but the contract under dispute is with only the jointly owned San Francisco Newspaper Printing Co.

The mailers are contesting all phases of the contract, including automation.

Negotiations resumed after the mailers proposed them to the publishers association.

A monument in Enterprise, Ala., honors the boll weevil, whose depredation of Alabama cotton caused the Enterprise area to abandon a one-crop economy. Diversification of crops brought prosperity.

BEST-SELLER
WANT-ADS

Hey, fatso

Just a gentle reminder that dieting is the price you pay for stuffing yourself during the holidays. And that most sound, sensible diets include dairy products that are low in butterfat. And that ours always taste good because they are always fastidiously fresh.

AT HER HOME in Sausalito Mildred Coughlin polishes the copper plate of her etching of "Madison Square Garden" in New York. She works in many other media too—water colors, lithographs and oils. She is especially interested now in doing more oil painting and water colors.

New Marin Artist Depicts World Of Show Business

By MAYBELLE SPECKMANN

Mildred Coughlin, a nationally and internationally recognized artist, is a fairly recent newcomer to Sausalito and is showing some of her work in Marin for the first time in an exhibit through Feb. 25 at the Tiburon Gallery.

Her work is in many media — water colors, lithographs, drawings, oils — and she has designed fabrics and painted murals on the walls of homes. Subjects include landscapes, flowers, buildings and portraits, but some of her most unusual work is in her commentary on the world of show business.

AS THE WIFE of the late playwright-producer Patterson McNutt, the artist had many contacts on Broadway in New York and in Hollywood with the characters in this world, both at work and at play in such places as the famed Brown Derby.

With a keen sense of humor and gentle satire she has recreated with nostalgia the era of the 1930s, picturing chorus girls, actresses, actors and directors and their wives and many other people connected with show business.

Her amusing lithographers of life in the Hollywood of the late 1930s are considered among the best graphic records of this era. She also did drawings of stage sets designed for use in Hollywood motion pictures.

"WHEREVER I went with my husband — to restaurants, clubs or on stage sets," she says, "I made the sketches

Continued on page 21

MILDRED COUGHLIN'S lithographs of life in the Hollywood of the late 1930s are considered among the best graphic records of the time. At left is a water color entitled "Roll 'Em," showing an actress chatting with a director as the cameras roll. Center is "Directors' Wives" at cocktails, and right is a lithograph of "Preview," recording the opening of the movie "The Great Ziegfeld."

(Independent-Journal photos by Jim Kean)

SELECTING SOME of the work she is showing there to Feb. 25 at the Tiburon Gallery is Mildred Coughlin, who now lives in Sausalito. She holds "Close Shot," a lithograph in which cameras are focusing on a scene in the movie "Winterset." It won the International Prize silver medal in Paris. On the table is "The Paddock" showing the Santa Anita race track, which is in the print collection of Pennsylvania State University.

Child Development Center Considers Independent Move

Charged with developing guidelines for the future growth of the Marin Child Development Center, steering committee members held their first session Monday at the home of Mrs. Thomas Fleming Jr. in Belvedere.

Mrs. Robert Bastian, executive director, outlined the progress made by the center since its formation four years ago, under the sponsorship of the Belvedere Nursery School, Inc. A program for marginally handicapped children which involves nursery school and primary teachers as part of a team of medical-social welfare and education authorities has been offered weekday afternoons at the Tiburon Nursery School in the Westminster Presbyterian Church complex in Tiburon. The pilot program, designed for troubled children 3 to 7 years old, is one of about 10 in the United States, and the only one in Northern California, according to Mrs. Bastian.

Supplementing the tuition charges, which meet less than 10 per cent of the budget, are private foundation grants, with the main support coming from the William Babcock Memorial Endowment.

Twenty young children with social and learning difficulties are now attending the Child Development Center in Tiburon.

The steering committee will consider such questions as whether the center has outgrown sponsorship of the Belvedere Nursery School and should be incorporated as a non-profit institution by itself; relocating in an area more accessible to all parts of Marin; reorganizing as a center for environmental pediatrics, where many therapies would be available to assist the youngsters and preventive and rehabilitative studies could be undertaken.

Mesdames Neal Regin and Thomas Fleming Jr., both of the Belvedere Nursery School, Inc., are co-chairmen of the steering committee. Other members are Mesdames James Clark, Marin Foundation; Rafael Bricca, Golden Gate Kindergarten Association; Albert Harris, former Belvedere Nursery School trustee; Harris Carrigan, board member of the Mental Health Association of San Francisco; John O'Neill, Golden Gate Kindergarten Association; Donald McCune, past president, Belvedere Nursery School, Inc. Wallace Scott, past president, Sunny Hills board of directors and president of Marin Charitable Foundation; and Frederic Palmer, Sunny Hills Board. Mrs. John Manwaring, Child Center and Marin Charitable Foundation, also sat in on the first meeting.

Dr. H. E. Thelander, retired chief of pediatrics of Children's Hospital, Mrs. Bastian, and Mrs. Wyman Hicks, principal of the center, will be available to the committee as advisers.

Barbara M. Cass Engaged To Wed

Announcement has been made of the engagement of Barbara Mary Cass of San Rafael and Dan R. Jones of Spokane, Wash.

The bride-elect, daughter of Capt. (U.S. Coast guard ret.) and Mrs. Vincent J. Cass of San Rafael, was graduated from Marblehead High School in Marblehead, Mass., and attends the University of San Francisco. She is the sister of Michael, Stephen, John, Angela and Drew Cass of San Rafael. Mrs. Clarence Witherspoon of San Rafael is her grandmother.

The future bridegroom, son of Mr. and Mrs. Paul Strong of Spokane, was graduated from Gonzaga School in Spokane and also attends the University of San Francisco. Tom Jones of Spokane is his brother.

ON THE AGENDA

State Education Assistant Will Speak To North Marin P-TA Units

Dr. Alex C. Sherriffs, Gov. Ronald Reagan's special assistant for education, will be guest speaker at the combined North Marin Council Parent-Teacher Association founders day program at 8 p.m., Feb. 14 at San Jose Junior High School.

Dr. Sherriffs received his Ph. D in psychology from Stanford University in 1946. He is professor of psychology and vice chairman of the department of psychology at the University of California.

Seven local P-TAs will participate and honorary life memberships will be presented to those who have given outstanding service to youth. Schools and the chairmen are Mrs. William Tomsky, Rancho; John Thorssen and Mrs. Edward Ghirardo, West Novato; Mrs. Dale Turner, Meadow Park; Mrs. Laurence Henegar and Mrs. Alton Fountain, Pleasant Valley; Mrs. Vincent Gendusa, Pacheco; Mrs. Robert Listman, Marion; and Miss Carol Lipman, San Jose Junior High School.

Mrs. Ernest Stevens is founders day chairman for the council.

DECOR NOSTALGIC of early life in Mill Valley will set the mood for the annual jinks following an "our woman's club then and now" theme for the **Outdoor Art Club** in Mill Valley tomorrow.

Sherry at noon will precede the 12:30 p.m. luncheon.

The program will include history of the club given by members who helped make it, and chairmen Mrs. Harvey Mielenz, who grew up in Mill Valley, has gathered old and new ideas which may bring chuckles or tears.

Mrs. Jack Shapiro will provide appropriate music.

Members have been requested to come in a costume, old or new, but not "your everyday clothes." Those not in costume will be fined. Judges for the best outfit will be Mesdames Homer Hixon, Laurain Wahlquist and Frank Schroeder.

Heading committees are Mesdames William Pemberton and William R. Bacon, sherry; Howard Bleyle, Samuel Bagshaw and Marcel Ehrer, luncheon; and Bernard Benesh and Arnold Deckman, reservations.

JUNIOR PAST Noble Grand Mrs. Erland Jensen will be honored tomorrow by a program, gifts and pictures following meeting of **Blythedale Rebekah Lodge** in the Mill Valley Odd Fellows Temple. Mrs. Connie Ford is chairman.

MRS. LEA NELIGH, owner and operator of a figure salon, will speak to the **Sisterhood of Congregation Rodef Sholom** at noon tomorrow at the temple. Mrs. Neligh will speak on proper exercise techniques with members and guests participating in the exercises.

A VALENTINE luncheon to raise funds for its charities will be given by the Italian Catholic Federation Branch 116 on Feb. 15 at 12:30 p.m. in St. Rita's parish hall in Fairfax. Mrs. Frank Phillips is chairman. Committee chairmen include Mesdames Angelo Petri, Ernest Giono and Thomas Harral. Red hearts will decorate the hall.

BEL MARIN Keys Women's Club will sponsor a Valentine dance at 8:30 p.m. Saturday, in the Bel Marin Keys Pavilion. Mrs. Louis Kapler is chairman, assisted by Mrs. Al Pearce and Mrs. Claude Sempf. Mrs. James Zoeller is in charge of decorations, and Mrs. Edward Wolthers is invitation chairman.

A midnight buffet will be served.

MRS. WILLIAM A. Fusselman will compare current autobiographies at the **Literary-Drama Section** meeting of the Tamalpais Centre Women's Club Friday in Kentfield. Dessert will be served at noon, with the program following.

MARIN CHAPTER, American Red Cross, announces a need for volunteers to visit patients at Napa State Hospital, and serve in recreational therapy. In addition to Red Cross orientation, on the job orientation is provided. Transportation is provided to the hospital on Wednesdays, and volunteers have the opportunity to help patients from Marin. The hours, including transit time, are from 9 a.m. to 3 p.m.

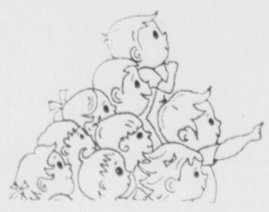
Adults Imagine Concrete Objects In Children's Art

By PATRICIA McBROOM
Science Service



The adult view of children's art tells more about the adults than it does about children.

Let a three-year-old loose with paper and pencil and he will draw abstract designs. Let an adult loose with his imagination and he will see in the drawings boats, houses, cars and people — if he stretches a point.

Adults expect to see the concrete in children's art and so a triangle on top of a rectangle becomes a boat. But to the child it's a triangle on top of a rectangle.

By pointing out resemblances to concrete objects, adults adulterate the child's art and direct him toward pictorial drawing, says Rhoda Kellogg, a San Francisco educator and authority on children's art, whose recently new book, "The Psychology of Children's Art" (CRM-Random House; $7.95), is receiving substantial attention.

Her latest book, "Analyzing Children's Art," is due for publication in March. It will be a more detailed, documented case for the Kellogg theories and should command attention from the psychological profession.

MISS KELLOGG, executive director of the Golden Gate Kindergarten Association, speaks from 40 years of experience with children when she says their art follows a natural progression through sets of abstract designs the same the world over. Each child modifies the designs accordings to his own promotings, but only gradually realizes that they resemble real objects.

If her thesis is true — it challenges the validity of all the art-based tests used to measure emotional health and intelligence in young children. More importantly, it may provide a rich new basis for evalutating growth in children.

For years, psychologists have used drawings to test the very young, in particular the Goodenough Draw-A-Man scale which rates a child's mental-emotional development by the way he draws a human figure.

Draw-A-Man is easy to give and easy to score, when a child is suspected of either emotional disturbance or retardation, says Dr. Wayne Dennis, professor of psychology at Brooklyn College.

Supposedly based on natural children's art and standardized from 3,000 drawings, the Goodenough test places high priority on realism.

The child, for instance, gets one point for indicating eyes in any manner, more points if the eyes are oval-shaped, have pupils and eyebrows. Appearance of fingers is another index of mental level.

THIS IS PURE fantasy, "a psychological ritual with no scientific validity," says Rhoda Kellogg. Despite statistical trapppings, the evidence on which the test is based is "so meager and highly selected as to be absurd," she says.

Dr. Robert Heath, psychologist at Stanford University's Research and Development Center on Teaching, tends to agree. "One gets pretty skeptical of that after seeing the Kellogg material."

Dr. Heath ran a pilot study on the Kellogg collection two years ago when he was with the Educational Testing Service. He saw a definite sequence in art corresponding to growth, and it was possible to pinpoint the times when a child first begins drawing the human face and when cultural influences first appear.

"Up to a certain age, you see no cultural differences," says Dr. Heath. Then, quite distinctly, a scribble by an Oriental child looks Oriental; it is colored in pastels for one thing, while an Arab child scribbles in strong hues.

Dr. Heath agrees with the Kellogg thesis that children's drawings, properly analyzed, could be used to predict and measure mental development, but so far the money to do the job isn't available.

The Kellogg collection offers half a million drawings, says Dr. Heath. "If you could get a grant and do a statistical analysis of them, it would be well worth the money." Today there is a "lot of witchcraft" involved in testing nursery children's growth, he says.

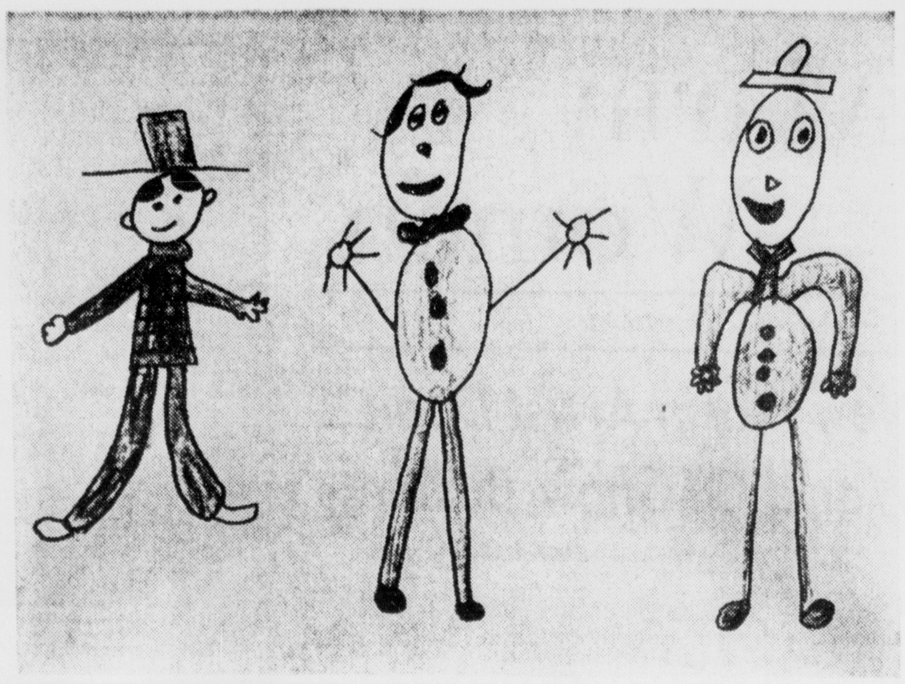
Miss Kellogg criticizes the Draw-A-Man tests on several grounds. In the first place, she points out, a child changes his drawn human figure so much and so often, he cannot be judged by one sample. One week he may rate as a three-year-old on the test; the next week, he may score as a five-year-old.

Secondly, the child is not copying nature, unless his expression has been channeled by adults, says Miss Kellogg. In fact, his first drawings of the human look very strange — arms come out of the head and the body resembles a round ball.

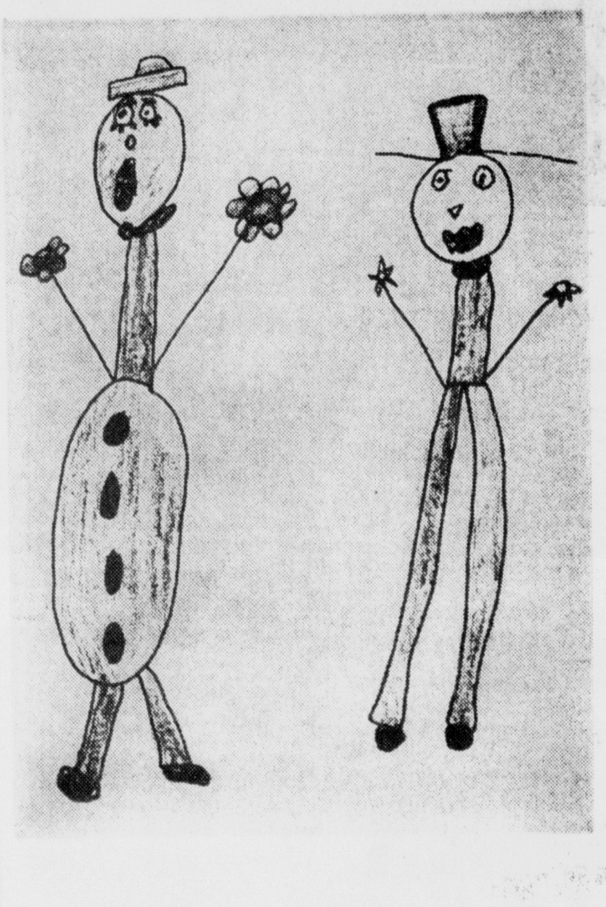
SHE EXPLAINED that children build a human figure from the abstract designs of earlier stages. A sun, for instance, perennial symbol in children's art, becomes a human face and its rays, human arms — thus the arms come out of the head.

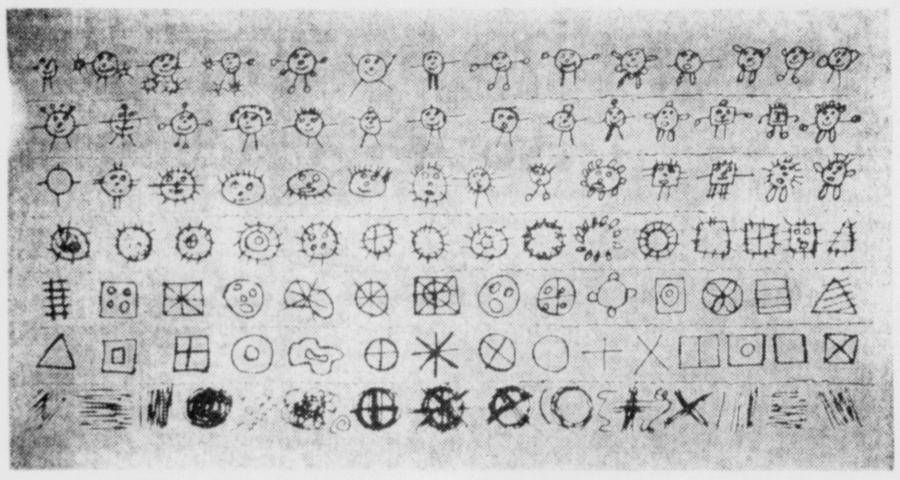
According to the Kellogg theory, natural child art follows this progressing: At

Continued on page 21



CHILD'S EYE VIEWS—The liberties children take in drawing the human figure are shown in this series of five, drawn by one seven-year-old child in a week's time. On a standard Draw-A-Man test, this same child would receive different intelligence ratings according to the drawing used.





STAGES IN ART—From his scribbles at the age of two, a child builds abstract shapes that form the basis of later art. Soon the sun appears, then is modified to make a face. The sun rays become arms and legs—thus, in early drawings of humans, arms and legs come out of the head. The stick figure is an adult invention; in natural child's art, human figures are usually round. (Science Service photos from the Kellogg Collection.)

MARIN DATEBOOK

Tonight:

CORNHUSKERS SQUARE Dance Club, 8 p.m., Legion Hall, Larkspur. Harry Whitlock, caller.

NOVATO STUMP Jumpers Square Dance Club, 8 p.m., IDESI Hall, Novato.

CHURCH WORLD Service, 10 a.m., Church of Our Saviour, Mill Valley.

WOMEN'S GUILD, San Geronimo Presbyterian Church, 1 p.m., church lounge.

DRAMA SECTION, Novato Branch AAUW, 9:30 a.m., home of Mrs. Peter Pirretti, 588 Fairway Drive, Novato.

UNITED PRESBYTERIAN Women, noon, Canoles Hall, San Rafael Presbyterian Church. Luncheon. Speaker, Marion Kelley of Volunteer Bureau. "Gifts, Grace and Power — Woman Power." Cindy Green will sing.

AUXILIARY TO VWWI Marin County 550, noon, Community Recreation Center.

Novato Sunny Hills' President Has Traveled America, Europe

Knitting, bridge, bowling and travel are among the interests of Mrs. Harry E. Clausing, the new president of the Novato Sunny Hills Guild I.

MRS. HARRY CLAUSING

She has traveled through every state in the union with the exception of North Dakota, Mississippi and Alabama, most of Canada and Mexico and toured 19 European countries, spending seven years in Germany. She says "Marin County is the best."

Isabelle or "Buddy" Clausing as she is known to her friends, and her husband, now retired, reside in Novato.

Serving with Mrs. Clausing will be Mesdames John McBeath, vice president; Charles Martineau, secretary and Donald Donahue, treasurer.

Chairmen are Mesdames Robert Weber, Louis Ondrasek and Stanley Harmon, rummage sale; John Lee and Jack Wagner, Grape Festival and Chester Kiesel, publicity.

Officer Enjoys Traveling

A Marin County resident for 25 years, Mrs. Walter R. Hulme of Novato was elected president of the United Presbyterian Women of the Novato Presbyterian Church.

Reading, listening to music and traveing are enjoyed most by the new president. Her other interests include being a member of the Audubon Society, Sierra Club and Nature Conservancy. She is also a member of the Novato Senior Citizens Club, the Novato Garden Club and the Novato Book Club.

She has been a member of the United Presbyterian Women for 15 years and has served as a department chairman and circle leader.

Officers to serve with Mrs. Hulme are Mesdames John L. Catlin, secretary; Harry H. Dohm, treasurer; Mark A. Wills, circle coordinator; Mesdames James Harrington Jr., Dohm and Frank L. Raney, circle chairmen; James W. Heidinger service coordinator; Warren L. Clark, fellowship coordinator; Melvin J. Rupp, nominating committee chairman; Harry S. Eide, Church Women United representative; and J. Hudson Ballard, Seminary Auxiliary representative.

HELEN HELP US!

By HELEN BOTTEL

Turn The Tables On Husband When The Baby Cries At Night

DEAR HELEN:

Our baby has colic, which gets worse at bedtime. She cries, and I can't leave a baby in pain. So my husband storms to bed like a bull, giving me disgusted looks, as if I have some secret way of making our daughter get a stomach ache.

I'm a normal woman, and I love my husband, but I resent his come to bed attitude. I think love should be mutually shared, not something to get mad over.

With an impatient husband in the bedroom and a screaming, colicky baby in arms, what should I do?

EXASPERATED

DEAR EX:

Why not turn the tables on your big baby? Let him walk the floor with his small daughter, while you wait in bed.

H.

DEAR HELEN:

My hubby is going on 70. Lately he tells fibs it would make your hair curl to hear.

My daughter always sends me a hundred-dollar check for my birthday. Today I found the card, but no check. I asked John, and he said I was away when it came so he took it and had a good time at a bar. I can't believe that. Please tell me how I can get the check back if it is not spent by now?

MRS. Y

DEAR MRS. Y:

Either your husband has developed a zany sense of humor, or he had himself a whale of a good time. Let's hope it's the former, and the check has not yet been mailed, or is hidden in the sugar bowl.

H.

DEAR HELEN:

Here's another way to occupy those spare retirement hours. I have been helping teach unfortunate people how to read.

"Each One, Teach One" is the name of the program, and until you try it, you can't imagine how much fun it is to see someone's eyes light up when he first reads a word he has only been saying for years.

Very few companies have jobs for illiterates, as they must know how to read to recognize hazards. Or try cooking, when you must smell the difference between pepper and cloves.

If you can't find the "Each One, Teach One" program in your area, write to Literacy Volunteers, Inc., 339 East Onondaga St., Syracuse, N. Y., 13202.

From a small committee of dedicated people has come this non-profit corporation which has so much to offer both teachers and students. The best part: you don't need special, extensive training to be a teacher here.

HELPER

DEAR HELEN:

"Researcher," who says teens follow instructions better than adults, is so right. I am in information telephone operator and all day long I give instructions.

The teens are much, much more alert. They can get the number the first time you say it, but with an adult it may take three, four or more times to get the point across.

MISS REPEATER

P. S. Maybe if people brought a pencil to the phone it would make it easier on us overworked gals!

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help you. Address Helen Bottel in care of The Independent-Journal.

Larry J. Gordon Weds Miss Hicks

The First Methodist Church in San Rafael was the setting for the wedding of Bonnie Susan Hicks and Larry James Gordon of Concord Saturday.

The daughter of Mr. and Mrs. Fred R. Hicks of San Anselmo, the bride chose Mrs. C. W. Gallup Jr. of Wayne, Ill., her sister, as matron of honor. Katie Pease of San Anselmo was the bridesmaid.

Best man for Larry was James Mearten of San Leandro. Seating guests were Don Foster of San Anselmo and Wilfred Thomas of Concord.

A reception followed at the Hicks home in San Anselmo. After a Carmel wedding trip the couple will live in Concord.

Bonnie is a Sir Francis Drake High School graduate and attended College of Marin. She formerly has been employed as a Marin home health aide visiting nurse. James T. Hicks of Mission Hills is her brother.

Mr. and Mrs. Chester Gordon of Big Fork, Mont. are the bridegroom's parents. He was graduated from high school in Big Fork and attended Chabot College in the East Bay. He is employed with Watkin and Sibald Associates in San Anselmo.

Marin Artist Paints In All Media

Continued from page 19

with paper and pencil, working with my hands below the table. I later used these as part of larger compositions."

A graduate of Wellesley College with major in art, Miss Coughlin continued her studies at the Art Students League in New York and the Ecole des Beaux Arts in Paris, and spent much time in Europe. Her etchings are largely scenes of old Paris, Brittany, Normandy and England.

Her prints have been exhibited in Italy, France, England and Japan, as well as in all major shows here in America. Among owners are the National Collection of Arts, Washington, D.C., the Library of Congress, the Metropolitan Museum in New York City, the New York Public Library, the Bibleotheque National in Paris and many important collectors.

The artist moved to Sausalito from New York City two and a half years ago in order to be near her children. Her son, Bradford McNutt, lives with his wife and three children in Sausalito, and her daughter, Mrs. John Stibor, and her husband and two children live in South San Francisco.

ADULTS

Continued from page 20

the age of two, a child starts to scribble. His scribbles are not random, but fall into 20 basic patterns that form the basis for later symbols.

The shape stage begins near the age of three with six symbols: circle, square, triangle, upright cross, diagonal cross and kidney shape.

From then until the time he begins to copy nature — which depends on how much adult guidance he has — the child modifies and combines these symbols to make pleasing designs. A circle crossed by one X or more makes the sun. It also makes a mandala, the Sanskrit word for magic circle, which is marked by perfect balance and symmetry. To draw humans, the child modifies his suns and mandalas.

From drawings collected in England, Egypt, the Philippines, Bali and Nepal, among other countries, and stored with the San Francisco material, it appears that the stages and symbols of early art are universal. For this reason, Miss Kellogg believes they are based on innate patterns of neurological growth common to all humans.

If so, children's art could well be a window on mental development, if properly understood, and a possible therapeutic method as well.

Diane Kennedy Is Engaged To Ned Ongaro

Mr. and Mrs. Francis Engel of Northport, Long Island, N.Y., are announcing the engagement of her daughter Diane Kennedy of Fairfax to Ned Ongaro of San Anselmo.

The bride-elect attended College of Marin and IBM School in Manhattan, N.Y. She is the sister of Francis Engel and Mrs. Richard Jenkins of New York. She is employed at Macy's in San Rafael.

The future bridegroom, son of Mr. and Mrs. Ned Ongaro of San Anselmo, was graduated from Sir Francis Drake High School and attended College of Marin. He served three years with the U.S. Navy and is employed with Sanitary District One in San Anselmo.

The wedding will take place on July 13 in San Anselmo.

Edward Kelly Of Fairfax Claims Bride At St. Rita's

Susan O'Brien of Colfax recited marriage vows with Edward J. Kelly of Fairfax in a ceremony at St. Rita's Church in Fairfax on Jan. 27.

Her attendants were Linda Gillespie as maid of honor, and Mrs. Joan Caldwell, Cherry Caldwell and Carol Cronin. Richard Trenholm served as best man, and ushering were Jay P. O'Brien, Barton O'Brien and Michael Dorini.

The bride is the daughter of Mrs. Martha O'Brien of Colfax, and the bridegroom is the son of Mr. and Mrs. Albert Kelly of Fairfax. He is a graduate of Golden Gate College in San Francisco.

A reception was given after the wedding at Deer Park Villa in Fairfax.

Nehru Threatens The Turtleneck

Watch out, all you males in turtlenecks. The fashion that's creeping up is the Nehru, or as it is variously called, the Mao or the Guru or the Punjab. See? The jacket that goes by all these names and threatens to squeeze the turtleneck out of its high-flown position has these characteristics: long and buttoned up to the top. A little stand-up collar circles the neck. No lapels. No breast pocket. It was first suggested as a style for Western man by a Parisian designer, Gilbert Feruch. Already, it's a rage among many young men in Europe. In America, entertainers like Sammy Davis and Buddy Greco are living in it. Gentlemen's Quarterly says so. (UPI)

Pat Kessler Will Marry Newt Trail

Engaged to wed are Patricia Ann Kessler of Tiburon and Newt Trail of Kaufman, Tex.

The bride-elect, daughter of Mrs. Gordon A. Kessler Sr. of Tiburon and the late Mr. Kessler, was graduated from Mt. Lebanon High School in Pittsburgh, Pa. and attended Pennsylvania State University. She is employed with I. Magnin and Co. in San Francisco.

The future bridegroom, son of the late Mr. and Mrs. Scott Trail of Kaufman, was graduated from Kaufman High School and attended Texas A and M. He is employed with Braniff International Airways in Dallas.

A spring wedding is planned.

FIGHT ON THE BARGE—This set design for the 1940 film "The Great John L.," is one of several in Mildred Coughlin's retrospective at the Tiburon Gallery through Feb. 25. Also in the show are watercolors, lithographs, etchings and oils from her work in the 1930s. (Independent-Journal photo)

Chamber Sets Installation

Charles Try, manager of the J. C. Penney store in San Rafael, will be installed as president of the Greater San Rafael Chamber of Commerce at the 47th annual membership dinner at Peacock Gap Golf and Country Club at 6:30 p.m. Feb. 20.

Troy E. Lewis and George Lawrence will be installed as vice presidents, Clifford S. Lund as past president and Hilton J. Simon as treasurer.

The chamber also will present a "man of the year" award and an outstanding service award, Lund reported. Certificates of appreciation will be presented to other members for their efforts, he said.

Wall Street, financial hub of America, got its name from a mud wall which Dutch Governor Peter Stuyvesant built in 1653 to keep the cows in and the British out.

Bitter Blast On Glamor Of Redwoods

WASHINGTON (UPI) — The proposed Redwood National Park in California, its supporters and its opponents received a verbal broadside yesterday from Rep. Wayne N. Aspinall, D-Colo.

The outburst came during a hearing by Chairman Aspinall's House Interior Committee on legislation designed to provide more funds for parks. It was aimed primarily at Interior Secretary Stewart L. Udall, who mentioned the California park among others for which more funds are needed.

MORE NATIONAL

"Redwoods are no more national than some of these other programs," Aspinall said. It bothers me to see priority given to some areas over others."

He accused Interior Department officials of favoring the Redwoods Park because "it has so much sex appeal and glamor compared to other proposals."

Aspinall also criticized "some people" for seeking to influence Redwoods legislation through newspaper advertising. He said the committee had received about 6,000 coupons clipped from the ads urging the committee to act on a Redwoods bill.

Newspaper ads have been published throughout the nation by both the Sierra Club, a San Francisco - based conservation organization, and the Georgia-Pacific Corp., which holds redwood lumbering interests.

The Sierra Club has urged citizens to write to the committee, the president, their congressmen and to Georgia-Pacific to ask that the Redwoods be "saved."

THREATENS ACTION

Georgia-Pacific, which was accused by the Sierra Club of cutting virgin trees which were proposed for inclusion in the park, has responded with ads contending the redwoods already have been "saved" and by threatening to sue for libel.

Udall went before the committee to urge that up to $100 million a year in outer continental shelf oil revenues be used to buy park and other recreational lands.

ART REVIEW

Look At Hollywood In A Lively Era

By LAURA DEVENDORF

When a work of art is created we usually gauge it according to its newness or its place in the current vogue.

After 30 years, the same work has had a chance to mellow. Fashions have changed. We're less emotional in our judgment and better able to gain perspective on its real merit. Which is why the retrospective of Mildred Coughlin's early work at the Tiburon Gallery through Feb. 25 is of such interest.

LIVELY RECORD

Done largely in the 1930s, the etchings, watercolors, lithographs and drawings have weathered remarkably well while the oils evoke little praise. Whereas the oils seem remote, the rest, especially the lithographs, provide a lively record of the 30s that even today is basic, vital and artistically very satisfying.

As wife of the late playwright, producer, Patterson McNutt, Miss Coughlin had access to motion picture sets. She used the privilege to advantage, capturing the on and off-camera moments of film-making with a reporter's insight and an artistic eye.

Whether showing the brief on-camera glamor or the interminable behind-the-scenes waits, she has an unerring eye for the human factor.

LIGHTS FRAME

While stars enjoy the spotlight, tight-curled extras primp and talk to stagehands who also wait, sleeves rolled and with a cigarette dangling from their mouths, for their cue to move. And always, the huge and necessary lights are there to frame, spot or silhouette the action.

Although her lithographs dwell mainly on people in the film industry, Miss Coughlin is sympathetic to those on its fringes.

Bored faces at a plush night spot, animated faces at a soda fountain, the racetrack and the supermarker, are all subjects she treats with understanding. And in both prints and watercolors she makes the scenes more poignant with a style that is 100 per cent representative of its era.

SET DESIGNER

While in Hollywood, Miss Coughlin also did set design and several of her colored working drawings for the film, "The Great John L." are shown.

Her inspiration, however, was not restricted to California. Paris, New England and New York provide subjects for the many architectural etchings in her Tiburon Gallery show.

While delicately detailed, these are also strongly patterned, especially in the shadow shapes on building-crowded streets. They are lovely but by comparison to the exciting, earthy feeling of the watercolors and lithographs, the etchings have a restrained antiquity about them.

The oils (a few landscapes and a still life), seem least alive and more like impersonal exercises done in the fashion of the day.

Viewed cooly after 30 years even the degrees of merit within the styles of one artist start to become clear. And seeing it, renews the faith that in 30 more we'll be able to sort the jumble of what's being done today.

Actor Leaves A Large Estate

SANTA BARBARA (UPI) — The late actor Paul Muni, who died at his home in suburban Montecito last Aug. 25, left an estate valued at $1,193,367.

Muni left all but $10,000 of the estate to his widow, Bella, under a will drawn up in 1962. The $10,000 was bequeathed to his brother, Ellis Weisenfreund.

Muni was born Muni Weisenfreund in Lemberg, Austria, Sept. 22, 1897. He had no children. He won an Academy Award for his film portrayal of scientist Louis Pasteur.

According to an inventory filed in superior court here, most of his estate was in securities.

Sierra Club In Dam Controversy

WASHINGTON (UPI) — The Pacific Northwest Power Co. asked yesterday that the Sierra Club be excluded from Federal Power Commission hearings on the construction of a $260 million hydroelectric dam in the Pacific Northwest.

An attorney for the power company, one of the parties seeking a license to build the High Mountain Sheep Dam on the Snake River, suggested the conservationist organization could be excluded for not participating fully.

FPC examiner William Levy told Thomas Kimball, attorney for the club, that the organization has been "less than cooperative" but did not say he would exclude it.

Mrs. Azevedo Favors Rail-Bus Study Now

Engineering studies of rail-buses or ferries for Marin-San Francisco commuters should start at once if the county is to obtain federal construction grants.

This is the opinion of Margaret B. Azevedo, Marin planning commissioner, who returned Monday from conferences with transportation officials in New York and Washington, D.C. She will report on her trip to Marin County Transit District directors at 8 p.m. today in the Civic Center.

CRITICAL TIME

"I think we've done all the theorizing we need to," she asserted. "We must start engineering studies now."

Mrs. Azevedo, a candidate for supervisor in the third district, spent a week in the East. "I just wanted to see for myself the highly developed commuter transit system in operation."

The rail-bus idea, suggested by Marin Transit general manager Seymour Kashin, has advanced beyond the experimental stage, reported Mrs. Azevedo. "New York expects to have rail-bus service in operation in about a year. They expect to run a line from Manhattan to Kennedy afrport which would cut the time from the present two hours to 45 minutes."

The Staten Island ferry she found "marvelous, comfortable and spacious."

The ferries transport 23,000 people during both two-hour commute times, morning and afternoon," said Mrs. Azevedo. "The nickel fare, unchanged for decades, puts the system in a financial bind, since cost per passenger is 70 cents." Mrs. Azevedo said that a newly installed ferry system between Marin and San Francisco could be put on a sounder financial footing at the start, and the open waters here might permit a faster rate of speed.

She said that bus lines, run by competing private firms, still manage to operate in the black.

SHOW PROFITS

"Present Washington thinking regarding the expenditure of new funds is toward new technological breakthroughs including automated systems," said Mrs. Azevedo.

"Our best chance is in the category of capital grants. Action on engineering and feasibility studies should be taken as quickly as possible to back up our application for a capital grant."

Director Sets Auditions For Choral Positions

Winifred Baker, director of the Marin Winifred Baker Chorale and the San Francisco Civic Chorale, has announced that auditions for new members will be held today and on Feb. 14 at 7:15 p.m. in Angelico Hall, Dominican College, San Rafael.

A re-scheduling of concerts for this season has been necessary because of the San Francisco Symphony's delayed opening and the San Francisco newspaper strike.

The San Franicsco presentation of Britten's "War Requiem," scheduled for mid-winter, has been postponed until later in the season. However, the two groups will present Handel's "Messiah" twice.

One performance will be in San Francisco near Easter, and the other will be in Angelico Hall, Dominican College, San Rafael, May 4.

Ross To Hear Library Chief

County librarian Virginia Keating will explain county library services at a meeting at 8 p.m. tomorrow of the Ross Town Council at the town hall.

The City of San Anselmo has invited Ross to join its neighboring library system and leave the county program.

Also on the agenda is a request from Katharine Branson School for a variance to allow construction of an addition to a residence hall. The council turned down a similar request Jan. 11.

Community Service Honor To Marinite

William B. Greene of 60 Peninsula Road, Belvedere, was honored at the annual United Community Service meeting in Chicago, last night.

Greene, retired manufacturer of material handling equipment, was named second in the country for the Newton D. Baker award, given for outstanding and meritorious volunteer leadership.

Pianist Nadas To Be Symphony Guest

Istvan Nadas, concert pianist, will be guest soloist with the Marin Symphony Orchestra conducted by Sandor Salgo at 8 p.m. Sunday in the College of Marin gymnasium.

For his second appearance with the Symphony Guild Orchestra, Nadas will play Brahms's Concerto No. 2 in B Flat Major for piano. The program will also include the 12-tone Symphony No. 5 by contemporary British composer Humphrey Searle and the seldom heard Symphony No. 39 by Haydn.

Dominican College Series Announces Lecture Topics

A series of lectures with subjects ranging from Vietnam to astronomy, from Shakespeare to Stravinsky is scheduled this spring at Guzman Hall of Dominican College, San Rafael.

The Tuesday talks will open at 11 a.m. next week with Edward Radenzel, television news analyst and wire editor of the San Francisco Chronicle speaking on "Vietnam, Korea: What Next in Asia?"

Retired Navy Capt. Robert Risser, general manager of Morrison Planetarium in Golden Gate Park will talk on the "Importance of Astronomy to Navigation" at 8 p.m. March 5.

Nathan Schwartz, pianist, will accompany his lecture on "Stravinsky: His Impact on the Music of Our Century" at 11 a.m. March 19.

Jan Kott, professor of dramatic art at the University of California at Berkeley will speak at 8 p.m. March 26 on "Shakespeare, Our Contemporary," the title of his recent book.

Gilbert Guerin, psychologist, will discuss the question "Is Today's Youth Really Different?" at 11 a.m. April 2.

Harold Gilliam, conservationist and author will speak on "Does San Francisco Bay Have a Future?" at 11 a.m. April 30.

Group Is Formed In Support Of ACT

A volunteer organization to aid the American Conservatory Theater in San Francisco is being organized in Marin.

The group, to be named Marin Friends of ACT, will aid in promotion and ticket sales. Persons interested in joining the group may write it at 30 El Portal, Apartment 205, Sausalito, or telephone the general office of the theater.

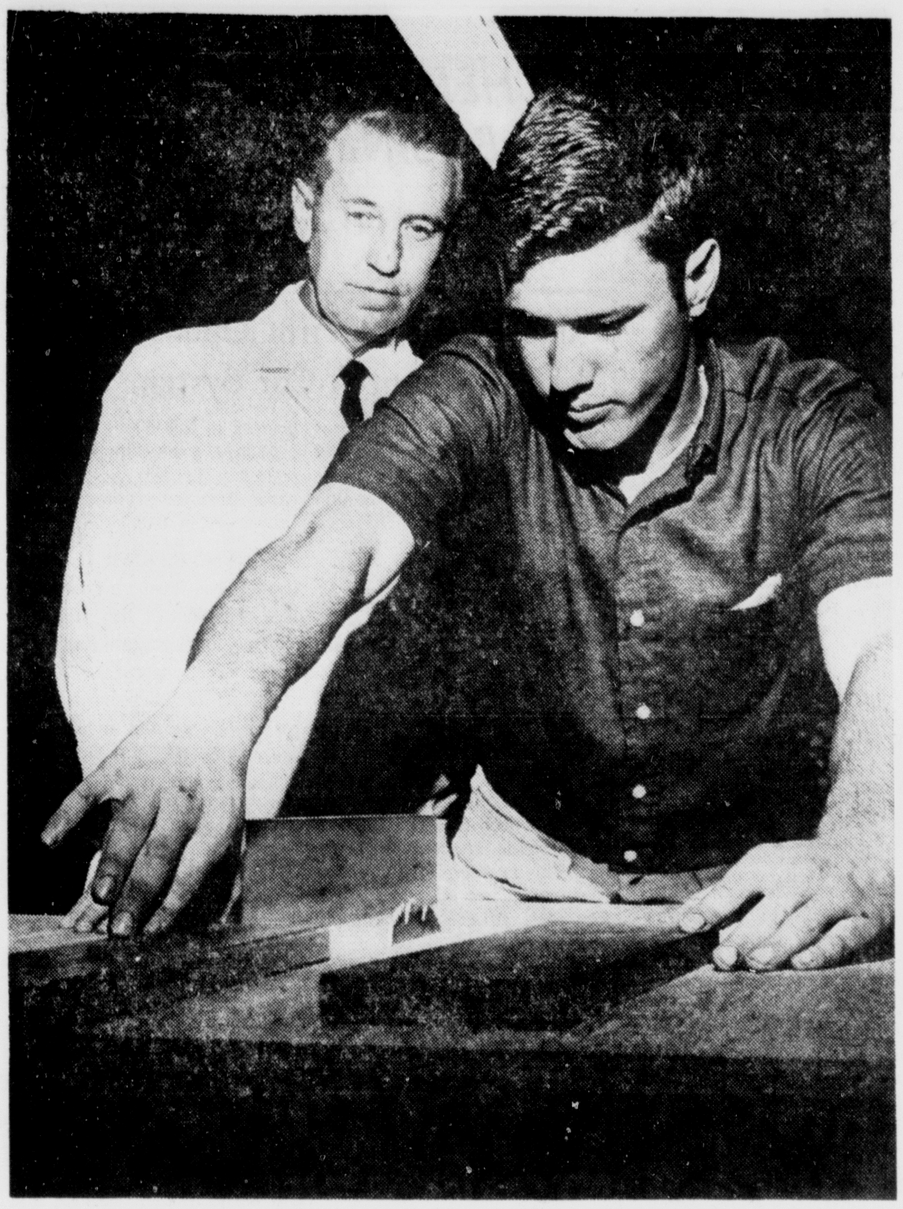
SERVING ALL OF MARIN COUNTY

THIRD SECTION | Wednesday, Feb. 7, 1968 | 25



MODEL SAW SAVES FINGERS

Practice makes safety when San Rafael High School students use a model table saw with a simulated blade. The model was designed by instructor Robert Krohn (left) who watches senior Michael Nave learn the proper moves that will prevent accidents when he works on live equipment. The practice wood is held together by adhesive, but separates as the student completes his movement, as it would with a real saw. (Independent-Journal photo)

A Center For Jobless Is Viewed

More than 1,000 Marin employers are to be asked if they can offer jobs to any of the county's unemployed.

A planning group of the Marin County Human Rights Commission, meeting last night at the Civic Center agreed to sound out prospective employees with a six-question postcard.

Local companies will be asked if they are interested in an employment program; how many jobs of any kind can be offered and whether they would be willing to accept money to help in training.

POLICY DRAFT

On the basis of the response, a committee of group members will come up with the draft of an action program in time for the next meeting March 5 at 8 p.m. in Civic Center.

Last night, the group talked over the possibility of a "job fair" but was unable to decide whether it should be a one-shot deal or a permanent facility plugged into an existing agency.

Lillian V. Inke, of the Department of Public Social Services, emphasized the need for a single office where employer and unemployed could be brought together.

So many agencies were charged with employment and work training, she said, the picture often became confused.

FEARS VOICED

Several members voiced fear there were not enough jobs in Marin for all its unemployed and James E. McKenna, county coordinator of the Neighborhood Youth Council suggested Marin City residents may have to be conditioned to expect work much further away from home.

"We have had some cases where people think that unless they stay within a short distance of Marin City, they will cease to exist," he said. "You have to get out of Marin City if you are going to get better paying jobs."

An employer too must expect to make some sacrifice if an employment program is to work, he said.

"Unless this type of program is used by the employer, I am afraid there will be no success in getting people of little or no skills, little or no education or cultural development, off the poverty roll," he said.

Charles B. Weers, president of Marin County Lablor Council, said the unions could help with apprenticeship programs but he painted a dim picture of future skilled employment in Marin.

1967 REPORT

Fast Service On Permits To Construct

People who planned to build or subdivide in San Rafael during 1967 got much faster action on their applications than in preceding years, according to the annual report of City Planner Herbert G. Hotchner.

"In most cases coming to the (planning) commission, a decision has been rendered within 14 days of the date of receipt of the application. In all instances a decision has been rendered within 30 days of the receipt of the application," Hotchner wrote.

BELIEVED A FIRST

The report — believed to be the first annual report ever prepared by a San Rafael city planner — was presented this week to city councilmen. Such reports will appear each year hereafter, being required by state law since San Rafael has — during 1967 — adopted a general plan.

Hotchner, who took over as city planner in November 1966, stressed service to the public in his report.

Speeding up this service, he noted, were new procedures and new, simplified application forms, plus more thorough briefing of planning commissioners by means of reports prepared in advance of their meetings.

Review of applications by all city departments involved — not just the planning department — was made part of the routine procedure.

This not only speeded up action, but resulted in fewer appeals to the city council and fewer reversals of planning commission decisions, he reported.

QUICK ACTION

The planning commission reached its decision at the first hearing in all but two cases last year. In 1966, there were 19 applications carried over to a second or third meeting; in 1965, there were 21, and in 1964, there were 45.

Moreover, the commission's decision resulted in only one reversal by the city council last year, compared to 8 in 1966, to 12 in 1965, and to 7 in 1964.

The volume of applications reflected the general decline in building activity last year. However, there was an upturn in small subdivisions, of four or fewer lots. Of these, 23 were handled last year, compared to 7 in 1966, to 14 in 1965, and to 34 in 1964. Larger subdivisions—five or more lots — declined to only two last year, down from 12 in the preceding year, 21 in 1965, and 29 in 1964.

ALL TYPES DROP

The total of all types of planning permit applications was also down, totaling 187 compared to 241 in 1966, to 273 in 1965, and to 319 in 1964.

Hotchner noted that a start had been made on the section-by-section revision of the city's zoning ordinance, which will be continued this year.

Seashore Antenna 'Rankles' Storer

Marin County Supervisors decided yesterday there is not much they can do about Coast Guard communications facilities that are planned in the Point Reyes National Seashore area, but Supervisor Thomas T. Storer declared "it still rankles."

"I still am not convinced they need to put it in the National Seashore," Storer asserted.

What rankles him, he said, is that "the state and federal governments keep plopping things down here without any notice."

"I get very tired of the whole thing. Here the Coast Guard is spending $3.5 million and we don't even hear about it. They already have a facility at Two Rock, and also at RCA. If we don't watch it, the whole seacoast is going to be a mass of antennae."

County Administrator Alan Bruce, who made a thorough investigation at the supervisors' request, reported that the Coast Guard needs two installations. One is a receiving station near the existing Radio Corporation of America station on the road to the lighthouse. This is within the seashore. Another is a transmitting station near the RCA transmitting station at Bolinas, just outside the seashore boundary.

Bruce found that neither the National Park Service nor seashore officials object to the facilites. Before the facilities are installed the Coast Guard will review construction plans with both the park service and the Marin County planning staff, Bruce reported.

Chairman Ernest N. Kettenhofen said he is satisfied with the review procedure. Kettenhofen said he had talked to a retired admiral in the Coast Guard and learned that the facilities are needed for the safety of navigation.

He asked the administrator to inform the Coast Guard that Marin is keenly interested in reviewing the plans before the facilities are installed.

Bolinas Water Rate Vote Delayed By Records Issue

I-J Special Report

SAN FRANCISCO — A water utility company serving the Inverness area has been given five months to justify its year-old application to almost double rates, the California Public Utilities Commission said today.

The Citizens Utilities Co. Of Stamford, Conn., a holding company operating the Inverness Water Co., applied in February, 1967, for commission approval to hike its rates by 91.3 per cent.

Two of the commission's financial experts went to Stamford last year to examine and audit the company's California subsidiaries. They were there from March 30 through April 19, but contended their investigation was incomplete and inconclusive because certain records were withheld from their scrutiny.

As a result, the commission's staff moved to dismiss the rate increase application "because of denial to the staff of the records."

The commission's order today that the company furnish all its records before July 1 postponed action on the staff's recommendation that the application be denied.

Sausalito Volunteer Firemen Pick Slate

Owen Winstead was elected 1968 president of the Sausalito Volunteer Firemen Monday night. Richard Bettencourt was elected vice president; William D. McDonald III, secretary-treasurer, and John Maggiora sergeant-at-arms.

The group discussed plans to obtain a fireboat, possibly from government surplus, to patrol and protect the waterfront.

Gas, Clubs Halt Wild Jail Fray

A husky young Modesto man, arrested on susupicion of auto theft, went berserk at Marin County Jail today, tearing up heavy furniture and swinging at officers before being subdued by tear gas and police clubs.

John Steven Tice, 20, was placed in the jail's interrogation room prior to being booked.

CLUBBED DOWN

The youth, who officers said appeared to be under the influence of narcotics, broke up a large oak table and two oak chairs and knocked the room's door down.

Deputies sprayed him with Mace, a tear gas in aerosol cans, then entered the room.

"He took a swing with a table leg . . . and we had to club him down," reported Sgt. Edward McKamey of the sheriff's force.

Tice was treated for cuts at Marin General Hospital then transferred to Napa State Hospital on a 72-hour commitment.

Novato police said they have a hold on him for suspicion of stealing the car from Jim Cox Auto Sales of Modesto, being under the influence of narcotics and assault.

ROUTINE STOP

Patrolman Richard A. Longshore of that force stopped Tice for a routine check at 4 a.m. on South Novato Boulevard. When the car was reported stolen, Longshore arrested him.

The tear gas, which did not seem to stop Tice, affected the staff at the sheriff's office. Deputies ran fans late into the morning to remove the gas.

No Charge Due In Knife Fracas

Larry Albert Zoppi, 54, of Morales Road, Forest Knolls, was freed in Marin Municipal Court yesterday when the district attorney said no charge will be filed in connection with the stabbing of his wife the night before.

Zoppi was jailed on suspicion of assault with a deadly weapon after his wife, Bernice E. Zoppi, 54, was taken to Marin General Hospital with a knife wound in her chest.

The couple told sheriff's deputies they had been drinking and quarreling that night.

ON MARIJUANA SINCE 9

Deputies Find Ring Of Sub-Teen Smokers

Six 11-year-old boys from Bernard Hoffman School in Terra Linda have admitted to sheriff's deputies that they smoke marijuana.

The boys, one of whom claimed he has smoked it since age 9, said they bought their marijuana from high school aged brothers and sisters, according to Inspector Charles Prandi of the sheriff's juvenile division.

Two of the youngsters were referred by Prandi to the county's juvenile probation department. The rest, who claimed they only smoked one or two cigarettes, were reprimanded and turned over to their parents.

Prandi said he learned of the young marijuana smokers from another 11-year-old, who called to ask what marijuana looked like, then reported his classmates were using it.

"Most of them only started smoking it a month ago. They smoked it at the house of a boy whose mother works during the day. The two more experienced boys showed the others how to inhale it for the best effects," Prandi said.

One boy told Prandi his "17-year-old sister 'turned him on to it (marijuana)' when he was 9."

Another said he bought $8 worth of marijuana from his 14-year-old brother.

The brother said he bought it at the Northgate Shopping Center and decided to sell some to the youngsters when he determined it was not a very good grade of pot.

One of the boys told Prandi he had been approached several times in the shopping center mall by people who wanted to sell him marijuana.

Prandi said most of the boys bought their marijuana by the cigarette for about 35 cents. One of them traded a candy bar for a cigarette, he said.

Sheriff's deputies recovered only two marijuana cigarettes in their investigation, Prandi said.

Pair Suspended For Smoking Marijuana

Three 17-year-old youths were suspended from San Rafael High School yesterday after admitting they smoked marijuana on school grounds.

Police reported the students were seen behind the baseball field at lunchtime and taken to the office of Dean Angelo Colombo.

Committee To Negotiate Novato Pay

After two and a half hours of comparing salaries and discussing increases, the Novato City Council last night appointed a council committee to work with the employees toward agreement on pay hikes.

Mayor J. Wayne Womack named Councilmen William Jack Adams and Harley McAskill to a committee to work with the Novato City Employees Association and report back to another special meeting on Feb. 20.

The city employees had asked for increases ranging from none for the position of engineering aid to 22.5 per cent increase for the recreation director. Most of the increases were for 10 to 15 per cent. These would have cost the city $28,422 for the last six months of this fiscal year, the employees figured.

City Mgr. J. Julien Baget has asked for increases ranging from 2.5 to 15 per cent which would have cost the city $21,247 for the balance of the year.

The council agreed that any increases which might be granted would be retroactive to Jan. 1. All increases would be over and above the 5 per cent annual step increase.

Councilman M. E. Babe Silva proposed a 3.3 per cent cost of living across-the-board increase, but that died for lack of a second.

Councilman McAskill said, "If we were to grant a 15 per cent increase and the employees get another 5 per cent annual increase, that amounts to 20 per cent increase in one year, and I feel that is too much."

Councilman Douglas M. Merrill held to the position that when an employee reaches the top step in his range, he should undertake new responsibilities or a new position to get into a higher range if he wanted more money.

The council referred the matter of the purchase of a library site by Marin County, at the corner of Novato Boulevard and Seventh Street, to the city planning commission for its opinion at its meeting next Monday night.

Sewer Directors Study A Merger

The Corte Madera Sanitary District Board last night heard Arthur N. Morrison, town director of public works, discuss possible savings through a merger of the district with the town, but took no action.

It scheduled an adjourned meeting for 7:30 p.m. Monday at district offices for further study of the proposal. The town council has filed with the Local Agency Formation Commission a resolution of intent to merge. The LAFC has agreed to delay a hearing on the matter, however.

The board last night also authorized final payment of $15,071 to McGuire and Hester Co. of Oakland for sewer replacement on Paradise Drive.

Power Shutoff For Center Work

Electric power will be turned off Monday morning at Civic Center at the request of the contractor who is building the adjoining Hall of Justice.

The shutoff will have no effect on county operations because Civic Center will be closed all day Monday in observation of Lincoln's Birthday. The county library is also closed.

The power shutoff will permit electrical tie-ins for the new building, it was explained.

Curb Policy On Bay Fill Introduced

I-J Special Report

SACRAMENTO — A bill to close a possible loophole in the bay fill veto power of the San Francisco Bay Conservation and Development Commission has been introduced in the Legislature by Sen. George Miller Jr., D-Martinez.

The law is ambiguous on whether the commission's control over bay fill ends next January or 90 days after the end of the 1969 regular legislative session, possibly nine months later. The commission is to file its master plan for the future of the bay next January.

The executive director of the commission, Joseph E. Bodovitz, told the Independent-Journal today that "the intent of the legislature was clear in asking that we stay in business until after the session, but our fear has been that it could be interpreted to mean January."

The commission did not seek the Legislation proposed by Sen. Miller, and has taken no stand on the need to close the possible loophole.

The legislation would guarantee that the Legislature would have enough time to enact a new law next year either extending the life of the commission or creating a new agency to control bay filling.

Stinson Quits Pension Board

Undersheriff Sidney Stinson announced today his resignation from the Marin County Retirement Association board because of heavy police duties.

Stinson, representing county safety employees on the board, was chairman in 1966.

The eight-member retirement board is headed by Chairman Ernest N. Kettenhofen.

Price, Dreschel File Belvedere Council Papers

Incumbents Thomas S. Price and Edwin J. Dreschel filed candidacy papers today for re-election to the Belvedere City Council, the first to file for one of the three council seats available.

Price, 40, has served as vice-mayor since 1966, is a trustee of the Reed School District and president of Price Building Specialties in San Francisco.

Dreschel, 53, a regional editor for the U.S. News and World Report in San Francisco, has been a Belvedere resident since 1948. He helped organize the Reed School District board and has been active in other school organizations and Boy Scout activities.

The third incumbent, Merritt K. Ruddock, has taken out papers but has not yet filed. Deadline for filing is noon Feb. 15.

Span Leap Stopped

Two workers on the Golden Gate Bridge yesterday pulled a San Francisco woman off the railing at 11:32 p.m., according to the California Highway Patrol, who said Esther Monroe, 46, was taken to San Francisco General Hospital for observation.

INCOME TAX FACTS

By PETER JAMES WIKEL, CPA

Travel Expenses Deductible On Standard Or Item Report

Wikel

Traveling expenses in connection with your employment can be deducted from your income in arriving at your adjusted gross income.

This means that you can also use the standard deduction or itemize your deductions whichever is better for you.

Out-of-town expenses — The law provides special deductions for the expenses of travel while away from home in connection with your employer's business. Traveling "away from home" means going away from the city or town where you normally work and remaining away at least overnight.

"Travel expenses" means the cost of transportation fares, meals and lodging, and includes porters' tips, hire of public stenographers, baggage charges, and similar expenses necessary to travel.

Other transportation expenses —Even though you do not travel away from home, you may deduct transportation expenses paid in connection with the performance of services for your employer. Transportation expenses include payments for actual travel or, if you use your own car, the business portion of the cost of operation, including fuel, repairs and depreciation.

Expenses of outside salesmen —The law allows "outside salesmen" to deduct all their ordinary and necessary business expenses. This applies only to full time salesmen who are engaged in soliciting business for their employers away from their employer's place of business.

The term does not include one whose principal activities consist of service and delivery such as a milk-driver salesman.

Any reimbursement of these expenses must be included in your income. Attach a statement to your return explaining in detail the expenses you deduct.

Internal Revenue Service provides Form 2106 for this purpose.

Transportation expenses do not include the expense of commuting to and from work. Commuting is a personal living expense and is not deductible.

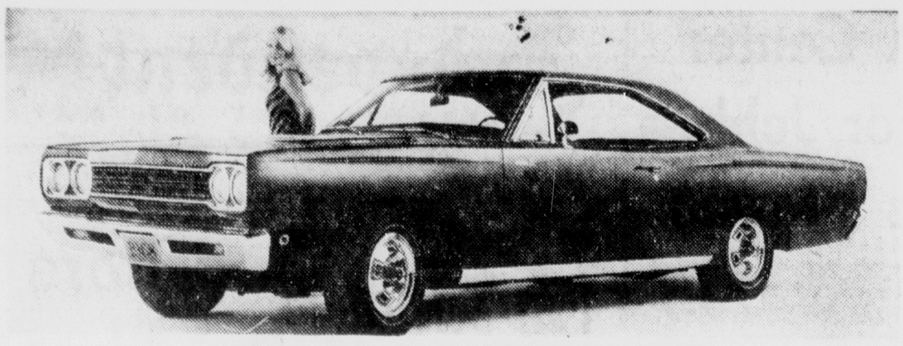
Japan Now Biggest Truck, Bus Maker

TOKYO (UPI)—Japan replaced the United States in 1967 as the world's largest maker of trucks and buses.

According to figures released by the automobile industry, Japan turned out 1,443,556 trucks and buses during the first 10 months of 1967. During the same period the United States produced 1.3 million.

Rubber Factory

NEWPORT, Tenn. (UPI)—Newport Industrial Products Co. is building a $4 million manufacturing facility to produce rubber and plastic products. The plant will be completed by this spring and will produce wheel goods for such items as lawn mowers, golf carts and small agricultural equipment.



NEW TO PLYMOUTH LINE

Now in production is this hardtop addition to Plymouth's Road Runner line — originally available only as a two-door coupe. A 383-cubic inch engine continues as standard equipment, with the 426-cubic inch optional. It will be sold in Marin at Doug Dicker Chrysler-Plymouth, Corte Madera and Novato Chrysler-Plymouth-Toyota in Novato.

SUCCESSFUL INVESTING

Stocks' Track Records Are Key To Their Worth

By ROGER E. SPEAR

Q. I am 22, attending college and have $2,500 set aside to buy stocks. I am considering Benguet; Continental Copper & Steel; Gulton; Hess Oil & Chemical; International Paper. I would appreciate your advice.—J.G.

A. The past record of a stock should be studied carefully, since it generally gives you a good inkling as to what you can expect in the future.

Benguet quadrupled in price this year on rumors of possible copper and sulphur deposits in the Philippines — which the company's American counsel has recently said are baseless. The shares, in my opinion, are a risky speculation, and I advise you to avoid them.

Neither Continental Copper nor International Paper has made any real price progress in a decade. These are good stocks, but not the sort that you should consider when building for the future.

Gulton Industries is a well-diversified electronics company, and the stock is well down from its high. The shares are volatile, but I advise you to buy them for long-term growth which should be your objective.

Hess is a rapidly growing marketer, handling mainly low sulphur crude which is gaining attention because it is considered less of an air pollutant than other oils. I would certainly buy this one.

Q. I own $100,000 in municipal bonds. Should I sell these and buy IBM; Boeing; National Cash Register and Merck? My broker recommends these since I'll need increased capital by 1975 when certain income stops.—B.S.

A. You're really paying a premium for tax exemption by holding municipal bonds in your apparently low tax bracket. You own good issues but, like all fixed-income securities, they cannot materially enhance your capital in the next seven years. I like your broker's suggestions and advise you to follow them.

Yesterday's Most Active Stocks

Market Still Uncertain, Slow Paced

NEW YORK (AP)—The stock market closed with more gains than losses today but the strength of an early technical rally faded and industrials abandoned a gain and were off slightly.

In another uncertain market session, the list made a good attempt at a rally but failed to sustain it, losing most of its edge as the session dragged to its close.

Trading was at about the same pace as yesterday's slow session.

Gillette, up between 2 and 3 points, was the most active stock, boosted to that position by a single block of 200,000 shares.

Among other active issues, Teledyne was down several points while sharp losses were taken also by AMP Inc., and Control Data.

Republic Corp. and Whittaker were up around 3 points in active dealings.

Among airlines, affected by the proposed tax on foreign travel, KLM was down about 3 in late dealings while others showed fractional changes.

Polaroid, Owens-Illinois and Du Pont were sharp losers.

On the American Stock Exchange, an early advance was broken up.

Lumber Shipments

MOSCOW (UPI) — The Soviet Union shipped 3.5 million cubic meters of timber to Japan in 1967.

OTHER PEOPLE'S BUSINESS

By HARRY CRAFT

Novato Auto Firm Opens New Thrifty Rent-A-Car System

A car rental franchise has been taken on by **Steven Mizel** and **Howard Berman**, co-owners of **Novato Chrysler-Plymouth-Toyoto, Inc.**, at 7505 Redwood Highway, Novato.

They are now affiliated with the **Thrifty Rent-A-Car System** and will handle rentals on a daily, weekly or monthly basis, furnishing Chryslers, Plymouths and Toyotas.

LISA'S ORIGINALS, custom designed apparel and paintings enterprise of **Batty Casson** in Mill Valley, has been moved out of 2 El Paseo to Mrs. Casson's home studio at 550 Ethel Avenue. This is where she has been working on her oil paintings in the past. Offstreet parking is available.

Hours are from 10 a.m. to 5 p.m. Mondays through Fridays, with Saturdays by appointment only.

HANK'S GULF SERVICE at 700 Sir Francis Drake Boulevard, San Anselmo, is not out of business. Everything has been torn down by Gulf — pumps, buildings and service facilities—in order to rebuild a more attractive station. Exact completion date is not yet known.

THOMAS F. ZEIGLER of Sleepy Hollow has been admitted to general partnership in **Irving Lundborg and Co.** A stock-broker account executive at the San Rafael office, he joined the company seven years ago in San Francisco.

R. J. (JERRY) JENSEN of San Anselmo has been named president and general manager of **Marcom Corp.**, developer and manufacturer of Call Diverter, an electronic device which is attached to a telephone and automatically transfers incoming calls to any other telephone in the United States.

A well-known television personality and formerly with KRON-TV, he has been associated with Marcom since 1963 and has served as a director for two years.

Ferriter Jensen

JOSEPH P. FERRITER JR. of Terra Linda is among 27 young officers of **Glore Forgan, William R. Stattas, Inc.** (he was recently appointed an assistant vice president) to become shareholders in this New York stock exchange firm. He joined the company in 1955 as an order clerk after his graduation from University of San Francisco.

ERNEST R. LINK II of San Rafael has been promoted to vice president of **Bay Histology Service** in Northgate Industrial Park, which specializes in the mounting of microscope slides for biological and medical research. He joined the firm two years ago and has been acting laboratory assistant for the past six months.

REAL ESTATE: Studdard Realty of Point Reyes Station has been purchased by **Cecil Asman** of Inverness, who now does business as **West Marin Real Estate** (at Point Reyes Station) . . . **Vail Associates**, Mill Valley and **Stewart Associates**, Corte Madera, have been appointed representatives in Marin for **Armo and Associates**, a national organization of real estate brokers formed to sell the homes of transferred employees and assist in their moving and relocation in new homes. **Harvey Austin** of Sausalito is state director and supervisor of the San Francisco affice.

CONSTRUCTION: Joseph Heyman of Corte Madera and **Floyd Taylor** of San Rafael have been installed as chairmen of the Western Regional Home Improvement Council and the San Francisco Home Improvement Council, respectively. Heyman is the owner of **ABC Window Contractors**, San Francisco. Taylor is executive vice president of **Superior Home Improvement Co.**, San Francisco . . . **Arntz Bros.**, San Rafael, has been named low bidder for remodeling Encina Hall at Stanford University at over $1 million. This will be used for Stanford's new Food Research Institute. Before work begins the Department of Health, Education and Welfare (which is contributing $400,000) must first approve the bid.

COMPLETE LIST ON SATURDAYS

The weekly range of the complete New York Stock Exchange list and mutual funds can be found in each Saturday's edition of the Independent-Journal.

The daily list, to be found on the I-J's Business Page, is a selected list of the 500 most active daily stocks carried on the Exchange.

TODAY'S EDITORIAL

Marijuana Law Backing Now Unanimous—Almost

The new director of the California Youth Authority has endorsed legislation which would reform the state's marijuana law along lines suggested last August by Marin Dist. Atty. Bruce B. Bales and the Independent-Journal.

This makes it just about unanimous—the exception being California Atty. Gen. Thomas C. Lynch.

A bill to make first-offense conviction for possession of dangerous drugs or marijuana an alternate misdemeanor-felony was introduced in mid-January by Assemblyman W. Craig Biddle, R-Riverside, chairman of the Assembly's criminal procedure committee. This bill embodies the approach advocated by Bales and concurred in by resolution of the California State Bar.

DISTRICT ATTORNEYS, who must prosecute marijuana cases, and judges, who must pronounce sentence, are generally behind the proposed change.

The reason is that the present law, which makes marijuana possession a felony and denies a judge the right to permit probation for second offenders' works against rather than for uniform enforcement.

Judges hesitate to send callow youths who have been caught experimenting with the weed—perhaps as result of ill-informed encouragement by some of their elders—to state prison, branded for life as felons.

District attorneys (who have hearts, too) hesitate to prosecute such youths for marijuana possession. Often they reduce the charge to "being present where marijuana is used" to avoid the mandatory felony label. Sometimes they even persuade arresting officers to drop the case for the same reason.

All this plays into the hands of those who promote the use of "pot" as a possible—and likely—stepping-stone to more dangerous drugs, with their vast profits for the heartless merchants in human misery.

BIDDLE, IN INTRODUCING his measure, called the law an absurdity that makes posession of marijuana a felony carrying a one-year to 10-year prison sentence while such dangerous drugs as LSD and "speed" draw their users only a maximum of a year in county jail. His bill would make the penalties uniform.

It is surprising that Attorney General Lynch, in the face of the overwhelming opinion of bar and bench, opposes the change. The elected head of the state's law enforcement machinery agreed with stiffer penalties for LSD, "speed," etc., but argued the marijuana law should not be changed because "we have good tough laws on the books and they ought to remain that way."

To support his stand, he cited an increase in marijuana arrests. Just what this has to do with the penalty escapes us. Lynch did not cite a decline in the percentage of convictions, which was pointed to by district attorneys proposing the change.

KEEPING A PENALTY for marijuana use that is disproportionate to the crime serves to encourage disrespect for law. The misled youngsters who have "gone to pot" are quite able to see that the law as it stands is discriminatory. Any medical expert could inform Lynch that the harmful effects of marijuana are not so great as those of LSD and various other drugs.

We hope the legislature heeds the advice of the many, and not of the one man in high position in law enforcement who opposes making the penalty fit the crime.

Birds And Fruit

Some Marin birds are gentlemen by nature. Take the cedar waxwing. When a group of waxwings feed on a berry bush, they go through a ritual of passing each berry around to all the birds in the flock before one finally swallows it. When they find a persimmon tree, they will eat the fruits one at a time, rather than spoiling the lot by pecking them.

On the other hand, the robin and the jays are greedy gluttons and careless eaters. The robins' proclivity for getting drunk on fermented pyracantha berries is well known in the Bay Area. And orchardists everywhere shudder when they see a jay in their trees. We've been told that a jay will fly through a pear tree, pecking every fruit it passes.

AFFAIRS OF STATE

Assemblymen Seek To Reverse Trend Toward Federal Control

By HENRY C. MacARTHUR

SACRAMENTO, (CNS) — A concerted effort to stem the tide toward government centralization at the federal level is under way in the state legislature on a bi-partisan basis.

The effort may turn out to be another sample of Don Quixote battling the windmills, but it does represent an effort to return to state and local governments the regulation of many functions now excercised by the federal government.

A SERIES of resolutions introduced by Assemblymen Robert T. Monagan, R-Stockton; Don Mulford, R-Oakland; Ernest R. Mobley, R-Fresno, and William M. Ketchum, R-Fresno, spearheads the drive to ask the Congress and federal officials to embark on a tax-sharing plan with the states.

Such a plan, Monagan states, would eventually benefit the taxpayers of California through more efficient use of their tax dollar. Monagan said that despite the fact authors of the resolutions are all Republicans, there is Democratic support for the idea.

The resolutions ask that the Congress take all reasonable action to assure that a tax-sharing program is enacted into law; assure that rules and regulations are adopted at the federal level which will not preclude the state from implementing the program recommended by the assembly social welfare committee; relax categorical restriction on grants-in-aid to state and local governments, and assure that California officials work with federal officials in designing federal programs and drawing up rules to effectuate them.

THE RESOLUTIONS have the full support of Gov. Ronald Reagan and Lt. Gov. Robert H. Finch.

Monagan said California taxpayers in the future face a four percent annual increase in taxes merely to keep up the present levels of government services. Sharing revenues, he pointed out, might reduce this as a result of more efficient handling of the tax dollar. As well, he said, return of some of the tax sources of revenue now pre-empted by the federal government, would give the state more leeway for efficient disbursement.

WHAT OUR READERS SAY

Restore Spelling Of Saucelito

Editor, Independent-Journal:

Concerning the words Tamalpais and Saucelito, contemporary writers still seem confused as made evident in certain recent publications.

Tamalpais, for instance, does not and never did mean "bay mountain." One of the Indian tribes occupying southern Marin County was the Tamal. "Pais" is the Spanish word for "country." Ergo, the literal English translation for Tamalpais would be Tamal-Land, or Tamal-Country.

Ayala is credited with naming Saucelito in 1775 for the willows lining the stream from which he obtained water for his ship. The word for willow, "sauce" may be found in any Spanish dictionary; "ito" being the Spainish diminutive. Ergo, Saucelito would be the literal Spanish translation for little willow. There is, incidentally, no such word in the Spanish language as Sausalito.

The grant given Richardson in 1838 was for Rancho Saucelito. The first attempt at establishing a planned community was by the Saucelito Land and Ferry Co. in 1868 and the first U.S. Post Office established on December 12, 1870 was for Saucelito. The famous old ferry-boat was the Saucelito.

The Castillian pronounciation of c is th; the Mexican being s. Thus, during the five year Spanish-mission period of San Rafael (1817-1822) Saucelito was probably pronounced Sau-thay-lee-to, and under the Mexicans, Sau-say-lee-to. Under the early American occupation all sorts of attempts were made to render the name phonetically so that, in 1847, the first post-office serving a horse courier express to Sacramento via Sonoma and Benecia was established at Sousolito, and there have been no end of corruptions and other variations in the spelling.

Let's get back to the original and only proper spelling of Saucelito.

Hub City Actions Draw Criticism

Editor, Independent-Journal:

In writing this letter I will probably be taken as just another interfering female. So be it.

The series of changes in San Anselmo acted on by our town council in the past few years makes me wonder to what degree thought and planning are carried.

First, I am reminded of a group of apartments on Redhill that slipped through and got that "A-OK." That is exactly what happened, they slipped!

Secondly, a shopping center was allowed to be built which has caused a noticeable loss of familiar faces in the business community in downtown San Anselmo attested to by the view of many empty stores.

Thirdly now, we have received of our "crown of thorns" traffic backed up on downtown streets so that we may have a few moments longer to contemplate the asphalt with its various lights and confusing signs. Fortunately once you are able to feel your way through, all that is left to face is the comfortable familiar confusion of our hub.

I am certain as time goes by with more good planning by our town council, all of these small matters will clear themselves up with little or no cost to the taxpayer.

Fairfax General Plan Opposed

Editor, Independent-Journal:

" — And that government of the people, by the people, and for the people shall not perish from this earth." That principle did perish. It died a slow agonizing death Monday night, Jan. 29, 1968, when the Fairfax Council unanimously adopted the general plan.

I dare say that, if the Fairfax city government had polled the citizens by simple questionnaire, they would have learned the majority of the citizens were against this plan. This was indicated by a petition with over three hundred signatures obtained with very little effort. It was also indicated by the merchants' petition with 68 signatures.

Unless the citizens of Fairfax wish to continue with an administration that is not truly representative of their wishes, they had best come forward with some qualified candidates for the forthcoming election.

There is strength in numbers. If the Fairfax citizens make a concerted effort, the government can be returned to the people. If this effort is not made they will receive their just deserves for not having shown an active interest in their city.

Speeders Caught; How About Thieves?

Editor, Independent-Journal:

Congratulations to the Sausalito police These intrepid men, with the help of a radar "trap," have caught and arrested the noontime "speeders" on Bridgeway.

Now if they can catch the thieves who stole my wallet, and the stereos and radios from my fellow employees' automobiles on Gate 5 Road, also make Gate 5 safe for a woman to walk upon, they will be truly great. When I am alone in the office, I lock myself in upon instructions from my employer.

If the City of Sausalito can do without my contributions from meters and other sources, I believe I will take my noontime business and banking elsewhere. Let the unsuspecting tourists foot the bill for a change.

REMEMBER WHEN?

10 YEARS AGO

Feb 7, 1958

Joseph R. Rodota was appointed San Rafael recreation director, succeeding Russell W. Porter.

State Sen. John F. McCarthy, R-San Rafael, proposed creation of a single agency to operate all publicly-owner transportation in the San Francisco Bay Area.

20 YEARS AGO

Feb. 7, 1948

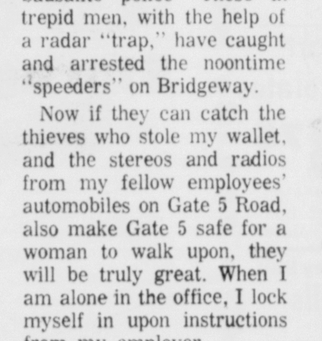
San Anselmo Theological Seminary announced that it would open a 21-apartment dormitory for married students, predominantly war veterans and their families.

Gen. Omar N. Bradley took over as chief of staff from Gen. Dwight D. Eisenhower.

TRY AND STOP ME

By BENNETT CERF

TOM SMOTHERS — who with his brother Dick, is starring in one of the gutsiest, most original, and unbossed TV comedy shows left on the air —and its popularity grows and grows—can tell you, if you're interested, how to cure the irritating habit of nail-biting. "Go to a hypnotist," advised Tom. Actually, I went to him to stop smoking. He threw in the fingernails for the same price."



At a nearby golf course, women members began monopolizing the practice tees as well as the regular course, and a couple of angry husbands began deliberately aiming drives and approaches that came as close as possible to the ubiquitous females without actually nicking them. The vendetta got to a point that the greens committee reluctantly was forced to post this warning: "Drive carefully. The next wife you shave may be your own!"

ROSCOE DRUMMOND

Japan Far Outstripping China As It Builds Wealth On Peace

TOKYO — The tendency of many Americans, when they think about the Far East, is to think mostly about Red China. That's a mistake. We need to think more about Japan.

Some at home even suggest that China is more powerful than Japan. That's a mistake. Japan is more powerful and in quality and abundance its society is far superior.

THE CONTRASTS are striking:

China has seven and a half times more people but Japan's industrial production is almost twice China's — and the lead is growing.

China has expended its resources to serve the military. Its armed forces are 13 times greater than Japan's. It has produced its own version of the MIG fighter plane and it has developed nuclear weapons.

Japan has turned its resources to the arts of peace. It is the world's foremost builder of ocean-going ship—and has been for 11 years. It is the world's third producer of automobiles, leads in many fields of electronics, and graduates many more holders of advanced degrees in physics, chemistry, and engineering than China.

China's per capita income has been declining. Japan's per capita income has been rising 14 percent yearly and is now eight times China's.

The chaos of Mao's "cultural revolution" is cutting China off from the world at the very moment when Japan is seizing its opportunities for international leadership.

For the present at least, China has lost its way. And Japan is finding its way to new progress, peaceful power, and service to the other nations of the Pacific.

HOW HAS IT done it? How has Japan been able to become in a decade the third industrial power of the world, outdistanced only by the U.S. and Russia? It doesn't have enough land to grow enough food to feed its own people. It has very limited natural resources. It almost looks like Japan hasn't got what it takes. But it has and it did it because its most precious and galvanic resource is its people—talented, hard-working, and educated.

Japan was one of the earliest countries to establish free public education. By 1900 the Japanese were 90 percent literate. Today they are more than 99 percent literate and have the highest per capita readership of newspapers in the world.

While many Europeans are complaining that American industry in Europe is so far ahead of European industry, there is virtually no technological gap between Japan and the most advanced nations.

The reason is Japan's constant attention to mass education and its readiness to provide intellectual and scientific facilities to meet the increasing need for more sophisticated instruction.

The Japanese government and the Japanese people are showing political courage and discipline in dealing forthrightly with what was the nation's most acute social problem — the speed with which the population was outgrowing the islands on which it lives. But Japan proved itself ready and willing to make it possible for parents to regulate the size of their families — and they have done it so faithfully that the birth rate is now the lowest in the world —under one percent annually.

THERE WERE times historically, when Japan sought to close its doors and its mind to the world. It did not wish to see or be seen. It did not choose to reach out or allow others to reach in.

Not so any longer. One of the most distinguishing features of post-war Japan is its eagerness to accept the stimulus of exposure to world competition economically, politically, culturallly.

Japan is proving that it can become modernized and yet retain the essence of its national character, an attainment other Pacific nations are finding hard to achieve.

INSIDE WASHINGTON

LBJ Suppressing News Of Battle Aboard Pueblo

By PAUL SCOTT

WASHINGTON — President Johnson is deliberatly withholding significant details involving the seizure of the USS Pueblo in an effort to keep a damper on the explosive Korean crisis.

Most exciting of these are the confidential messages from the intelligence-gathering vessel revealing the courageous fight the 83-man crew put up against a vastly superior North Korean naval force.

As relayed directly to the National Security Agency's communication center near Washington while the battle raged, the messages contained these unpublished details of the attack:

TWICE NORTH KOREAN boarding parties were repulsed during the one-hour and 45-minute attack.

Three members of the crew were wounded by enemy gunfire when the deck of the Pueblo was swept by North Korean machine gun and small arms fire.

The Pueblo was boarded by the North Koreans on their third attempt and after the ship's two 50-caliber machine guns were put out of operation by enemy fire.

A fourth crew member was seriously injured when he attempted to blow up the ship's most secret equipment during the first boarding attempt.

These and other still secret details of the battle waged by the Pueblo crew are being suppressed on direct orders from the President to keep public opinion from being further inflamed over the violent nature of the attack.

AT THE TIME of the Pueblo's seizure the "ferret" vessel was operating under a special command set up by Defense Secretary McNamara for intelligence-gathering vessels.

Messages from the Pueblo were routed directly to McNamara's office through this special command rather than through the regular chain of command in the Navy.

When the special "ferret" ship command was set up following the 1962 Cuban missile crisis, Adm. George Anderson, then chief of naval operations, objected vigorously to it.

Admiral Anderson warned that system would isolate these naval ships from the rest of the Navy and make it impossible for warships to respond to calls for help should they be attacked.

Secretary McNamara not only ignored the warning but succeeded in having the admiral shifted from the Pentagon by getting President Kennedy to send him to Portugal as U.S. ambasador.

Naval aides say McNamara never forgave Anderson for ordering him out of the naval operations center in the Pentagon during the Cuban crisis. In a heated exchange on how the naval quarantine should be run, Anderson bluntly told McNamara to leave since the president had put him in charge of the operation.

Several members of the House Armed Services Committee headed by Mendel Rivers, D-S.C., chairman, have recommended to President Johnson that Admiral Anderson be recalled to advise him on the Navy's "contingency plans" to gain release of the Pueblo.

That to which we have been accustomed becomes, as it were, a part of our nature. — Aristotle.

I-J REPORTER'S NOTEBOOK

By ELIZABETH VON KAHL

Storm Brings A Threatening Log; More Plans For Main Street Shops

In the recent storm, one Tiburon Main Street merchant thought for a few minutes that her whole shop, on the waterfront side, was about to float away.

Mrs. Mimi Berticevich heard the sound of log floating under her Tahitian Tikis shop, pounding against the foundation. Then water started gushing up through a small hole in the floor.

Tiburon firemen came and looked and listened. So did sheriff's deputies.

IN A FEW minutes, the log stopped pounding and apparently floated away, the water stopped flooding up through the floor and the men in uniforms went away.

Construction is proceeding rapidly on apartments and office buildings on Main Street, adjacent to the post office. The development, by the Belvedere Land Co., will fill the corner of Beach Road and Main Street, long vacant.

I understand from Fred Zelinsky, Belvedere developer of Tiburon, that he also has various plans for development on Main Street extension, finishing that block.

PLANS ARE NOT YET definite enough to come before the city for approval.

Zelinsky once had plans for a "charming English inn" on Main Street extension, but they disappeared about the time an application came in for the present Tiburon Lodge.

With the Lodge keeping so busy, some residents think it might still be a good idea to have a small inn to accommodate 40 or 50 visitors — and maybe serve piping hot Yorkshire pudding with roast beef.

The latest report we had in the Tiburon bureau and John Dong, the 75-year-old Chinese cook with the independent air, was that he was taken by sheriff's deputies to the bus depot in San Rafael last week, to board a San Francisco-bound bus.

DEPUTIES WERE unsure whether he actually boarded the bus or whether he might be turning up again in San Rafael, Belvedere or Tiburon.

Dong was taken to the county jail on a vagrancy charge after wandering around the area for several days looking for work.

Deputies said they felt he needed "outside help" but nobody seemed able to find an organization geared to Dong's particular needs.

THAT BIG SMILE officer William P. Brust has been wearing recently is because he has been promoted to sergeant, according to Belvedere Chief of Police William S. Woodington.

Sergeant Brust has been with the Belvedere force three years. He and his wife, Marjorie, and their children live in Novato.

ART BUCHWALD

How Custer Won The Battle— As Proved By Body Count

LITTLE BIGHORN, Dakota, June 27, 1876 —Gen. George Armstrong Custer said today in an exclusive interview with this correspondent that the Battle of Little Bighorn had just turned the corner and he could now see the light at the end of the tunnel.

"We have the Sioux on the run," General Custer told me. "Of course, we still have some cleaning up to do, but the redskins are hurting badly and it will only be a matter of time before they give in."

"That's good news, general. Of course, there are people who are skeptical about the military briefings on this war and they question if we're getting the entire truth as to what is really happening here."

"I just would like to refer you to these latest body counts. The Sioux lost 5,000 men to our 100. They can't hope to keep up this attrition much longer. We know for a fact Sioux morale is low, and they are ready to throw in the towel."

"Well, if they're hurting so badly, General Custer, how do you explain this massive attack?"

"It's a desperation move on the part of Sitting Bull and his last death rattle. I have here captured documents which show that this is Phase II of Sitting Bull's plan to wrest the Black Hills from the Americans. All he's going for is a psychological victory, but the truth is that we expected this all the time and we're not surprised by it."

"WHAT ABOUT the fact that 19 Indians managed to penetrate your headquarters? Doesn't that look bad?"

"We knew all along they planned to penetrate my headquarters at the Indian Lunar New Year. The fact that we repulsed them after they held on for only six hours is another example of how badly the Sioux are fighting. Besides, they never did get into the sleeping quarters of my tent, so I don't really think they should be credited with penetrating my headquarters."

"You seemed to be surrounded at the moment, general."

"Obviously the enemy plans have gone afoul," General Custer said. "The Sioux are hoping to win a big victory so they'll be able to have something to talk about at the conference table. Look at this latest body count. We've just killed 3,000 more Indians and lost 50 of our men."

"Then, according to my figuring, general, you have only 50 men left."

"Exactly. They can't keep up this pressure much longer. The truth of the matter is that their hit-and-run guerrilla tactics haven't worked, so they're now resorting to mass attacks against our positions. Thanks to our interdiction of their supply lines, they are not only short of bows and arrows, but gunpowder as well."

AN AIDE CAME IN and handed General Custer a sheet of paper. "I knew it," the general said. "The latest body count shows they've lost 2,000 more Injuns in the last hour. They should be suing for peace at any time."

"How many did we lose, general?"

"Our losses were light. We only lost 45 men."

"But, general, that means you have only five men left, including yourself."

"Look, we have to lose some men, but we're taking all precautions to keep our losses to a minimum. Besides, we can always count on the friendly Indians in these hills to turn against the Sioux for starting hostilities during the Indian Lunar New Year."

The aide staggered back in, and arrow in his chest. He handed General Custer the slip of paper and then dropped at his feet.

"Well, they just lost 500 more. And we only lost four. It looks as if they've had it."

"But, general, that means you're the only one left."

"Boy," said the general, "would I hate to be in Sioux shoes right now!"

Baptiste Elected In Loma Verde

Arnold Baptiste was re-elected president of the Loma Verde Homeowners Association at its monthly meeting Monday night at the library of the Loma Verde School.

Elected with him were Bruce Robinson, vice president; Mrs. William Lammers, recording secretary; Mrs. Leo Curtin, corresponding secretary, and Otto Littler, treasurer, according to Mrs. John Tindell, publicity chairman.

Named district representatives were Leroy Shepard, Donald Allsion, Wallace Holmes, Walter Kane and Donald Estler.

Dr. Robert G. Trahms and Daniel Meyerson, both of the Marin Institute on Alcoholism, spoke on addiction to drugs and alcohol.

There are four Indian reservations and 18 Indian Pueblos, or communities, in New Mexico.

ALMANAC

Today is Wednesday, Feb. 7, the 38th day of 1968 with 328 to follow.

The moon is between its first quarter and full phase. The morning stars are Mercury, Mars, Saturn and Jupiter.

On this day in history:

In 1931 an American opera by Deems Taylor had its world premiere at the "Met" in New York.

In 1948 Gen. Dwight D. Eisenhower resigned as Army Chief of Staff and was succeeded by Gen. Omar Bradley.

In 1956 Autherine Lucy, first Negro admitted to the University of Alabama, was expelled on grounds she accused school officials of conspiring in the riots that accompanied her court-ordered enrollment.

In 1967 a restaurant fire atop a 10-story building in Montgomery, Ala., burned and 26 persons perished.

A thought for the day: Charles Dickens said: "There are books of which the backs and covers are by far the best parts."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times: **bold-face type** indicates p.m. times.

DEUCE LEAD

Nico Gardener, famous English expert, opened the deuce of hearts from the West hand against South's contract of four spades. East's nine forced out the ace of hearts, and South promptly led the king of spades.

Gardner refused the first spade trick but took the next. Then he led the one card that would give his partner the best chance to signal. Gardener was sure of a heart trick and his two aces. His problem was whether to try for a second heart trick or for a diamond ruff.

BIG DILEMMA

If West led the ace and another diamond, South might have only two diamonds. South would ruff a third diamond, draw trumps and then discard a heart on one of dummy's top diamonds. But if West, instead, tried to take two heart tricks, South might ruff and draw trumps; and then the chance for a diamond ruff would disappear.

Gardener found the solution to his problem by leading the jack of diamonds! This stuck declarer in the dummy and gave East a chance to signal. If East had three diamonds he would play his lowest card, and West would abandon the diamonds.

EAST'S SIGNAL

Actually, East signaled his doubleton by playing the seven of diamonds. South couldn't get to his hand to draw trumps without letting West in with the king of hearts. West thereupon cashed the ace of diamond and led a third diamond to give East the setting trick.

DAILY QUESTION

As dealer, you hold:
♠ A 7 6
♥ K 4 3 2
♦ A J 8 5
♣ J 5.

What do you say?

ANSWER: Bid one diamond.

The hand qualifies for an opening bid, with 13 points in high cards and 1 point for the doubleton. Some experts would prefer to bid one heart, but most practical players avoid an opening bid in a very weak 4-card major suit.

'Big Muddy' Isn't Living Up To Name

DES MOINES, Iowa (UPI)—The Missouri River, known as the "Big Muddy," isn't as muddy as it once was, the Iowa Conservation Commission reports.

At one time the river carried 175 million tons of sediment a year past Omaha, but new reservoirs on the river are holding the sediment and the water becomes less turbid each year. It now is possible to see objects more than 20 inches below the water surface in the river above Omaha during the later summer, fall and winter.

MR. TWEEDY by Ned Riddle

"I know you're crowded in here, but if we put in the new elevator, one of these desks has got to go!"

MANUFACTURER'S SALES REPRESENTATIVE

Medical Supplies
San Rafael Area

A leading manufacturer of disposable hypodermic needles and syringes as well as catheters and tubing is looking for a representative to headquarter in the San Rafael area. This salaried representative, who has opportunity for bonus, will be furnished an automobile and have expenses paid.

He will merchandise disposable hypodermic needles and syringes as well as catheters and tubing, through an established network of dealers and distributors.

We prefer a man who has had some sales experience, but will consider a sales oriented man who is willing to learn, work hard and accept responsibility.

Interested and qualified applicants may send resume to Independent-Journal, Box 737.

EILEEN FEATHER Salon
CAREER POSITIONS
Openings for hostess-type positions in the West's leading slenderizing salon, 23-33. Must be slim, intelligent, ambitious. Opening for San Rafael, 4050 Redwood Hwy.

EXTRA INCOME? Part time Insurance sales leading to full time. Complete training in office & field. Comm. income. 479-1379, Mr. Crawford.

MATURE WOMEN. Permanent part time work in our San Rafael office to set telephone appts. for our staff members. $1.60 per hour for 4 hours of your spare time, day or evening. If interested in a supplement to your present income or social security, call T. J. Grouya, 456-1852 9-5.

60—Homes for Sale

Marin County

$60,000
Land of Enchantment

offered for the first time . . . a home and setting 1000 miles from reality, with uninterrupted privacy in a world of your very own. A level ⅞ acre in a prime residential area offering an Oriental garden, accompanied by waterfalls and pools and a series of bridges . . . crossing a live creek to a separate guest house complete with Ryolite stone fireplace, beamed ceilings, knotty pine interior and exterior of simulated logs. Other outdoor features include redwood grove, winding flagstone pathways, complete sprinkler system. Incense cedars, firs, pines, etc. The main residence is custom designed in every detail with 5/16" plate glass picture windows framing a superb view of majestic Mt. Tamalpais from ash paneled living room, complimented by indirect lighting and entire fireplace wall of Arizona stone. 4" spun glass insulation in ceilings and walls. Radiant heat with Zonolite insulation under floors. Dust-proof closets. A kitchen that a lady dreams about all her life, with every conceivable convenience at her beck and call.

Kent Woodlands

8 KENT WOODLANDS HOMES JUST LISTED BY FRANK HOWARD ALLEN

1. $150,000 — 5 bedroom, plus maid's. Steel, stone and glass. Formal areas focus on the pool. Hotel kitchen for the family who entertains.
2. $72,500—3 bedrooms plus maid's, den, dining room, on over ¾ acre and a rolling lawn down to a sparkling pool. THIS HAS A PRIME LOCATION. Available ONLY thru Frank Howard Allen.
3. $185,000 — 5-bedroom home and complete guest home (cabana style) unrivaled excellence. Pride of workmanship, finest materials, supremacy architecture . . . blended with the wonders of nature which produce a sun-splashed oak-treed site looking out over the rest of the world.
4. $91,500 — 6 bedrooms on ¾ acre. Vaulted ceilings, circular iron gangway stairs, banquet room, children's library, loft master suite — so elegant. A home with an exceptional imagination quotient.
5. $69,500 — 3 bedrooms, family room, dining room, study alcove above the 2-story living room. Workshop, darkroom. Fully landscaped and sprinklered. Faces Tamalpais. So newly listed this ad will run the same day our staff sees the house for the first time.
6. $83,500 — Bachelor's retreat featuring 20-ton granite fireplace, on a spectacular knoll facing Tam to the bay. Filled with electronic wizardry. Constructed of marble floors, rock roofs, glass walls, looking to Bonsai gardens. COMPLETELY private interior patio, removed master suite with a striking guest suite directly over and a den-guest room off the banquet room & gallery. Black counters grace the Gourmet kitchen. Owner had his choicest site and an unlimited construction budget. WARREN CALLISTER, architect.
7. $75,000 — 4 bedrooms, 3 baths, on a level sunny RARE site. Blocks from the gates. Dining room? Family room? Call us tomorrow — this ad is going in the paper before our ad writer sees the house.
8. $65,000 — 4 bedrooms, 3 baths, family room, dining room, pool site on the acre site. Ranch-style home with a sunny patio, spreading lawn. Only 8/10 mile from the gates. Listed Tuesday night.

We have a story to tell about our Kent Woodlands brokerage! Located at the gates — with plans to every Kent Woodlands home on file in our office — and a wall map showing every site for sale — and appointed EXCLUSIVE AGENTS by the Kent Estate. WE SELL OUR OWN KENT WOODLANDS LISTINGS

CREAMPUFF
'64 OPEL
COUPE
$895

A really clean little Opel Kadett that we sold new in '64 to local family who just traded on a new Opel Wagon.

Powder blue with matching blue vinyl interior. Standard transmission with gas-saving 55 h.p. engine that uses regular gas and gets better than 30 miles to the gallon.

The perfect car for the family with students.

NOTICE OF TRUSTEE'S SALE
Loan No. 7033-4
Default No. 1648

On Friday February 23, 1968, at the hour of 11:10 A.M. at the Fourth Street entrance of the County Courthouse, between A and Court Streets, San Rafael, California, GUARANTY SERVICE CORPORATION, a California corporation, as Trustee, will sell at public auction to the highest bidder for cash, in lawful money of the United States, all payable at the time of sale, the following described real property situate, lying and being in the City of Larkspur, County of Marin, State of California, described as follows:

BEGINNING at a point on the center line of a 40 foot roadway, known as Marina Vista Avenue, distant North 63° 36' West 22.03 feet from the Northwest corner of that certain tract of land conveyed to Louis Schmitt by Deed recorded January 17, 1936, in Book 310 of Official Records, page 157, Marin County Records; running thence along said center line North 85° 09' West 25.05 feet; thence leaving Marina Vista Avenue and running North 12° 31' East 124.61 feet; thence North 89° 54' East 120 feet; thence South 0° 36' East 122.7 feet to the Northerly line of a 10 foot lane known as Helen Lane; thence along said line of Helen Lane South 89° 24' West 123.34 feet to the point of beginning. Reserving therefrom an easement for roadway and utility purposes over a strip of land 20 feet wide lying along said center line of Marina Vista Avenue.

TOGETHER WITH an easement for the purpose of ingress and egress, over a strip of land 40 feet wide, lying 20 feet on each side of the following described line:

BEGINNING at a point on the Southerly line of Magnolia Avenue, distant South 56° 56' East 12 feet from the most Easterly corner of Lot 1, Block 1, as said lot and block are shown on the Map of Baltimore Park, Sub. One, filed July 9, 1907 in Book 2 of Maps at page 90, Marin County Records; running thence South 4° 22' East 84.32 feet; thence on a curve to the right whose center bears South 65° 38' West and whose radius is 200 feet, distance 107.8 feet; thence South 26° 31' West 87.69 feet; thence on a curve to the right whose center bears 63° 29' West and whose radius is 35 feet; distance 91.58 feet; thence North 3° 34' West 74.88 feet; thence on a curve to the left whose center bears South 86° 26' West and whose radius is 150 feet, distance 68.20 feet; thence North 29° 37' West 48.79 feet; thence on a curve to the left whose center bears South 60° 23' West and whose radius is 100 feet, distance 87.95 feet; thence North 80° West 51.14 feet; thence on a curve to the left whose center bears South 10° West and whose radius is 50 feet, distance 118.78 feet; thence South 36° 09' East 39.32 feet; thence on a curve to the right whose center bears South 53° 51' West and whose radius is 100 feet, distance 131.19 feet; thence South 39° 01' West 98.57 feet; thence South 34° 37' West 232.36 feet; thence South 33° 12' West 216.52 feet; thence on a curve to the right whose center bears North 56° 48' West and whose radius is 100 feet; distance 53.30 feet; thence South 64° 53' West 81.25 feet; thence on a curve to the right whose center bears North 25° 07' West and whose radius is 20 feet; Distance 50.03 feet; thence North 28° 13' East 35. 91 feet; thence on a curve to the left whose center bears North 61° 47' West and whose radius is 200 feet, distance 62.83 feet; thence North 10° 13' East 60.76 feet; thence on a curve to the left whose center bears North 79° 47' West and whose radius is 260.25 feet, distance 63.36 feet; thence on a curve to the right whose center bears North 86° 15' East and whose radius is 189.97 feet distance 158.21 feet; thence North 43° 59' East 129.08 feet; thence on a curve to the left whose center bears North 46° 01' West and whose radius is 30 feet, distance 67.61 feet to the property hereinabove described.

Said sale will be made without warranty or covenant regarding title, possession or encumbrances, to satisfy the obligations secured by and pursuant to the power of sale contained in that certain deed of trust executed by JOHN PATRICK KIHN, a married man, his sole and separate property, as Trustor, to WESTERN TITLE INSURANCE COMPANY, a California corporation, as Trustee, and NORTHWESTERN SAVINGS AND LOAN ASSOCIATION, a corporation, as Beneficiary, the beneficial interest under said deed of trust now being owned and held by said Association, and which said deed of trust is dated January 22, 1964, and was recorded January 23, 1964 in the office of the County Recorder of Marin County, California, in Book 1772 of Official Records, at page 606, Marin County Records; and which said deed of trust was assumed by Marana Company, Inc., dated December 15, 1964, and title of property now vested in the name of James W. Plummer by deed recorded July 12, 1967.

Notice of default and election to sell the described real property under the above deed of trust was recorded on October 16, 1967, in the office of the County Recorder of Marin County, California in Book 2165 of Official Records, at Page 166.

Guaranty Service Corporation was substituted as Trustee by Deed of Appointment and Substitution of Trustee dated September 29, 1967, and recorded October 16, 1967, in the office of the County Recorder of Marin County, California, in Book 2165 of Official Records, at Page 167, Marin County Records.

Dated: January 23, 1968.

Cal Students Probe Tiburon In Class Task

"What do young people do in Tiburon? Who sets the moral standards?" Concern and interest were apparent in Jon Hammond's eyes.

"Tell us about the neighborhood groups. We hear they are strong in Tiburon and get results," requested Thomas A. Stone.

Both young men are seniors at the University of California in Berkeley, members of a class of 23 students in the department of landscape architecture. Part of the college of environmental design, which is studying the Tiburon Peninsula, past, present and future.

They hope eventually to come up with a landscaping master plan for the development of the Tiburon area.

OTHER SURVEYS

The project started when County Planning Director Paul C. Zucker commented he would like to see in Tiburon a similar study to one being made by students in Nicasio, on how to preserve the area's natural beauty, according to the class instructor, Carlisle Becker, who is a resident of Tiburon.

The class did this kind of study on the Napa Valley last year.

"We are split into groups and we each study our own subjects," explained student Theodore Mittet. Students will be investigating and interviewing local officials, residents and businessmen on such topics as climate, geology and hydrology; the flora and fauna; Tiburon's cultural setup, "settlement patterns and movement systems;" land uses and value, and governmental structure.

Part of the class is expected at a special meeting of the Tiburon Parks and Recreation Commission tomorrow with Walter Horchler, county senior planner, who will discuss a trails plan for the Tiburon Peninsula.

'JURY' EXAMS

At the end of the semester, a final verbal examination called a "jury" will be held, in which students will be questioned on what they have learned and what conclusions they have reached.

Professor Becker and his students are talking about having their "jury" in Old St. Hilary's museum in Tiburon this June, if so, local residents will have the opportunity to see how the Belvedere-Tiburon area looks to the inquisitive young eyes of landscaping students from across the bay.

A NEW LOOK AT TIBURON—City Mgr. Lawrence D. Rose points out highlights of the city to inquiring students from the University of California at Berkeley. They are (left to right) Theodore Mittet, Thomas A. Stone and Jon Hammond. The youths are part of a senior class making field trips to explore the Tiburon Peninsula from landscaping and design viewpoints. (Independent-Journal Photo)

Defense Grant On Board Agenda

A report on approval of a National Defense Education Act grant of $12,000 to the Larkspur School District will be given at the district's board meeting at 8 p.m. tomorrow at the administration office.

The funds will be used for materials on reading, mathematics, and social studies.

The board also will work on next year's school calendar, and hear a report by the teachers' salary committee on proposed salary hikes for that year.

The regularly scheduled Feb. 22 meeting will be held instead at 5:30 p.m. Feb. 21 in the San Clemente School library in Corte Madera.

MARIN FIRE CALLS

YESTERDAY:

9:08 a.m., San Anselmo — Furnace motor burned out at home of John F. Leonardi, 35 Sierra Avenue; estimated $50 damage.

2:10 p.m., Sausalito — Smouldering trash basket at 206 Buckley Avenue at home of Mrs. Lois W. McCord; no damage.

7:50 p.m., Marinwood — Smoking dishwasher at home of Victor Pizarro at 1 Erin Drive caused by plastic lid dropping into heating coil.

8:48 p.m., Alto — Short circuit in wire in furnace at home of C. S. Williams at 280 Richardson Drive caused small of smoke in house; no damage.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Laboratory Tests Are Likely To Vary On Cholesterol Counts

VAN DELLEN

An old patient of mine always insisted on having certain blood tests performed in two different laboratories. I withdrew twice the amount of blood serum needed and put half in one test tube and the remainder in another.

Similar samples were sent to two hospital laboratories but the results seldom were the same. The serum cholesterol determinations were the most variable.

THIS IS understandable, because technics differ and some technicians are more skillful or exacting. My patient was disturbed because his reading was within normal limits at one laboratory, but elevated at another.

He was relieved when told that the elevated reading at one laboratory was within their normal limits because a different technique was used.

A group of physicians from the University of Maryland school of medicine sent duplicate serum specimens to five different laboratories. The results revealed a wide range in cholesterol values. The differences varied from 13 to 160 mg. per cent.

Blood serums with the highest levels showed the greatest discrepancies.

THIS MAY EXPLAIN why some physicians are reluctant to base a diagnosis and treatment on a single cholesterol determination. And, more so, when the method used and normal limits are not known.

Future research may show that daily cholesterol levels fluctuate with the amount of tension encountered during the previous 24 hours or the amount of fat consumed the day before the test was done.

We are not trying to belittle laboratories conducting these tests but it is only fair to acquaint our readers with the problems encountered in evaluating cholesterol levels.

Reports indicate that 80 per cent of all victims of heart attacks due to atherosclerosis of the coronary arteries have too much cholesterol in the blood. Lowering the level, however, does not necessarily protect against another attack.

IN ADDITION, eating foods that lower cholesterol should not be used as proof that the level was high because these edibles were consumed originally. But before we go into this, perhaps we should settle the technical aspects of cholesterol determinations.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request to the I-J.)

DAMAGED MUSCLE

W. J. writes: I keep reading about all kinds of heart diseases but never see anything about a damaged heart muscle. Would you please write something on this?

REPLY

I write on various phases of this subject quite often. The heart muscle is damaged in coronary thrombosis. Apparently you do not realize this relationship. I assume you are not referring to the muscles that move the valves.

NOT IF HEALED

L. M. writes: After one attack of thrombophlebitis, does the affected leg bother a person periodically for the rest of his life?

REPLY

There are no after effects if healing is complete and a complication such as swelling does not occur.

BABY MAY INHERIT

Mrs. R. P. writes: I'm pregnant and have an allergy. Will this affect the baby?

REPLY

Nothing will happen to the infant except that he may inherit your allergic tendency.

NO TYPIST'S BURSITIS

Z. A. writes: Could 11 years of typing be responsible for an attack of bursitis of the shoulder?

REPLY

No. Trauma is responsible in some instances but bursitis has developed among persons who never lift a hand.

Today's Health Hint — Eating improperly cooked pork may cause trichinosis.

DOUBLE VISION

K. F. writes: Why is it that whenever I take a drink I feel cross-eyed?

REPLY

You may be oversensitive to alcohol or it might be wise to cut the drink down to your size.

SITTING HURTS TAILBONE

T. R. writes: What causes pain in the tailbone when sitting? I am not bothered when standing or walking.

REPLY

Pain may be due to a disturbance of the bone at the end of the spinal column (coccyx). Send stamped, self-addressed envelope for leaflet on coccogodynia, which discusses this subject.

Two Mendocino Trials Slated For Marin Youth

A 19-year-old Mill Valley youth faces two Mendocino County jury trials in March, one on four charges of burglarizing businesses and auto theft, and a second for marijuana possession and petty theft.

The suspect, Peter M. Perdue, will be tried March 4 in Superior Court at Ukiah on the marijuana and petty theft charges and on March 7 for the burglaries and the auto theft.

He is accused in the December burglaries of a supply firm, a bar, a real estate office and a snack bar in the Redwood Valley section near Ukiah.

Feud Continues In Ship's Status

LONG BEACH (AP) — The Queen Mary, Long Beach's new museum-convention center, is hitched to a pier in the Long Beach Harbor while unions battle over whether she's aground or afloat.

Representatives of seven maritime unions demanded yesterday that the City Council consider her afloat.

The council referred the matter to City Manager John Mansell, who said as far as he's concerned the Queen is a city facility and therefore comes under the civil service employee union.

The maritime unions promised dockside demonstrations until they're recognized.

Backing Given To Challenges

REDWOOD CITY (AP)—The right of political subdivisions to challenge constitutionality of California laws has been upheld by the State Court of Appeal.

The higher court reversed Superior Court Judge Melvin E. Cohn of San Mateo County, the San Carlos School District disclosed yesterday.

Judge Cohn had dismissed a suit filed by the school district on grounds that a political subdivision, such as a school district, has no standing in court.

Appeal Court Justice Byrl Salsman ruled: "The trustees of the district believe legislation affecting the administration of the district is unconstitutional and have a right to challenge."

Academy Has New English Instructor

Charles P. Donahue of Mill Valley has been appointed to teach English at San Rafael Military Academy, replacing Rev. Angus Dun, who will become vicar of the Church of the Redeemer in Glenwood, San Rafael.

Donahue is doing graduate study at the University of San Francisco and has taught in public schools in Wisconsion for 10 years.

TELEVISION REVIEW

Two Shows Bring On Bright Talent

By RICK DU BROW

HOLLYWOOD (UPI)—One of the happiest television developments in some time has been the emergence of a number of bright new talents in two series with a young outlook: The Smothers Brothers show and "Rowan and Martin's Laugh-in."

Both of these weekly hours have provided the obvious answer to the tiresome, absurd, never-ending show business lament, "Where is the new talent going to come from?" The answer, of course, is that it is all over the place if it is just given a chance.

REAL SLEEPER

CBS-TV's Smothers Brothers are, naturally, veteran and well-known performers despite their youth. But the real sleeper of their series has turned out to be Pat Paulsen, whose understated, wildly funny editorials—some with deadly aim—are among the very best things on the home screen. He seems a quite logical extension of the Robert Benchley lecture approach attuned to the 1968 scene.

Over at NBC-TV's "Rowan and Martin's Laugh-in," meanwhile, there is a veritable wealth of young talent in the numerous performers employed for the weekly hour of gags, sketches and topical humor. I have three particular favorites.

One is Arte Johnson, a little fellow with large comic talents. For years around town, he has been regarded as a valuable all-around performer. But now, suddenly—given the chance—his splendid comedy abilities at singing, dancing and line-throwing are making an impact. His impressions of Russian pop singers have been minor classics.

THE FAVORITE

Another favorite of mine is Goldie Hawn, who began the season on a new CBS-TV situation comedy, "Good Morning World"—which now is a dead letter item—and currently is turning up as a guest on the Rowan-Martin entry. She is a charming scatterbrain, with a sort of dumb-but-not-so-dumb delivery, and she is just plain funny. One hopes the Rowan-Martin show has enough sense to sign her on as a regular if it survives.

My other favorite on the Rowan-Martin hour is a long-haired—and I mean long-haired—fellow named Tiny Tim, whose forte is singing falsetto versions of such immortal songs as "A-tisket, A-tasket" and "Tiptoe Through the Tulips" and "On the Good Ship Lollipop," all the while accompanying himself on a ukelele.

He also is an occasional guest on the show, but I think he has earned a permanent welcome.

A PUT ON?

He performs deadpan, and I don't think the Rowan-Martin people have really figured him out yet. He is either an astounding put-on artist, or a brilliantly subtle commentator on the world around him and its generally idiotic devotion to middleaged trivia. In any case, he is almost not to be believed. You have to see and hear him. I have, twice now, and I think NBC-TV is missing a bet by not mounting a campaign to promote him as the personality of the year.

Sons Of Italy Honor Hamilton Vietnam Hero

Sergeant John L. Pighini, stationed with the 41st Aerospace Rescue Recovery Squadron at Hamilton Air Force Base, was inducted in the San Rafael Chapter of Sons of Italy last night.

The 23-year-old Vietnam veteran awarded medals for his rescue of downed American helicopter pilots will be honored at a dinner held by the chapter May 5 at 7 p.m. in Dominic's Harbor Restaurant, San Rafael.

Among the 500 guests expected will be Col. Charles L. Praul, commander of Hamilton Air Force Base, and Lt. Col. Maynard R. Rhoades, commander of the 41st squadron.

Chairman for the event is Jerry Hallett of 8047 Adrian Drive, Rohnert Park, Sonoma County.

On Easter Group

Mill Valley Chamber of Commerce directors Monday named Richard C. Conrad, Jack Packard and Lou Pizzio to the Easter decorations committee. The chamber plans a flower display and a group of animals in front of the chamber office on Lytton Square.

THE HUNTLEY-BRINKLEY REPORT Be better informed! Keep tuned to the times with veteran newsmen Chet Huntley and David Brinkley, backed by NBC's news staff.

Why are they moving a river here?

THEY'RE DOING IT: BRINGING THE FEATHER RIVER DOWN TO SOUTHERN CALIFORNIA TO CREATE A GREAT MAN-MADE LAKE

Very simple. We in Southern California need the water, more and more every day. Every six weeks, we have to make room for a new population the size of Beverly Hills.

A lot of people made a lot of money buying up land cheap in the San Fernando Valley before it filled up with people. Same happened in the San Gabriel Valley.

Now we're opening up our last great valley: the Victor Valley. The electric power company—who ought to know—says population in the heart of this valley will double in the next 36 months, then double again in 5 years!

We're selling land there around the main intersection and freeway interchange: residential, commercial frontage, income property. $390 will tranfer title to your name on some of the prettiest country in Southern California. Your purchase entitles you to use the new 18-hole golf course, swimming pool, everything, including all the smog-free air you can breathe.

Information is free; pictures, maps, a catalog of property for sale. Phone (collect calls OK) or mail in the coupon.

Marin 'Cats Stun Tam; Redwood, Novato Quints Win

It was a momentous afternoon in Marin County Athletic League basketball action yesterday.

Unbeaten and league-leading Tamalpais got back into loop action and lost its perfect loop record and league lead all in one blow in a stunning 58-55 overtime loss to hungry Marin Catholic.

Redwood High, substituting freely throughout the game took a breezy 45-30 win over no-luck, no-shoot San Rafael and climbed into the loop lead with a 7-1 record, setting up its showdown clash against the Indians at Redwood Friday.

Novato, out of the race but not out of fight, cemented its hold on fourth place with a 65-54 win over defending champion Drake, winning it on a spectacular 33-point fourth quarter, best quarter in the MCAL this season.

The defeat, first after six straight wins in league play, was a bitter pill for the Tam Indians, who saw a lot of chances frittered away in the final pressure minutes.

After trailing through most of the first half, by as much as nine points, the Indians suddenly acted like champs in the third quarter, bombing the stunned Wildcats by reeling off a 19-2 advantage and a 48-38 lead going into the final period. Ron Blasingame's seven-point spurt provided the spark.

A Floyd Jackson fielder made it 50-38 with seven minutes remaining. And then the whole thing went sour for the Indians.

Substitute Rick Rafael sparked the Wildcats back into contention on a three-point play that made it 50-43 and Rick Garms sank a free throw that tied it at 55-55 in regulation time.

With Mark Carbone contributing two steals while the Indians missed a pair of field attempts, the Wildcats got the points they needed when Harry Mattsinger calmly sank both ends of a one-and-one free throw situation for a 57-55 lead and the ballgame with 1:55 left in overtime.

The Indians were sorely crimped in the final quarter when starters Jackson, Leroy Barrow and Don Mackin all fouled out in the hectic hoedown. Jackson, who topped the Indians with 18 points, went with 5:09 left, and Mackin was the last to go at 1:10.

Center Pat Schafer, bothered by an ear infection that had forced him to miss key practices and the Vallejo loss last week, was off his usual form, contributing only four points.

The victory put the ambitious Wildcats within a game of the lead, and could possibly set up a three-way tie if Redwood stops Tam Friday, and the Wildcats win their date with the Giants the following Tuesday.

The Giants, with nine players scoring, had little trouble with the cold, cold Bulldogs.

They built up a 15-point halftime edge as San Rafael mustered only eight points and just two fielders in the first half. It was 36-15 going into the final period before the Bulldogs, with Steve Durham reeling off seven straight points, doubled their output over the first three quarters. It wasn't nearly enough.

Darel Ravani, who scored six in the first period, had 10 points for Redwood as did sophomore flash Jerry Piro.

Steve Durham topped the Bulldogs, now 1-7, with 11 points.

Novato trailed almost throughout the game against Drake, and by as much as 37-14 in the third quarter. The Hornets still trailed 37-32 going into the final period when all hell broke loose.

Steve McNally and substitute

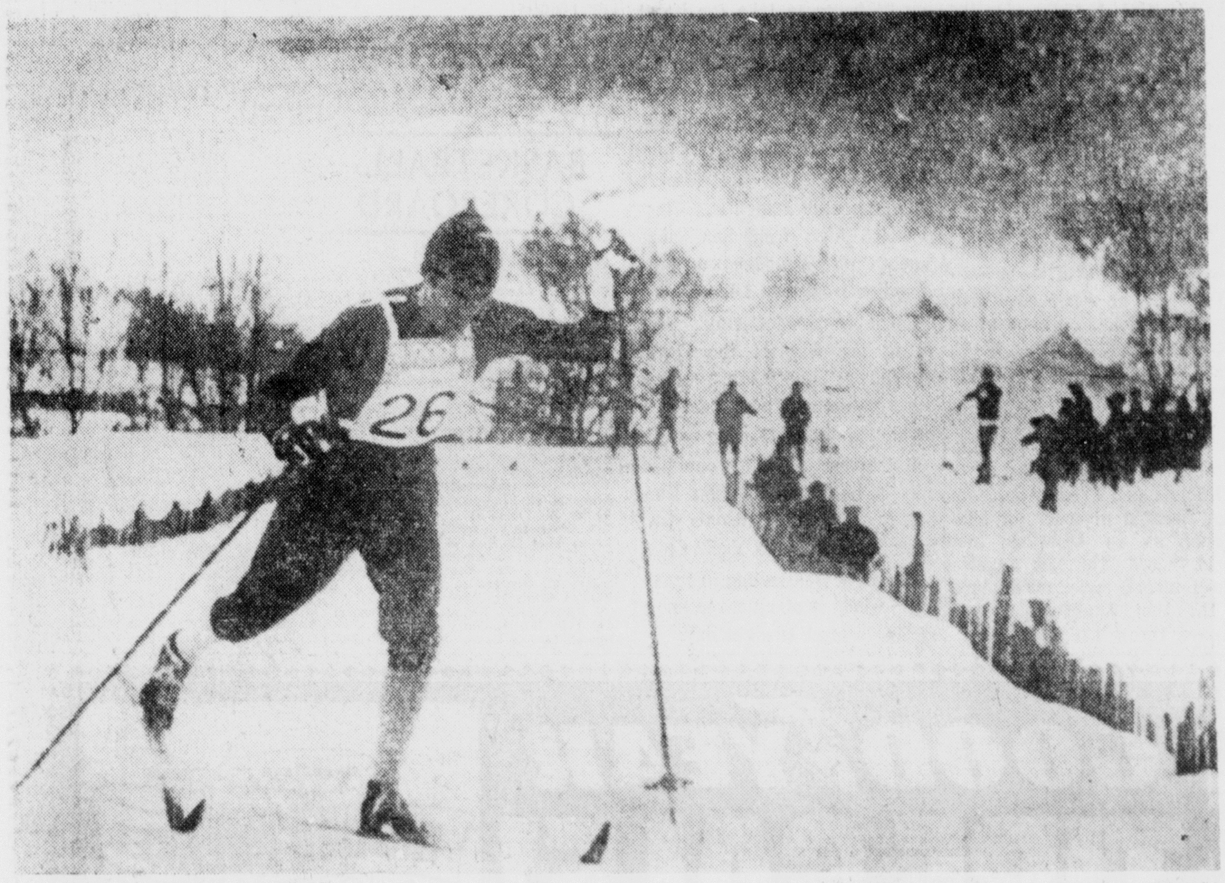
Peggy Takes Quick Lead, Kidd Injures Ankle



GOLD FOR ITALY—Italian Franco Nones speeds through the men's 30-kilometer cross-country ski race enroute to becoming the 1968 Winter Olympic's first gold medal winner. (AP Wirephoto)

French Skier Triumphs

GRENOBLE, France (AP) — World champion Peggy Fleming soared to a comfortable lead in ladies' figure skating competition at the Winter Olympics today, but an ankle injury to Alpine ace Billy Kidd dampened U.S. hopes for an unprecedented men's skiing. gold medal

Miss Fleming, the 19-year-old U.S. skating queen from Colorado Springs, Colo., began her gold medal drive in championship fashion, scoring high marks in each of two compulsory figures on the opening day of competition in the Olympic Ice Stadium.

HARD FALL

Kidd, the Stowe, Vt., flash who has been plagued by injuries since capturing the silver medal in the Olympic slalom at Innsbruck four years ago, fell heavily during the final training run for tomorrow's downhill race. And is a doubtful starter for the downhill race tomorrow.

Bob Beattie, coach of the U.S. Alpine squad, said Kidd was "all but out" of tomorrow's race. "It's a mild sprain of his left ankle, which would not be dramatic if it were not for the fact that he hurt that ankle before," Beattie said.

"It's 90 percent that Kidd won't enter the downhill, but he has a 50-50 chance for the remaining Alpine races," the U.S. coach added.

Miss Fleming's brilliant opening performance followed an upset victory by Italy's Franco Nones in the Games' first final — the 30-kilometer 18.6 mile cross-country ski race previously dominated by Scandinavian and Russian athletes.

FIRST ONE

Nones, a brash, 27-year-old customs officer who had predicted that the favored Norwegians, Finns, Swedes and Russians could be beaten in the demanding race, became the first gold medalist at Grenoble with a wire-to-wire victory.

He sped over the course in one hour, 35 minutes, 39.2 seconds, with Norway's Odd Martinsen second and defending champion Eero Maentyranta of Finland third. Mike Gallagher of Killington, Vt., was the top U.S. finisher in 27th position.

WIDE LEAD

Miss Fleming, a stunning brunette who excels in both compulsory figures and free skating, opened up a lead of 30.4 points over East Germany's Gabrielle Seyfert after the first two of five school figures.

The remaining three figures will be skated tomorrow, and the free-skating wind-up is set for Saturday.

Albertina Noyes, 19, of Arlington, Mass., rallied on the second figure and moved from fifth to fourth position, behind Beatrix Schuba of Austria and ahead of European champion Hana Maskova of Czechoslovakia.

Eight of the nine judges gave Miss Fleming the top mark for each of her two figures—the "left back paragraph three" and "right forward inside rocker."

She finished the first day's competition with 373.4 points. Miss Seyfert had 343.0 points, Miss Schuba 340.7 and Miss Noyes 332.5.

YOUNGEST

Janet Lynn of Rockford, Ill., at 14 the youngest member of the U.S. Olympic squad, held 16th place after being in 19th for the first figure. She had a mark of 291.5.

Kidd, 24-year-old star of Beattie's young Alpine team, fell near the top of the course on his compulsory non-stop training run. After the spill, he skied

U.S. GOLD HOPE — Teen-aged Peggy Fleming, the best hope for a U.S. gold medal in the Winter Olympics at Grenoble, France, does a compulsory figure during the women's figure skating event. The 19-year-old Colorado girl took the early lead. (AP Wirephoto)

END OF 10-YEAR STREAK

Tars Lose In Overtime

By KIMO CAMPBELL

It took 10 years and three overtime periods, but Santa Rosa Junior College's Bear Cubs finally beat the College of Marin basketball team in the Santa Rosa lair, 84-77, before a frenzied crowd in Santa Rosa last night.

After two overtimes had gone for naught, Santa Rosa broke out for 18 points in the third extra session for their first win over Marin at home since 1958.

The heartbreaking loss, the Tars' third in a row, was especially tough since it put the Tars into a first-place tie with SRJC in the Western Division of the Golden Valley Conference. Each team has three games before they meet in the season-ending game at Marin on Feb. 20.

The loss overshadowed two outstanding performances — the first a remarkable comeback by the Tars, who were down by 15 points, 47-32, with 9:25 left in the game. From that point on, Marin outscored Santa Rosa 24-9, with Will Curley's jumper and Russ William's free throw tying it up at 56-56. SRJC's Rochelle Collins got off a 25-foot jumper with six seconds left, but it bounded off the backboard.

The other come-through performance was registered by Williams, who hit for 28 points, his season high. Many of his baskets came at times when a miss could have ended a surge — they were clutch shots, and not easy ones.

After an overly-cautious first overtime, both teams picked up a bit in the second extra period. The lead changed hands several times until Williams hit a jumper to tie it again at 66-66 with 4 seconds left.

In the third overtime, a basket by Len Gottschalk put Santa Rosa ahead to stay at 4:55. The last time Marin was within two points was when Tom Stetson hit a pair of free throws at 1:35.

Two free throws and a steal by the brilliant Collins, the GVC's top scorer, iced it for SRJC in the last minute.

Coach Cal Riemcke said of the end of the streak at Santa Rosa that "all good things must end" but felt that the race could well go down to the final game in Kentfield. That should be a barn-burner.

MARIN	G	F	T	SANTA ROSA	G	F	T
Stetson	4	3-7	11	Collins	8	6-8	22
Curley	1	0-0	2	Gottschalk	5	3-3	13
Kornelis	2	4-4	8	Bromley	3	5-7	11
Williams	13	2-5	28	Petersen	4	4-5	12
Tyson	5	4-5	14	Webb	7	5-5	19
McCarthy	1	4-9	6	Barrett	1	0-0	2
Smith	4	0-0	8	Willis	2	1-6	5
Totals	30	17-28	77	Totals	30	24-34	84

Marin	21	35	26	11—77
Santa Rosa	31	25	26	18—84

Fouled Out: SRJC, Petersen, Webb. Marin, Stetson.

Class B Basketball Race Is A Wide-Open Scramble

Would you look at that Marin County Athletic League Class B Basketball race?

It looks like a smog city freeway. The word is congested.

Redwood is still clinging to the top spot, and we do mean clinging, after the Giants lost their second league game, a 54-47 squeaker at San Rafael.

Drake dropped a chance to climb into a tie for first place by taking a 41-40 tumble at the hands of Novato, which had mustered only 13 points against Redwood four days earlier.

Even the also-rans had a fun time of it, Tamalpais keeping Marin Catholic winless on a welter of free throws, 48-46.

Last night's action left Redwood in first place with a 6-2 record, with Novato, Drake, and San Rafael chasing right behind at 5-3 and idle Terra linda following a step behind at 4-3.

The Redwood-San Rafael tussle was a torrid shooting match with the Bulldogs, paced by Bruce Nave's 17 points, hitting on 63 per cent of their shots from the field and the Giants a hot 55 per cent.

Art Carew and Kent Scove with 16 points each, paced Redwood.

FALLS BEHIND

Drake, after leading by 18-17 at the half, fell behind 28-25, tied it at 37-37 and then lost it in overtime on Mike Phillips' fielder. Bill Gaddy led the losers with 13 points and Bruce Pearson had 19 points for Novato.

Tamalpais hit on only eight fielders, led at the half, 12-11, without scoring a field goal and hung on to hand Marin Catholic its eighth defeat without a victory. The Indians pushed in 32 free throws to cement the triumph.

Mike Luchessa had 16 points for the losers and Ken Dye had 14 for the winners with Steve

Novato Matmen Extend Streak

Novato wound up its regular wrestling season by thumping Terra Nova in a non-league dual meet, 42-2, for its 36th straight dual meet victory and its 14th without a loss for the 1967-68 season.

The Novato jayvees won their 13th against one loss with a 36-11 win.

Winning for Novato were Rod Hull, Kirt Donaldson, Ken Donaldson, Bruce Scheibach, Phil Gaffitt, Cary Fergus, Bruce Lamb, Corey Parfitt, Bob Naugle, Dennis Miller, Frank Stonko and Greg Saffores.

Scheibach and Prafitt produced the only falls of the meet. Bob Lombard drew at 98 pounds and Bruce Lamb had a narrow escape, winning, 1-0, on an escape at 148 pounds.

Linzy Among Four Giants To Sign

The San Francisco Giants announced today they have signed relief pitcher Frank Linzy, and three young players, bringing their roster for the 1968 National League season to 15.

The three young players are outfielders Ken Henderson and Frank Johnson, who played some for the Giants last year, and catcher Don Bryant. All were with the Phoenix Giants last season.

Linzy, although 7-7, had his most effective season, adding 12 saves in relief and an excellent 1.5 earned run average.

Bryant, 6-6 and 205, was seventh in batting in the Pacific Coast League with .292 and is recommended as having a good throwing arm. The Giants got him from the Chicago Cubs a year ago in a trade.

Henderson, originally a $100,000 bonus baby in 1965, is a good fielder whom the Giants hope will develop power at the plate. However, he hit only .190 in 65 games in the N.L. last season.

Johnson, in the Giants organization seven years, batted .300 in 10 times at the end of last season. With Phoenix through the PCL season, he batted .265.

FIGHTS LAST NIGHT

MIAMI — Luis Rodriguez, 154, Miami, stopped Charlie "Bad News" Austin, 159½, San Diego, 6.

HOUSTON — Manuel Gonzalez, 149, Houston, outpointed Charlie Shipes, 147½, Oakland, 10.

SACRAMENTO, Calif. — Fred Lewis, 179, McClellan Air Force Base, Sacramento, outpointed Marty Franklin, 186, Fresno, Calif., 10.

United States Hockeymen Have Rough Olympic Start

GRENOBLE, France (UPI)— The United States' hockey team, beaten yesterday by the powerful Czechs 5-1, faced strong Sweden today in the Winter Olympic Games and Coach Murray Williamson predicted victory.

"We were too high, too tight, against the Czechs," said Williamson, of Minneapolis. "They're not that good. I think we can beat them the next time we play.

"We're a fighting mad team and we're going to beat Sweden."

Sweden was the silver medalist in 1964 and runnerup to the Soviet Union in the world championships last year.

Five other hockey games were scheduled today. Favored Russia met East Germany, Norway faced France, Romania played Austria and Poland went against Japan.

In yesterday other action, the Soviet Union trounced Finland 8-0 and Canada topped West Germany 6-1.

Doug Volmar, a 22-year-old engineer from Minneapolis, spoiled Czech goalie Vladimir Dzurila's shutout with a first period goal, tying the score at 1-1.

Jan Havel broke the deadlock at 2:01 of the second period, then the Czechs added another goal in the second period and two in the third against goalie Pat Rupp, of Minneapolis.

Wilcox To Get Eshmont Award At 49er Fete

REDWOOD CITY (AP) — Linebacker Dave Wilcox will receive the 1967 San Francisco 49ers' Eshmont Award tonight at a banquet.

Lawrence T. "Buck" Shaw, first coach of the 49ers and coach of the player for whom the award is named, will make the presentation to Wilcox, 11th winner of the award.

Len Eshmont was a running back with the 49ers from 1946 to 1949. He died in 1957.

Wilcox, a 6-2, 234 - pounder whose home is Vale, Ore., is the first linebacker ever to win the award. He will receive an engraved watch.

Some of the past winners expected to attend are Y. A. Tittle, Joe Perry, Dave Baker, Leo Nomellini, Charlie Krueger and John Brodie.

FAREWELL TO THE OLD GARDEN

The old Madison Square Garden (top) familiar to sports fans for the past 40 years will be replaced soon by a spanking modern and circular garden (bottom) in New York. (AP Wirephoto)

Ralston, Buchholz Finish 1-2 In World Cup Tennis

ST. LOUIS (AP) — Dennis Ralston of Bakersfield and Earl "Butch" Buchholz of St. Louis finished one-two in singles point average and money winnings as the United States won the World Cup tennis finals yesterday 4-1 over Australia.

Ralston finished with a point total of 29.6 out of a possible 31 under a simplified scoring system. Buchholz finished with a 29.5 mark. Ralston's winnings totaled $3,646.20 and Buchholz' $3,395.90.

The Californian beat John Newcombe of Australia 31-20, 31-20, to ensure the American victory. Earlier Aussie Tony Roche beat Buchholz 31-27, 31-23.

Roger Taylor of England beat Nikki Pilic of Yugoslavia 31-26, 25-31, 5-4, to give the combined England-South Africa team third place over the European team.

IF YOU GET LOST, ASK FOR LOMBARDI

GREEN BAY, Wis. (AP) — A street which runs past Lambeau Field — home of the Packers — is to be named Lombardi Avenue in honor of Vince Lombardi, Green Bay Packer general manager who resigned last week as coach of the pro football champions.

The city council has voted to change the name of the street, currently Highland Avenue. The change is to be made this summer.

Fifth Triple-Tie In The Big Ten

CHICAGO (AP) — When Indiana, Purdue and Minnesota finished in a three-way tie for the Big Ten football title it marked the fifth triple tie in the history of the conference.

In 1931 Michigan, Northwestern and Purdue tied. Other triple ties were between Illinois, Michigan and Purdue in 1918; Michigan, Minnesota and Wisconsin in 1906 and Michigan, Minnesota and Northwestern in 1903.

SPORTS SHORTS

BASEBALL

PITTSBURGH — Slugging star Roberto Clemente, the highest paid player in Pirate history, signed his 1968 contract with Pittsburgh for a reported $100,000.

KANSAS CITY — Charley Metro, a former Chicago Cubs manager and a super scout for Cincinnati last year, was named director of player procurement for Kansas City's new American League expansion club.

NEW YORK — Mrs. Joan W. Payson, principle owner of the New York Mets, was named president of the club by its board of directors.

SWIMMING

TACOMA, Wash. — Kaye Hall, a high school student, bettered the listed American women's 200-meter backstroke swimming record for the short 25-meter course with a time of 2:28.1.

GENERAL

NEW YORK — Jerry C Bryant, 60-year-old Seattle yachtsman, was named winner of the 1967 Ole Evinrude Memorial Award for a lifetime of significant contribution to boating.

HORSE RACING

ARCADIA, Calif. — Santa Anita race track announced the rescheduling of the $100,000-added Strub Stakes for Saturday after a dispute between the track and horseowners which curtailed racing since Friday was settled.

Ruth Birthplace To Be Enshrined

BALTIMORE (AP) — The birthplace of baseball immortal Babe Ruth, saved from demolition in December, was turned over to the city of Baltimore yesterday to be preserved as a shrine.

The transfer of title was made on the 73rd birthday of the Baltimore incorrigible who became baseball's greatest slugger and gate attraction. The Babe died of cancer in 1948.

Mathias Readies For Frazier Duel

RHINEBECK, N.Y. (AP) — Buster Mathis is "rounding into great shape" for his March 4 New York version of the world heavyweight title bout in New York with Joe Frazier, trainer Joe Fariello said today.

Fariello said Mathis' showing in eight sparring rounds yesterday against Leotis Martin, Scrapiron Johnson and Benny Briscoe was his best yet in training camp here.

Ray Floyd Leads Pro-Am With 66

SAN DIEGO (AP) — "Heck, the course is easy," said Ray Floyd after shooting a six-under-par 66 to lead the first day of pro-am competition in the $165,000 Andy Williams-San Diego Open.

"I missed only three greens and I reached all the par fives in two shots. Of course the weather was nice and it might play harder with some wind."

The handsome, curly-haired pro from St. Andrews, Ill., played the 6,808-yard Torrey Pines Golf Course on a seaside bluff north of San Diego. In a 31-35 round yesterday—which earned him $750 — he had six birdies and an eagle.

The $15,000, two-day, 36-hole pro-am competition will be followed by four days of further play.

Jack Nicklaus, last year's top PGA money winner, finished among many at 69 and commented: "It's a fair course but you can get in trouble."

Arnold Palmer sat out the pro-am but will play in the 72-hole tournament starting Thursday.

A stroke behind Floyd at 67 were Johnny Lotz of Hayward, Calif., Charles Sifford of Los Angeles and Jacky Cupit of Dallas. Lotz played at Torrey Pines, Sifford and Cupit at the 6,738-yard, par 35-36 — 71 Stardust Country Club.

Mike Fetchik, Bobby Nichols, Johnny Pott and Phil Rodgers had first round scores of 68.

With best-ball scores of 55, two teams were tied for first: pro Paul Harney and amateurs William Sampson, Ray McMillen and Bill Yates; and pro Lionel Hebert and amateurs Merv Adelson, Forrest Naiman and Max Coffman. Harney and Hebert earned $600 each.

OLYMPICS

Continued from page 41

back to the Alpine skiing center of Chamrousse and checked into an infirmary.

If Kidd is unable to go in the downhill, only three Americans — Jere Elliot and Jim Barrows, both of Steamboat Springs, Colo., and Dennis McCoy of Bishop, Calif.—will make the run.

MINOR INJURY

Spider Sabich of Kyburz, Calif., who would have replaced Kidd, suffered a minor knee injury during the non-stop.

"We want to save Spider for the giant slalom and slalom, where he is especially valuable," Beattie said.

In 1964, Kidd became the first American to capture an Alpine men's skiing medal with his second place finish at Innsbruck. Two years later, he injured the ankle at Kitzbuehel, Austria, then broke his other leg while training at Portillo, Chile, for the world championships.

Although the four U.S. entrants finished far back in the cross-country ski race—first of 12 Nordic events at the Games—Coach Al Merrill said they had done a "good job—the best they've done to date on this level."

Gallagher, whose time of 1:41:58.2 was more than six minutes off the winner, said: "It's the best race I've ever run, but I'm still not satisfied."

Mike Elliott of Durango, Colo., placed 29th in the field of 63 with a 1:42:22.6 clocking; Charles Kellogg of Boston was 51st in 1:50:03.7 and Jon Lufkin of Rumford, Maine, 55th in 1:51:21.2.

Weirdo Record Finally Broken After 54 Years

LONG BEACH (AP) — In the AAU record book, by chance one day, George Frenn found that on Feb. 20, 1914, in San Francisco Pat Donovan tossed a 56-pound weight vertically 16 feet, 11¼ inches.

Frenn, 26, set to work on his own technique for directing the weight straight up at a three-foot wooden disc suspended from pole vault standards.

Yesterday he was ready. With six AAU officials on hand at an open meet at Long Beach State, Frenn clipped the bottom of the disc 17 feet from the ground.

Jim Hannefield, who also had been peeking in the record book, was second with 16-11¾.

Officials said Frenn's achievement seemed in order for submission as an American and world record. The Los Angeles school teacher won third place in the Pan American Games hammer throw last year.

30-Kilometer Cross Country Ski Results

AUTRANS, France (AP) — Official results of the men's 30-kilometer cross-country ski race at the 1968 Winter Olympic Games:

	Time
1. Franco Nones, Italy	1:35:39.2
2. Odd Martinsen, Norway	1:36:28.9
3. Eero Maentyranta, Finland	1:36:55.3
4. Vladimir Voronkov, U.S.S.R.	1:37:10.8
5. Giulio De Florian, Italy	1:37:12.9
6. Kalevi Laurila, Finland	1:37:29.8
7. Kalevi Oikarainen, Finland	1:37:34.4
8. Gunnar Larsson Sweden	1:37:48.1

10. Anatolii Akentiev, U.S.S.R.	1:37:52.4
27. Mike Gallagher, Killington, Vt.	1:41:58.2
29. Mike Elliott, Durango, Colo.	1:42:22.6
51. Charles Kellogg, Boston	1:50:03.7
55. Jon Lufkin, Rumford, Maine	1:51:21.2

Yachtsmen Waiting For Wind

SAN DIEGO (AP) — Kialoa II was in front of 28 other wind-hungry racing yachts haunted by the worst two opening sailing days in the history of the ninth biennial San Diego-to-Acapulco race.

Yesterday's report from the escort vessel Viking found defending champion Kialoa II only 158 miles from San Diego.

Jim Kilroy's 72-foot yawl from Newport Harbor Yacht Club was 50 miles behind the race's slowest effort in 1953.

But Kialoa managed to cover 107 of the 1,430-mile course during 24 hours to take the No. 1 fleet position, six miles in front of Chimaera, Fred Liebhardt's 47-foot sloop from San Diego

Chimaera remined the handicap leader of the fleet, which was spread over an 86-mile front. Dorothy Radcliffe's Class A ketch Alert from San Diego Yacht Club was at the rear, only 75 miles from San Diego.

Spirit, Norm McCarvill's yawl flying the flag of the Royal Vancouver Yacht Club, retained third position in both fleet and handicap standings.

But Spirit, 144 miles out, had only a half-mile edge on Rascal. Rascal is Bill Wilson's yawl from Santa Barbara Yacht Club.

The fleet was sailing in maximum winds of about seven knots for the second straight day.

Wildcats' Upset Is Prep Headliner

Continued from page 41

Larry Ferguson scored 15 and 11 points, respectively in the final period, breaking up what had been a tight duel, as the Hornets outscored the Pirates, 33-17, to capture their second win over Drake.

McNally pumped in 11 of 14 field goal attempts and Ferguson sank seven of 11 as Novato finished with a hot 26 of 41 attempts from the floor. McNally wound up with 27 points and Ferguson 19.

The Pirates, who got a 17-point scoring performance from Fred Westcott, enjoyed a 46-31 rebound edge to little avail. Don Alvarado grabbed 20 rebounds and scored 10 points. Art Pla added 10 points for Drake, now 3-5. O'Brien adding 12 points, all on free throws.

Warriors Capture Thriller

CHICAGO (AP) — The San Francisco Warriors, buoyed by four victories in their last five games, return to the Bay Area for a game in Oakland tomorrow night against the Cincinnati Royals.

Trailing by 17 points early in the third quarter, the Warriors came back for a 126-124 overtime victory last night over the Chicago Bulls.

The loss was the ninth straight for the Bulls, whose lead over fifth-place Seattle in the National Basketball Association's Western Division was cut to two games.

The Warriors, who now trail division leader St. Louis by 6½ games, travel to Los Angeles Sunday.

Jeff Mullins kept the Warriors alive in the closing minutes. His baskets tied the score twice, the last time with 10 seconds left in regulation play. And it was his jumper and free throw that put the Warriors ahead to stay in the overtime period.

BOWLING TIPS

By DON CARTER

Tight hook bowlers who move to the right in an effort to get the ball up to the 1-3 pocket do their scores a disservice. A hook thrown from too far to the right simply won't spin those pins around. If your scoring declines, stay toward the center and throw more straightforward at the pins.

Al Walton Wins Golf Tournament

Al Walton won the Mill Valley Golf Club's "Request Replay" tournament Sunday, scoring a 73-13—60. Each player was entitled to request his opponent to replay a shot once in each nine holes.

Don Hawken was second, 78-16—62; followed by Tommy Thompson, 78-15—63; Willie Zepponi, 73-10—63; Al Carlson, 78-16—65, and Mario Polacchi, 80-15—65.

Five Ex-Champs At Fight Night

Five former champs will be trying to repeat performances tonight at the fourth annual Novato High School Boxing Night in the school's gymnasium.

The 10-bout program begins at 8 o'clock, and is sponsored by the Novato High School Letterman's Club.

The second bout of the night should be quite a fight, as two former champs will be opposing each other. Mark Allen won the 112-pound title two years ago and will be going for the 119 pound crown tonight. Bruce Pearson, winner of the 119-pound title in 1966 and the 125-pound title last year, will be trying to repeat in the 119, or bantamweight.

Other former champs include welterweight Randy Smith, winner of last year's 132-pound title; Junior middleweight Wally Campbell who won the 156-pound division last year and the 147 the year before, and Paul Howard, middleweight who won the 147-pound title last year and the 139 crown in 1966. Howard was named the most outstanding boxer last year when fighting at 147 pounds, and this year moves up to the 165-pound group.

Two former California state boxing champions will referee the prep bouts, Sixto Rodriguez, ex-state light heavyweight champ, and Billy "PeeWee" Thomas, former state featherweight title holder.

Bob Comaduran will be timer, Dr. Richard Walker the attending physician, and Willie Smith will judge along with Rodriguez and Thomas. Television's Marshall "J" will be master of ceremonies. The boxers have been coached by Al Scott and Bob Aune.

Tickets will be sold at the door of the gym, $1.50 for adults and $1 for students. Doors open at 7 p.m.

Program of bouts:

Flyweight (112) — Rick Gorrell vs. Joe Ferretti.
Bantamweight (119) — Mark Allen vss. Bruce Peason.
Featherweight (125) — Larry Yarger vs. Mark Siegrist.
Lightweight (132) — Greg Lehman vs. Len Burton.
Junior welterweight (139) — Mark Newsom vs. Jack Pratt.
Welterweight (147) — Randy Smith vs. Neal Given.
Junior middleweight (156) — Bruce Lamb vs. Wally Campbell.
Middleweight (165) — Hank Shaw vs. Paul Howard.
Lightweight (178) — Rocky Mattson vs. Andy Lehan.
Heavyweight — Mike Russell (200) vs. Bob DeBaun (189).

Mrs. Bert Zahner Is Golf Winner

Mrs. Bert Zahner scored 99-18—81 to win Class A honors at the Oakview Ladies Rover Golf Club tournament Monday at Peacock Gap golf course in San Rafael.

Class B winners included Mesdames Bev McAlpine, 61; Ted Steiger, 70, and Arthur Brodie, 71.

Eisenhower Gets First Hole-In-One

PALM SPRINGS, Calif. (UPI) —Former President Dwight D. Eisenhower scored a hole-in-one yesterday on the par three 13th hole at Seven Lakes Country Club, and like any golfer he was jubilant.

"This is the first time in my golfing career that I've ever had a hole in one," said the five-star general after the round.

Eisenhower, 77, also narrowly missed an ace on the 18th when his ball hit the pin. He dropped the put for a birdie two. On the par four, 260-yard 8th, the general carded an eagle.

"He hit the ball better today than I've ever seen him hit it," said Seven Lakes pro Jack Carroll. "He went around the first nine holes in 33 and turned in a 28, one under par, on the back nine." Par for the course is 29-29.

The general used a nine iron for the hole-in-one.

PRO BASKETBALL

Knicks Surprise Hawks; Detroit, L. A. Triumph

By ASSOCIATED PRESS

The New York Knicks, who waited almost half a season before righting themselves with Red Holzman, waited another three quarters last night before finally overturning the St. Louis Hawks.

A 10-point splurge at the start of the fourth quarter did the trick, turning a precarious six-point lead into a 16-point bulge and the Knicks pounded the Hawks 121-100 for their first victory over St. Louis this season in four games.

The game was the second half of a National Basketball Association doubleheader at Madison Square Garden, following Detroit's 120-93 rout over San Diego.

In other games, touring San Francisco slipped by Chicago 126-124 in overtime and Los Angeles bombarded Cincinnati 146-102 on the West Coast.

In the ABA, Indiana turned back Pittsburgh 113-100, Minnesota tripped New Orleans 112-110 and Oakland edged Dallas 99-98.

The Knicks lost twice in overtime to St. Louis before Holzman replaced Dick McGuire as their coach with the team floundering under a 15-23 record.

The Hawks beat the Knicks again before New York turned the tables and ran its record under Holzman to 14-8.

Eight straight points put the Knicks ahead to stay 48-43 at the half as St. Louis managed to hit only 28.6 per cent from the field against the ball-hawking New Yorkers.

It still was close until Dick Barnett hit baskets around scores by Walt Bellamy and Bill Bradley and Willis Reed dropped another for a convincing 87-71 lead.

Barnett went on to score 11 of his 21 points in the quarter and Reed nine of his 17 as the Knicks hammered home 44 points. Bellamy also finished with 21. Len Wilkens led St. Louis with 25.

Detroit also took advantage of some cold shooting to hand the Rockets their ninth straight defeat. The Pistons grabbed a 55-36 halftime lead as the Rockets hit only 25.4 per cent from the field. San Diego never got closer than 16 after that as Dave Bing hit 35 points for Detroit.

Los Angeles took a 67-58 lead at intermission and then crushed Cincinnati with Oscar Robertson sitting out with an injured leg. Elgin Baylor led the charge and finished with 26 points for the Lakers. Jerry West added 24.

Oaks Rally To Edge Dallas Quint

OAKLAND (AP) — The Oakland Oaks, sparked by Wes Bialosuknia, fought back last night to hand Dallas its fourth straight American Basketball Association loss, 99-98.

Down 57-46 at the half, the Oaks tied the game at 90-90 in the last quarter on a jump shot by Bialosuknia.

The Oaks went ahead but Player-Coach Cliff Hagan of Dallas knotted the score with 3:01 left. The Oaks went ahead to stay on a three-point shot by Bialosuknia.

It was Oakland's first victory over Dallas in four games and the Oaks' third straight, equaling their longest winning streak of the season.

Jim Hadnot led Oakland with 22 points. Cincy Powell of the Chaparrals was high for the game with 29 and Johnny Beasley of Dallas scored 27.

Seals Will Open Long Home Stand

OAKLAND, Calif. (AP)—The Oakland Seals open a six-game home stand tonight at 8 o'clock against the Pittsburgh Penguins, the team the Seals must pass to reach a playoff spot.

The Seals, in last place 13 points behind Pittsburgh in the National Hockey League's Western Division, play Minnesota Saturday night and Toronto Sunday night.

JACK HANLEY

Hart Has Weight Problem Licked

Jim Ray Hart never worried about his weight until last spring when he had a devilish time shedding an excess 10 pounds he carried into spring training. He finally trimmed down to 190 but in the process picked up a severe cold and a touch of tonsillitis.

Hart's hitting in spring exhibition games was deplorable. His third base glove was erratic but that was to be expected. He finished spring training with a .179 average. Naturally, the Giants were worried about their young star.

The Giants opened the season on the road last year and by the time they reached Candlestick they were in a 1-5 hole. Now, it would be horribly unjust to blame Hart for this handicap. They were many reasons for the disappointing 1967 start of the Giants. But one of the reasons was an .000 batting average by Hart in the first four games.

IT TOOK TWO months for Hart to get straightened out. Hart had only 13 RBIs through May 27. For a slugger who knocked in 93 runs in 1966 and 96 in 1965, that was a disgrace. In June Hart's RBI production perked up but it soared after June 27, the day that Herman Franks switched Hart from third base to left field.

Hart hammered 13 home runs in July and his RBIs for the month mounted to 30. He wasn't just hitting homers. His overall average in July was a sizzling .355 (38-for-107). There could be no doubt that Hart was a relaxed ball player or, as he put it, "comfortable in left field." Third base had been agonizing for him.

THIS SPRING HART won't be plagued by the defensive worries of third base. Franks already has made that clear. The Giant manager announced that Hart will be in left field. That cheered Hart who was made even happier by an invitation that indicated the Giant front office has his welfare closely at heart.

The Giant management invited Hart to use the facilities of a downtown San Francisco gym this winter at club expense if he felt it would aid him in keeping his weight at 190.

THUS FAR, Hart has found that only a couple of gym visits were necessary. Obviously, he has the winter weight battle licked. That is the secret to athletic success — staying in shape the year round.

Steelers Announce Signing Of Holman

PITTSBURGH (AP) — The Pittsburgh Steelers announced today they have signed San Jose State quarterback Danny Holman.

Holman was the Steelers' eighth round draft pick, but Coach Bill Austin said he was "both grateful and lucky to be able to select Holman."

Purity ★ All Star Bingo ★ RULES

GET YOUR FREE TICKET AT PURITY! BE READY TO PLAY!

HERE ARE THE EASY-TO-FOLLOW RULES:

1. "ALL-STAR BINGO" Cards available at end of check-out lanes, on request or by mail. Send self-addressed, stamped envelope for each card request to: Purity Stores, 880 Mitten Rd, Burlingame, Calif. (94010). (One card per adult customer per store visit. No purchase necessary. Each card good only for the series shown... Cards void if tampered with in any way.)
2. Mark your numbers in the correct column as they are called on TV's "ALL-STAR BINGO". If you mark 5 numbers in a straight line (including FREE Stars) either horizontal, vertical or diagonal, you win the prize indicated. SPECIAL NOTE: *IF THE TEAM SHOWN ON THE FRONT OF THIS CARD IS THE SAME AS THE WINNING TEAM ON THE "ALL-STAR BINGO" SHOW, YOU HAVE WON DOUBLE YOUR PRIZE!*
3. Cards are good only for the date shown on the back of the card. Valid only when series, date and numbers match the television show.
4. We reserve the right to correct typographical or mechanical errors which might appear in conjunction with this game, including cards, and reject any cards not obtained as above stated. Employees of Purity, their advertising agencies, participating TV Stations, their immediate families and persons under 18 not eligible to win.
5. Winning cards must be taken to a Purity Store for verification by the close of business on the Wednesday immediately following the televised show. Winners will receive their Cash Prizes after verification. Purity reserves the right to verify all winners in it's Burlingame office. Purity's verification will be final. Limit one winner per card.

Medi-Cal Facing Drastic Revamps

SACRAMENTO (UPI) — Gov. Ronald Reagan's administration wants to postpone some medical care services, modify others and eliminate a few, Health and Welfare director Spencer Williams said today.

But Williams said in an interview the administration is exploring a number of possibilities before firmly drafting its Medi-Cal program for the 1968 Legislature.

Under present law, the most dramatic step that could be taken—but an unlikely one—would be to drop 160,000 medically indigent persons from the program.

Williams and other aministration officials often mentioned dropping the medically indigent as a possibility during the November-December special legislative session where they sought more administrative flexibility for the costly program.

But that possibility was avoided, at least for the current fiscal year, when the administration discovered unused funds from other state sources to pay off a $61 million deficit from fiscal 1966-67.

The governor's budget for 1968-69, submitted to the Legislature Monday, contained an appropriation of $336 million for Medi-Cal — despite a projection that without more fiexibility it could reach $402 million.

Reagan told his weekly news conference yesterday the Legislature must grant him more power to administer both welfare and Medi-Cal programs — or face a threat of stiff cuts in other state programs.

The governor said changes in the eligibility requirements for recipients would help in administering the program. He mentioned as one possibility a system of charging medical indigents a basic percentage of their total charge in much the same way some insurance policies deduct a preliminary charge.

Manipulation In Education Blast Hurled

LOS ANGELES (AP) — The president of the State Board of Education asserts that Gov. Ronald Reagan and Dr. Max Rafferty have manipulated the public school system for their own political purposes.

President Dorman Commons said he had not previously criticized Reagan or Rafferty, state superintendent of public instruction, in the interest of harmony.

But now, he said, "I am increasingly alarmed that Californians are unaware of the nature or the extent of the threat to public education at all levels posed by the present state administration."

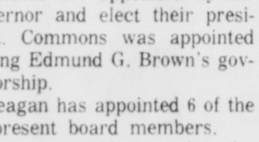
Commons, a Democrat, is vice president of Occidental Petroleum Corp. Education board members are appointed by the governor and elect their president. Commons was appointed during Edmund G. Brown's governorship.

Reagan has appointed 6 of the 10 present board members.

Commons said yesterday the resignation of one board member to accept a seat on the newly created statewide junior collegal board, was "a political buy-off." He said the "administration was . . . anxious to gain control of this formerly prestigious board in this election year, with both the governor and superintendent obviously striving for higher office."

British generals considered Charlotte, N.C., a "hornet's nest of rebellion" before the Revolutionary War. The city now uses a hornet's nest in its corporate seal.

"Drive" the Inside Passage to the Fabulous North



"QUEEN OF PRINCE RUPERT"
1968 SCHEDULE FROM MARCH 28
Northbound:
Tuesdays and Thursdays.
Southbound:
Wednesdays and Saturdays.
From May 17 sailings every second day.

You'll thrill to the tangy salt air, snow-capped peaks, coastal fjords and islets between Kelsey Bay and Prince Rupert. The cruise takes 20 hours (overnight). On board there are staterooms, dining rooms, and coffee shop. By car or motorcoach plan a circle trip to Alaska and north-central British Columbia. $119,404 From Highway Taxes

SACRAMENTO (CNS) — State Controller Houston I. Flournoy reported yesterday that Marin county's share of highway users taxes distributed in December was $119,404.

Statewide, the distribution totaled $49,052,362, Flournoy said. This included $26,887,397 for the state highway fund for expenditure on state highways; $12,711,448 directly to the counties, and $9,453,517 to the cities.

Allocations to cities in the county included Belvedere, $2,071; Larkspur, $5,702; Ross, $2,179; Sausalito, $4,706; Corte Madera, $5,670; Mill Valley, $8,080; San Anselmo, $8,851; Tiburon, $4,314; Fairfax, $5,140; Novato, $18,975; San Rafael, $22,381.

SACRAMENTO SUMMARY

By ASSOCIATED PRESS

THE ASSEMBLY

Bills introduced:

Elections — Charges primary election date from June to August in non-presidential election years; AB 439, Fenton, D-Montebello.

Bids — Requires contractors and subcontractors to adhere to stricter procedures to prevent chiseling on construction bids; AB 432, Zenovich, D-Fresno.

Jurors — Allows any municipal court district to use the same jury panel as summoned for use in the superior court; AB 431, Zenovich.

Appraisers — Exempts members of the American Institute of Appraisers from the 24-hour annual training period required for certified appraisers; AB 429, Veneman, R-Modesto.

Copyright — Allows any school board to sell, give or exchange published materials with any person or institution, and to license use of copyrights held by the board to such persons; AB 435, Veysey, R-Brawley.

Teachers — Repeals provisions in the State Teachers Retirement System enacted in 1967 required contributions for administrative costs; AB 437, Shoemaker, D-Lompoc.

THE SENATE

Bill passed:

Congress — Makes technical changes in 1967 congressional reapportionment bill; AB 232, Fenton, D-Montebello.

Bills introduced:

Party — Repeals law barring new political party candidates from nonpresidential ballot; SB 241, Alquist, D-San Jose.

Welfare — Raises basic aid for dependent children by $60 a month for one year; SB 238, Short, D-Stockton. Boosts minimum grant to aged by $10; SB 237, Short.

Budget — Allocates $5.7 billion to run state in coming year; SB 240, Miller, D-Martinez.

Bonds — Allows municipal water districts to issue bonds without vote of people in some circumstances; SB 244, Cologne, R-Indio.

Board — Provides that State Board of Education members shall be elected from districts, rather than appointed by governor; SB 246, Carrell, D-San Fernando.

Cigarette Tax Share: $7,793

SACRAMENTO (CNS) — Marin County has received $7,793 from cigarette tax collections, distributed in December, State Controller Houston I. Flournoy reported yesterday.

When the cigarette tax was increased from 3 cents to 10 cents per package last year, it was provided 30 per cent of the new total tax, about 3 cents per package, would be apportioned to the counties and cities.

The statewide distribution to cities and counties in December was $5,639,354, Flournoy reported.

Cigarette taxes distributed to cities in Marin County included Belvedere, $167; Larkspur, $1,386; Ross, $104; Sausalito, $3,819; Corte Madera, $4,172; Mill Valley, $2,047; San Anselmo, $1,827; Tiburon, $1,034; Fairfax, $957; Novato, $4,450; San Rafael, $19,129.

Smoke Smuggle Hearing Opens

SACRAMENTO (AP) — An Assembly committee opened a hearing today to find out if there has been any cigarette smuggling into California since the state tax was increased.

"Since California's cigarette tax increased to 10 cents, monthly taxable cigarette sales have declined about 11 to 16 per cent compared to 1966 sales," said Chairman John G. Veneman, R-Modesto, of the Assembly Revenue and Taxation Committee.

The State Board of Equalization has reported the theft of some cigarettes from warehouses, but little smuggling.

57TH BIRTHDAY FOR GOVERNOR

SACRAMENTO (AP) — Gov. Ronald Reagan took time out yesterday from sessions on his proposed budget to celebrate his 57th birthday.

The party was given by Mrs. Reagan and members of his staff in the governor's office. Also on hand for the candle-blowing event was Reagan's 9-year-old son Skipper.

Although Westminster Abbey is now a place for the coronation of English kings and burial of famous British dead, is was built in the Middle Ages as a home for a group of Benedictine monks who lived a very simple life there.

Fire Station Bids Far Above Estimates

The lowest of nine bids received Monday on construction of the new Kentfield District fire station was $308,000, $108,000 more than the estimated cost.

Fire Chief Kenneth Kamp, who has been using the estimate of $200,000, yesterday admitted some surprise at the high bids, but said the district board is still scheduled to review them at 8 p.m. Monday at the fire station, College Avenue and Sir Francis Drake Boulevard.

He added, however, that the architects, Bushnell, Jessup, Murphy and Van De Weghe of San Francisco, had made a somewhat adjusted estimate of $236,000 prior to receiving the bids. "It's higher than we figured," he said. "There's no way of knowing whether they (the board) will take it. We'll just have to wait and see."

The low bid was submitted to the architects by Commercial Construction Co., San Francisco. Other bidders were Joseph DiGiorgio and Son, San Rafael, $323,150; Todd Construction Co., Santa Rosa, $325,758; Colombini Construction Co., Santa Rosa, $331,000; Filippo Construction Co., $333,033; Balliet Brothers Construction Co., San Francisco, $339,756; Meyers Construction Co., Richmond, $344,400; Ira W. Coburn Co., San Francisco, $349,000; and Midstate Construction Co., San Francisco, $367,000.

The station, to be erected at the same intersection, will have sleeping quarters for 16 firemen, three offices, a study and club room, kitchen, alarm room, maintenance shop and a garage.

University Of Pacific Official Will Speak

Elliott Taylor, dean of admissions of the University of the Pacific at Stockton will offer information about the university at a meeting for prospective students and their parents at 7:30 p.m. tomorrow at the little theater of Sir Francis Drake High School, San Anselmo.

Slides of the university will be shown at a meeting for parents of students at 3 p.m. Sunday at the home of Mr. and Mrs Stanley G. Breyer, 511 Goodhill Road, Kentfield.

DR. JAMES M. HUNDLEY
Heart association chief

The ancient art of bagpiping is more popular than ever.

Marinite To Direct Heart Association

Dr. James M. Hundley of San Rafael has been named executive director of the American Heart Association.

Hundley will take over Sept. 1 on the retirement of Rome A. Betts after 20 years as head of the national organization.

Hundley is executive director of the Institute of Medical Sciences of Presbyterian Medical Center, San Francisco.

He has been a nutrition adviser to the United Nations, serving in Europe, Asia and Africa. Hundley was an assistant U. S. surgeon general from 1960 to 1966.

He has done research on the effects on the heart of thiamine deficiences for the National Institute of Health. From 1951 to 1956 he was chief of laboratory research for the National Institute of Arthritis and Metabolic Diseases and later became chairman of a surgeon general study group on organization of the U. S. Public Health Service.

Americans concluded the Revolutionary War's last major campaign at Yorktown in 1781. Their French allies continued to fight the English elsewhere in the world for nearly two years while diplomats negotiated a peace settlement.

Marinwood Man Fined On Poaching

A Marinwood man and two other men were convicted in Santa Rosa yesterday of trespassing on fenced land to go hunting.

Judge Albert F. Scheidecker of Santa Rosa's Central Municipal Court levied $100 fines against William J. Newman, 390 Peachstone Terrace; Michael M. Weigener, 27, South San Francisco, and Joseph D. Hadaway, 29, of Petaluma.

Judge Sheidecker also sentenced the tree to 60 days in the Sonoma County Jail, but suspended the sentences and placed them on three years probation. He directed them to get written permission from property owners if they ever go hunting in the area again.

Another trespassing charge against Weigener was dismissed, as was a trespassing charge against Newman and George Sequiera, 27, of 200 Miller Creek Road, Marinwood.

Actress Files For Divorce

ROME (AP)—Film star Carroll Baker filed suit for a divorce from Jack Garfein in Los Angeles last week, a spokesman for Miss Baker said today.

Miss Baker is making a picture in Rome.

The couple has two children, Blanche, 11, and Herschel, 10.

and SAVINGS TOO!

A Salute to 190 New Eagle Scouts

Highest level in Scouting is the rank of Eagle Scout. It symbolizes mastery of many skills and achievement of many goals. Although many seek it, few reach this proud rank.

Tonight, at a huge banquet in the Mark Hopkins Hotel, 190 young men of the Bay Area will be honored for recent advancement to Eagle Scout. Each Eagle Scout will be accompanied at the banquet by a leading businessman, professional man, or other prominent citizen of the community.

We wish to add our congratulations to these outstanding representatives of the Boy Scouts of America, and to the civic leaders who will help to make tonight a memorable evening.

mayfair SUPERMARKETS

Try a Little Tenderness!

BLUE CHIP STAMPS

In fact, try a LOT of tenderness because that's what Mayfair meats are famous for! We're so confident of the flavor and tenderness of our USDA CHOICE Beef and Lamb that we'll give you DOUBLE YOUR MONEY BACK if you aren't fully satisfied. And say! Wouldn't you just LOVE to win something? Well you can at Mayfair! Everyone wins something and there's no purchase necessary to play...

sure THINGO
